Ariel offers the first comprehensive history of Protestant evangelization of Jews in America to the present day. Based on unprecedented research in missionary archives as well as Jewish writings, the book analyzes the theology and activities of both the missions and the converts and describes the reactions of the Jewish community which in turn helped to shape the evangelical activity directed toward it. Ariel delineates three successive waves of evangelism: the first directed toward poor Jewish immigrants, the second toward American born Jews trying to assimilate, and the third toward Jewish baby boomers influenced by the counterculture of the Vietnam War era. After World War II, the missionary impulse became almost exclusively the realm of conservative evangelicals as the more liberal segments of American Christianity took the path of interfaith dialogue. As Ariel shows, these missionary efforts have profoundly influenced Christian Jewish relations. Jews have seen the missionary movement as a continuation of attempts to delegitimize Judaism and to do away with Jews through assimilation or annihilation. But to conservative evangelical Christians who support the State of Israel, evangelizing Jews is a manifestation of goodwill toward them.

This book offers the first large scale investigation into the attitude of the historical Jesus towards covenant belief, the dominant theme of the Judaism of Jesus' day. The book, intended as part one of a two volume investigation, takes its point of departure in a simple question which nevertheless integrally reflects the covenant thinking of the time: Was Jesus engaged in trying to find out how to remain faithful to the covenant? Current scholarship underlines both the importance of the covenant belief for early Judaism and the need for considering Jesus as being within Judaism. Studying how Jesus viewed the covenant leads right to the heart of the matter, both illuminating his relation to Judaism and providing a significant, still unexamined vantage point for his proclamation.
