Wetmore, Jr., 2014-01-10

The reimaged television series Battlestar Galactica 2005 to 2009 on the Sci Fi Channel features religion and theology among its central concerns but does not simply use its myriad faiths as plot devices or background material Battlestar Galactica is in and of itself a theological text Over the course of 87 episodes and two television movies the series narrative arc explores the meanings of salvation prophecy exile apocalypse resurrection and messianism and clearly demonstrates the working of a divine will in a material world The book offers a systematic theology for each of Battlestar Galactica's invented religions and surveys echoes of American Christianity in the groundbreaking series Reformed Systematic Theology, Volume 3 Joel Beeke, Paul M. **An Introduction to Theology in Global Perspective** Stephen B. Bevans, 2009 Abraham Joshua Heschel Shai Held, 2020-03-20 Through Heschel Held's work reaches out more broadly to treat us to a profound discussion of the great issues in contemporary Jewish theology Arthur Green Hebrew College Rabbinical School Abraham Joshua Heschel 1907-1972 was a prolific scholar impassioned theologian and prominent activist who participated in the black civil rights movement and the campaign against the Vietnam War He has been hailed as a hero honored as a visionary and endlessly quoted as a

devotional writer In this sympathetic yet critical examination Shai Held elicits the overarching themes and unity of Heschel's incisive and insightful thought Focusing on the idea of transcendence or the movement from self-centeredness to God-centeredness Held puts Heschel into dialogue with contemporary Jewish thinkers Christian theologians devotional writers and philosophers of religion Shai Held's book is a master class in one of the most significant Jewish voices of our time Tablet In this lucid and elegant study one of the keenest minds in Jewish theology in our time probes the vision of one of the most profound spiritual writers of the twentieth century uncovering a unity that others have missed and shedding light not only on Heschel but also on the characteristically modern habits of mind that impede the knowledge of God The book is especially valuable for the connections it draws with other philosophers theologians and spiritual writers Jewish and Christian Enthusiastically recommended Jon D Levenson Harvard University A thoughtful illuminating new study of Heschel's thought It is one of the many virtues of Shai Held's book that it helps us to place Heschel alongside not only Kaplan but Halevi Horovitz and Rav Nahman as well as the Psalmist Jewish Review of Books

*The Trinitarian Christology of St Thomas Aquinas* Dominic Legge, 2017 The Trinitarian Christology of St Thomas Aquinas brings to light the Trinitarian riches in Thomas Aquinas's Christology Dominic Legge O P disproves Karl Rahner's assertion that Aquinas divorces the study of Christ from the Trinity by offering a stimulating re-reading of Aquinas on his own terms as a profound theologian of the Trinitarian mystery of God as manifested in and through Christ Legge highlights that for Aquinas Christology is intrinsically Trinitarian in its origin and its principles its structure and its role in the dispensation of salvation He investigates the Trinitarian shape of the incarnation itself the visible mission of the Son sent by the Father implicating the invisible mission of the Holy Spirit to his assumed human nature For Aquinas Christ's humanity at its deepest foundations incarnates the very personal being of the divine Son and Word of the Father and hence every action of Christ reveals the Father is from the Father and leads back to the Father This study also uncovers a remarkable Spirit Christology in Aquinas Christ as man stands in need of the Spirit's anointing to carry out his saving work his supernatural human knowledge is dependent on the Spirit's gift and it is the Spirit who moves and guides him in every action from Nazareth to Golgotha

*Historical Dictionary of Catholicism* William J. Collinge, 2021-08-15 This work covers the whole history of Catholicism including the periods of Christian history prior to the present divisions into Catholic Orthodox and Protestant but within the earlier periods it focuses on the story line that leads to Catholicism in the Roman Rite and particularly to Roman Catholicism in the United States The Historical Dictionary of Catholicism Third Edition contains a chronology an introduction and an extensive bibliography The dictionary section has more than 500 cross-referenced entries on important persons and places as well as themes such as baptism contraception labor church architecture the sexual abuse crisis Catholic history doctrine and theology spirituality and worship moral and social teaching and church structure This book is an excellent resource for students researchers and anyone wanting to know more about Catholicism

**Has God Said?** John Douglas Morrison, 2006-03-01 Has God said Has God actually spoken

declared himself and his purposes to us Historically the Christian faith has affirmed God's redemptive revelatory speaking as historical contentful redemptive centrally in Jesus Christ and under Christ and by the Spirit in the text of Holy Scripture But in the past three centuries developments in Western culture have created a crisis in relation to historical divine authority The modern reintroduction of destructive dualisms cosmological and epistemological via Descartes Newton Spinoza and Kant have injured not only the physical sciences e.g. positivism but Christian theology as well The resulting eclipse of God has permeated Western culture In terms of the Christian understanding of revelation it has meant the separation of God from historical action the rejection of God's actual self declaration and especially in textual form Holy Scripture After critical analysis of these dualistic developments this book presents the problematic effects in both Protestant Schleiermacher Bultmann Tillich and Roman Catholic Rahner Dulles theology The thought and influence of Karl Barth on the nature of Scripture is examined and distinguished from most Barthian approaches The effects of dualistic Barthian thought on contemporary evangelical views of Scripture Pinnock Fackre Bloesch are also critically analyzed and responses made Helm Wolterstorff Packer The final chapter is a christocentric multileveled reformulation of the classical Scripture Principle via Einstein Torrance and Calvin that reaffirms the church's historical identity thesis that Holy Scripture is the written Word of God a crucial aspect of God's larger redemptive revelatory purpose in Christ **Spirit-Word-Community** Amos

Yong, 2017-11-22 This title was first published in 2002 How does one go about doing Christian theology Yong explores this question by proposing a pneumatological trinitarian hermeneutic Its thesis is that interpretation and theological method is an ongoing tri-logic of Spirit Word Community of interpretive subjects as imaginative obligated and relational agents of the horizons of the interpreter the biblical and ecclesial traditions and the world and of founding historical and ongoing communities of faith and inquiry Ecumenical perspectives on the topics of pneumatology the doctrine of the Spirit metaphysics foundational pneumatology epistemology the pneumatological imagination and trinitarian theology converge in this book to move forward the present discussion of theological method The Doctrine of Revelation Gabriel J. Fackre, 1997

This book ventures a new interpretation of revelation The author discusses the major themes in the narrative of revelation engaging critically with four of the century's giants in theology Karl Barth Paul Tillich Karl Rahner and Carl Henry These represent the four major phases in the narrative of revelation and Fackre addresses these alternative views in twentieth century theology through in depth inquiry and critical analysis The Doctrine of Revelation challenges reductionist views and strives for an ecumenical understanding that appropriates the insights from a variety of schools of thought **Exotheology**

Joel L. Parkyn, 2023-08-31 Since antiquity theology has frequently gone hand in hand with the study of the heavens Speculation regarding the plurality of worlds and the possibility of intelligent life beyond Earth has posed questions for and been stimulated by Christian theology Advancements in astronomy and astrophysics now reveal a vast universe containing trillions of galaxies Each new exoplanet discovered brings with it a new context in which to consider the place of humanity

and the role of divinity in relation to creatures In particular the Christian doctrines of the incarnation and redemption must be understood afresh in light of the likelihood of extraterrestrial life In Exotheology Joel L Parkyn examines the twin historic developments in scientific and theological thought on extraterrestrials from antiquity to the twenty first century In doing so he demonstrates a consistent pattern of theological formulations that allow for a distinct relation between Christianity and extraterrestrial life but this has so far been without sufficient resolution Applying concepts from anthropology psychology and sociology to putative extraterrestrials he explores in new depth the implications of contact and argues for a divine pedagogy of potential modalities of supernatural presence and action with extraterrestrial intelligences **Created in**

**God's Image** Gonzalez, Michelle A.,2014-04-10 So God created humankind in his image in the image of God he created them male and female he created them Genesis 1 27 For centuries the creation story in Genesis 1 has been a foundation for Christian understandings of the human being In particular this egalitarian vision of women as well as men being created in the image of God has been a lynchpin to feminist claims for equality in the church and society But as Michele Gonzalez shows feminist theology has struggled against a long contrary tradition in which women s claim to represent the image of God was seen as deficient or secondary to men In tracing the history of this contested theme Gonzalez presents an introduction to the field of feminist anthropology Ultimately she argues a new understanding of imago Dei in women must be rooted in a new understanding of God grounded in yet critical of the Christian tradition Forming the Church in the Modern World Thomas

A. Baima,2019 This book examines and comments on various aspects of the theology of Avery Cardinal Dulles SJ It demonstrates how important his ideas were in forming our current understanding of church and theology **Freeing**
