## **Systematic Theology Of The Christian Religion:**

*A New Systematic Theology of the Christian Faith* Robert L. Reymond, 2010-01-31 A contemporary foundational statement of classic reformed faith now revised and updated Comprehensive coherent contextual and conversational Scripture saturated with more exegesis and more Scripture quotations than other one volume theologies Upholds classic Calvinist positions on baptism the Trinity church government and much more Interacts with contemporary issues and the work of other theologians Reveals the author's warmth and sensitivity born of more than 25 years as a professor at leading Reformed seminaries Numerous appendices covering special topics abundant resources for further study through footnotes and a selective bibliography A textbook for theology students a life long reference for libraries ministers teachers and professional theologians

*The Christian Faith* Michael Horton, 2011-01-04 Theology the study of God is a concern for every believer not just theologians or those in ministry It's the goal of good theology to humble us before the triune God of majesty as we come to understand him better This is a book of and about good theology Award winning author theologian and professor Michael Horton wrote *The Christian Faith* as a book of systematic theology and doctrine that can be preached experienced and lived as well as understood clarified and articulated It's written for a growing cast of pilgrims in ministry and laity who are interested in learning about Christ as a way of living as a Christian Who understand that knowing doctrine and walking in practical Christianity are not competing interests *The Christian Faith* is divided into six parts five of which each focus on an aspect of God while the first part sets up an understanding and appreciation for the task of theology itself addressing topics like The source of theology where the idea of theology comes from and what its limits are The origin of the canon how the modern Bible came about and why we can trust it The character of theology is the nature of theology practical theoretical or can it be both In a manner equally as welcoming to professors pastors students and armchair theologians Horton has organized this volume in a readable fashion that includes a variety of learning features A brief synopsis of biblical passages that inform certain doctrines Surveys of past and current theologies with contemporary emphasis on exegetical philosophical practical and theological questions Substantial interaction with various Christian movements within the Protestant Catholic and Orthodoxy traditions as well as the hermeneutical issues raised by postmodernity Charts sidebars questions for discussion and an extensive bibliography divided into different entry levels and topics At the heart of this book is a deep love for and curiosity about God Its basic argument is that a personal relationship with God goes hand in hand with the pursuit of theology It isn't possible to know God without studying him

**Systematic Theology** Wayne A. Grudem, 1994 An introduction to theology that provides information on the scriptural basis for religious doctrines and their applications to the modern world

*Systematic Theology (Dogmatik)* Wilhelm Herrmann, 2013-04-16

**Foundations of Systematic Theology** Thomas G. Guarino, 2005-05-01 Guarino argues in this book that the doctrinal form of the Christian faith in its essential characteristics calls for certain theoretical exigencies This is to say that the proportion and beauty of the form is not

served or illuminated by simply any presuppositions Rather a determinate understanding of first philosophy of the nature of truth of hermeneutical theory of the predication of language and mutual correlation is required if Christian faith and doctrine are to maintain a recognizable and suitably mediative form Failing to adduce specific principles will lead either to a simple assertion of Christian truth in which case the form of Christianity becomes less intelligible and attractive or one will substitute a radically changed form which is itself inappropriate for displaying the fundamental revelatory narrative of faith The house of Christian faith possesses a certain proportion of structure the form will sag badly if one removes an undergirding item or if one beam is replaced with another of variable shape or size The form's beauty will either be obscured no longer clearly visible or the form will become something quite different no longer architectonically related to what was originally the case The intention of this book is to discuss those doctrinal characteristics considered fundamental to the Christian faith as protective of its revelatory form and concomitantly to examine the theoretical principles required if such form is to remain both intelligible and beautiful

A Systematic Theology of the Christian Religion James Oliver Buswell, 1982
