combines superb historical research with a compelling narrative The Seattle Times The Arab Revolt against the Turks in World War I was in the words of T E Lawrence a sideshow of a sideshow As a result the conflict was shaped to a remarkable degree by a small handful of adventurers and low level officers far removed from the corridors of power At the center of it all was Lawrence himself In early 1914 he was an archaeologist excavating ruins in Syria by 1917 he was riding into legend at the head of an Arab army as he fought a rearguard action against his own government and its imperial ambitions Based on four years of intensive primary document research Lawrence in Arabia definitively overturns received wisdom on how the modern Middle East was formed One of the Best Books of the Year NPR The Christian Science Monitor The Seattle Times St Louis Post Dispatch Chicago Tribune The Life and World of Francis Rodd, Lord Rennell (1895-1978) Philip Boobbyer, 2021-01-20 This book is a biographical study of the geographer explorer and banker Francis Rodd the second Lord Rennell of Rodd 1895 1978 Rodd s life is interesting for the way it connected the worlds of geography international finance politics espionage and wartime military administration He was famous in the 1920s for his journeys to the Sahara and his study of the Tuareg People of the Veil 1926 A career in banking included a stint at the Bank of England before he became a Partner in the merchant bank Morgan Grenfell where remained for most of his working life 1933 1961 During the war he worked for the Ministry of Economic Warfare 1939 40 before getting closely involved in the sphere of military government civil affairs In 1942 he was War Office s Chief Political Officer in East Africa He was then appointed head of the first Allied Military Government in occupied Europe Chief Civil Affairs Officer of AMGOT In civil affairs he was drawn to the principles of indirect rule A generalist in an age of growing specialisation he was also a mixture of traditionalist and moderniser A product of Eton and Balliol College Oxford and elevated to the peerage in 1941 he was well connected socially and his life is a window onto British society at a time of great change *Lawrence of Arabia's Secret Dispatches During the Arab Revolt, 1915-1919* T.E. Lawrence, 2022-07-08 T E Lawrence s dispatches during the Arab Revolt have been published before but only in an edited and incomplete form as they were printed for a strictly limited wartime readership in the Arab Bulletin Now in this scholarly edition they are published in full for the first time They give us a direct inside view of his dealings with the Arab leaders and show us how he presented them to his superiors in Cairo These wartime writings reveal vividly his impressions of the periods he spent in the desert and the conditions he found there and they record how the Arab uprising developed and how he became increasingly involved in it They make fascinating reading for in his sometimes outspoken way he reported on the military potential of the Arab fighters and recommended how they should be supported in their struggle against the Ottoman empire This new collection of his dispatches is a valuable addition to the literature on Lawrence for it allows readers to trace the course of the revolt as he wrote about it at the time They are printed in chronological order with full explanatory notes The editor Fabrizio Bagatti provides a perceptive introduction which sets them in their wartime context fills in the military and political background to the strategic situation in the Middle East and describes Lawrence s important

role as an intermediary between the Arabs and the British Beyond the Epic Gene D. Phillips, 2006-11-24 Two time Academy Award winner Sir David Lean 1908 1991 was one of the most prominent directors of the twentieth century responsible for the classics *The Bridge on the River Kwai* 1957 *Lawrence of Arabia* 1962 and *Doctor Zhivago* 1965 British born Lean asserted himself in Hollywood as a major filmmaker with his epic storytelling and panoramic visions of history but he started out as a talented film editor and director in Great Britain As a result he brought an art house mentality to blockbuster films Combining elements of biography and film criticism *Beyond the Epic The Life and Films of David Lean* uses screenplays and production histories to assess Lean's body of work Author Gene D Phillips interviews actors who worked with Lean and directors who knew him and their comments reveal new details about the director's life and career Phillips also explores Lean's lesser studied films such as *The Passionate Friends* 1949 *Hobson's Choice* 1954 and *Summertime* 1955 The result is an in depth examination of the director in cultural historical and cinematic contexts Lean's approach to filmmaking was far different than that of many of his contemporaries He chose his films carefully and as a result directed only sixteen films in a period of more than forty years Those films however have become some of the landmarks of motion picture history Lean is best known for his epics but Phillips also focuses on Lean's successful adaptations of famous works of literature including retellings of plays such as *Brief Encounter* 1945 and novels such as *Great Expectations* 1946 *Oliver Twist* 1948 and *A Passage to India* 1984 From expansive studies of war and strife to some of literature's greatest high comedies and domestic dramas Lean imbued all of his films with his unique creative vision Few directors can match Lean's ability to combine narrative sweep and psychological detail and Phillips goes beyond Lean's epics to reveal this unifying characteristic in the director's body of work *Beyond the Epic* is a vital assessment of a great director's artistic process and his place in the film industry *All the World at War* James Charles Roy, 2024-05-31 While battles and wars and the clash of civilizations are as old as time itself there is little doubt that the conflagration of 1914 1918 was something unique and terrifyingly new There was not a corner of the globe that did not feel its effects some more than others but the scope of its impact on economies populations food supplies the character of governments in general and the day to day lives of numberless ordinary people were such as the world had never experienced nor expected Little did anyone dream that the assassination of relatively minor figures of the Habsburg royal family Archduke Ferdinand of Austria and his wife carried out by an unknown Serbian teenager on the street corner of an obscure town called Sarajevo that few had ever heard of could possibly provide a spark that would plunge the entire European continent into an industrialized war of catastrophic destruction But it did the two shots that youth fired were surely heard around the world and several million people would perish or be maimed as a result The story of World War I has been told by many different writers historians and participants in many different ways especially so before and during the centennial of its events that just concluded *All the World at War* stands apart from many of these standard studies It presents a familiar story from points of view that many readers might find surprising unexpected

details different perspectives atypical and generally insightful observations from contemporaries often obscure to modern readers who witnessed the events and personalities that pushed the war along from phase to phase The narrative is chronologically arranged beautifully written with something new or intriguing on every page This is a unique and finely paced account of The War to End all Wars that didn't

The Arabian Desert in English Travel Writing Since 1950 Jenny Walker, 2022-12-30 Broadly this book is about the Arabian desert as the locus of exploration by a long tradition of British travellers that includes T E Lawrence and Wilfred Thesiger more specifically it is about those who since 1950 have followed in their literary footsteps In analysing modern works covering a land greater than the sum of its geographical parts the discussion identifies outmoded tropes that continue to impinge upon the perception of the Middle East today while recognising that the laboured binaries of East and West desert and sown noble and savage have outrun their course Where however only a barren legacy of latent Orientalism may have been expected the author finds instead a rich seam of writing that exhibits diversity of purpose and insight contributing to contemporary discussions on

travel and tourism intercultural representation and environmental awareness By addressing a lack of scholarly attention towards recent additions to the genre this study illustrates for the benefit of students of travel literature or indeed anyone interested in Arabia how desert writing under the emerging configurations of globalisation postcolonialism and ecocriticism acts as a microcosm of the kinds of ethical and emotional dilemmas confronting today's travel writers in the world's most extreme regions

Politics, Identity, and Mobility in Travel Writing Miguel A. Cabañas, Jeanne Dubino, Veronica Salles-Reese, Gary Totten, 2015-06-26 This collection examines the intersections between the personal and the political in travel writing and the dialectic between mobility and stasis through an analysis of specific cases across geographical and historical boundaries The authors explore the various ways in which travel texts represent actual political conditions and thus engage in discussions about national transnational and global citizenship how they propose real world political interventions in the places where the traveler goes what tone they take toward political or socio political violence and how they intersect with political debates Travel writing can be viewed as political in a purely instrumental sense but as this volume also demonstrates travel writing's reception and ideological interventions also transform personal and cultural realities This book thus examines the ways in which politics material effects inform and intersect with personal experience in travel texts and engage with travel's dialectic of mobility and stasis In spite of globalization and efforts to eradicate the colonial vision in travel writing and in travel writing

criticism this vision persists in various and complex ways While the travelogue can be a space of discursive and direct oppression these essays suggest that the travelogue is also a narrative space in which the traveler employs the genre to assert authority over his or her experiences of mobility This book will be an important contribution for interdisciplinary scholars with interests in travel writing studies global and transnational studies women s studies multicultural studies the social sciences and history
