Systematic Theology (Vol. 1-3) Augustus Hopkins Strong, 2023-11-15 In Systematic Theology Augustus Hopkins Strong presents a comprehensive examination of Christian doctrine integrating scripture historical theology and philosophical thought within a robust systematic framework Spanning three volumes this work is characterized by Strong s rigorous analytical style making complex theological concepts accessible to both scholars and lay readers The context of Strong s writing influenced by the tumultuous intellectual landscape of the late 19th century communicates his endeavor to articulate a coherent theological position that resonates with contemporary challenges while remaining faithful to biblical orthodoxy Strong an influential American Baptist theologian and educator served as the president of Rochester Theological Seminary His deep commitment to both scholarly rigor and pastoral practice is evident throughout Systematic Theology Fueled by a desire to reconcile faith with emerging scientific and philosophical ideas of his time Strong meticulously constructs a theology that not only addresses the needs of his contemporaries but also lays a foundation for future discourse Readers seeking a thorough and well reasoned exploration of Christian theology will find Systematic Theology an indispensable resource Strong s work not only invites reflection on theological concepts but also challenges readers to engage critically with their faith in an increasingly complex world **The Spectator** ,1871 A weekly review of politics literature theology and art **The Christian Union** ,1883 **Creation in Paul and Philo** Jonathan D. Worthington, 2011 God s creative activity in the beginning is important to many aspects of Paul s theology Jonathan Worthington explores Paul s protology by analyzing his interpretation of scripture concerning creation mainly the beginning of Genesis By examining Paul s exegetical manoeuvres within 1 2 Corinthians and Romans and by comparing these with the contemporary but more detailed treatments of the same texts by Philo of Alexandria in his formal commentary on Genesis 1 2 De Opificio Mundi the author uncovers an approach to creation that is fundamental to both ancient interpreters Paul s interpretation of creation like Philo s in his commentary contains three interwoven aspects the beginning of the world the beginning of humanity and God s intentions before the beginning Recognizing this basic hermeneutical interplay between the Beginning and the Before facilitates a more appropriate comparison between Paul and Philo as well as a more adequate treatment of difficult and debated passages in both interpreters regarding creation Idiot, Sojourning Soul Justin Rosolino, 2020-01-29 What is Christianity What s it

supposed to be In a world where Trump Obama Putin and Lady Gaga all claim Christianity as their spiritual home it s not an easy question to answer Part memoir part historical theological analysis Idiot Sojourning Soul tells the story of one former skeptic s exploration of Christian spirituality Justin Rosolino was raised in a post Christian context where all gods were up for grabs and all truth claims equally dubious While studying political theory in college Justin found himself drawn to the writings of Augustine Kierkegaard and Martin Luther King Jr Much to his surprise he resonated with their profoundly Christian accounts of human nature desire lack and love With wit and scholarly precision Idiot examines Christianity s historical development from its ancient beginnings to its current and confounding condition The result is a must read for anyone who s ever wondered what Jesus was really up to and why contemporary Christianity bears so little semblance to its namesake

Jürgen Moltmann and the Work of Hope M. Douglas Meeks, 2018-10-31 These essays reflect on the future of Christian theology in light of the contributions Jürgen Moltmann has made in his prolific career as one of the world s foremost theologians They are not a prediction of what is coming in the future of theology since God s own actions and human history for that matter are not predictable Expressed here is hope for what future theology should take

seriously from Moltmann's work Moltmann broke the mold of 19th and 20th century theology by focusing consistently on God's promises of a new heaven and a new earth The result was a theological imagination that is utterly realistic delighting in the creative tension of theology that lives in an unfinished open field of negations and possibilities Hope for the promised future of God casts its light on present sufferings that contradict that future The prominent themes here focus on the contradictions of God's promises and God's justice The essays see clearly the human domination that leads to the oppression of nature the hatred of the poor the dominance of one gender over the other the migration of those who find no home in their homeland and the wounds of neocolonialism For Moltmann these sufferings do not belong simply to ethics but to the heart of theology The doctrines of creation redemption and new creation are fully engaged in the political economic ecological and social problems of this time Here lies the way ecumenism will be reborn in the future The essays argue that theology should not turn aside from Moltmann's main theme of the resurrection of the Crucified One and of the presence of God's future in the present Hope opens our eyes to the work of God's Spirit of Life and the affirmation of eternal life in the present The future of Christian theology should not miss the theme of joy in the face of sin death and evil and the celebration of God's cosmic all inclusive future in which God will be at home in God's creation Hodge's Systematic Theology Volume III - Soteriology
