T S Eliot And The Romantic Critical Tradition

Patricia Waugh

T S Eliot And The Romantic Critical Tradition:

T. S. Eliot and the Romantic Critical Tradition Edward Lobb, 2015-12-22 Edward Lobb's study first published in 1981 is a thorough examination of Eliot's relation to Romantic criticism. This title also makes extensive use of Eliot's Clark Lectures on metaphysical poetry. Delivered in 1926, the lectures complete the picture of literary history set out in Eliot's published work and are the author believes essential to a full understanding of the poet's ideas and their place in tradition. Drawing on a wide variety of primary sources and earlier scholarship, *T S Eliot and the Romantic Critical Tradition* will be of interest to students of literature. *Sixteen Modern American Authors* Jackson R. Bryer, 1989 Praise for the earlier edition: Students of modern American literature have for some years turned to *Fifteen Modern American Authors* 1969 as an indispensable guide to significant scholarship and criticism about twentieth century American writers. In its new form *Sixteenth Modern American Authors* it will continue to be indispensable. If it is not a desk book for all Americanists, it is a book to be kept in the forefront of the bibliographical compartment of their brains. *American Studies* **Literary Theory and Criticism** Patricia Waugh, 2006 This volume offers a comprehensive account of modern literary criticism, presenting the field as part of an ongoing historical and intellectual tradition. Featuring thirty-nine specially commissioned chapters from an international team of esteemed contributors, it fills a large gap in the market by combining the accessibility of single-authored selections with a wide range of critical perspectives. The volume is divided into four parts. Part One covers the key philosophical and aesthetic origins of literary theory, while Part Two discusses the foundational movements and thinkers in the first half of the twentieth century. Part Three offers introductory overviews of the most important movements and thinkers in modern literary theory, and Part Four looks at emergent trends and future directions. *T. S. Eliot and Ideology* Kenneth Asher, Kenneth George Asher, 1995 Setting out to demonstrate the effect of politics on the work of T S Eliot, *T S Eliot and Ideology* charts first of all the influence of French reactionary thinking on Eliot's prose and poetry and further argues that this political inheritance provided the intellectual framework he employed throughout his career. Asher's concentration on the specifically ideological separates this book from previous works on Eliot and sheds light on Eliot's celebrated mid-career conversion to Catholicism. What results is a re-estimation of Eliot's view of literary history and literary theory and new appraisals of several major poems and plays. Finally, the book discusses at length how Eliot's ideology profoundly influenced the study of literature in the English-speaking world for several decades. **T. S. Eliot's Romantic Dilemma** Eugenia M. Gunner, 2015-12-22 The fact that Eliot disapproved of Romanticism is clear from his critical essays, where he often appears to reject it absolutely. However, Eliot's understanding of the term and his appreciation of literature developed and altered greatly from his adolescence to his years of scholarly study, yet he was never unable to dismiss Romanticism entirely as a critical issue. This study, first published in 1985, analyses Eliot's approach and criticism to Romanticism with an analysis of *The Waste Land*, adding to the layers of its meaning, context, and content to the poem. This title will be of interest to students of literature. **T. S. Eliot's Romantic**

Dilemma Eugenia M. Gunner, 2015-12-22 The fact that Eliot disapproved of Romanticism is clear from his critical essays where he often appears to reject it absolutely However Eliot's understanding of the term and his appreciation of literature developed and altered greatly from his adolescence to his years of scholarly study yet he was never unable to dismiss Romanticism entirely as a critical issue This study first published in 1985 analyses Eliot's approach and criticism to Romanticism with an analysis of *The Waste Land* adding to the layers of its meaning context and content to the poem This title will be of interest to students of literature Christian Romanticism: T. S. Eliot's Response to Percy Shelley Peter James Lowe, 2002 Falling Towers John A. Richardson, 1992 The similar casts of the imagination shared by these three poems can be traced back to the similar cultural conditions under which the poets wrote Each stood in and indeed stood for a cultural tradition that was exhausted and dying Skelton was arguably the last medieval poet Pope the last Renaissance poet and Eliot the last romantic One important pattern of conflict that can be seen in all three poems is between age and youth Each poet speaks with an aged voice Skelton's parrot is a very old bird and the poet himself is not very far behind him Pope is present behind *The Dunciad* in the character he publicly cultivated in the 1730s of the wise old philosopher and Eliot's speaker in *The Waste Land* who is probably much like Eliot himself is implicitly aged The speakers' worlds are dominated by youth a motif that is quite marked in each of the poems *Critical Study Of T.S. Eliot Eliot At 100 Years* D.K. Rampal, 2003 Thomas Stearns Eliot A Universal Poet And Dramatist And Nobel Laureate Was One Of The Most Daring Innovators Of The 20th Century Poetry He Achieved The Most Dominant Position In Poetry And Literary Criticism In The English Speaking World T S Eliot Represents The High Water Mark Of The Modernist Movement In European Literature Which Affected Art And Culture Not Only Within The English Speaking World Or The European Lands But Around The Four Corners Of The Globe He Was A Poet A Dramatist And A Critic Of Literature And Society He Dominated The Literary And Cultural Scene During Most Of The Twentieth Century Though The World Is Now Said To Have Entered Into What Is Usually Called The Post Modernist Stage Yet Modernism Is Still Relevant Whether Post Modernism Is Considered To Be A Break With Or The Continuation Of Modernism The Latter Occupies A Central Place In The Whole Dialectics Of The Cultural Movement Of The 20th Century The Present Volume Is An In Depth Critical Study Of The Whole Oeuvre Of T S Eliot By Diverse Hands This Is A Must For The Students Teachers Scholars Of Culture And Modern English Literature T. S. Eliot and the Art of Collaboration Richard Badenhause, 2005-01-13 Richard Badenhause examines the crucial role that collaboration with other writers played in the development of T S Eliot's works from the earliest poetry and unpublished prose to the late plays He demonstrates Eliot's dependence on collaboration in order to create but also his struggle to accept the implications of the process In case studies of Eliot's collaborations Badenhause reveals the complexities of Eliot's theory and practice of collaboration Examining a wide range of familiar and uncollected materials Badenhause explores Eliot's social psychological textual encounters with collaborators such as Ezra Pound John Hayward Martin Browne and Vivienne Eliot among others

Finally this study shows how Eliot's later work increasingly accommodates his audience as he attempted to apply his theories of collaboration more broadly to social cultural and political concerns

T. S. Eliot and Indic Traditions Cleo McNelly Kearns, 1987-06-26 An exploration of Eliot's lifelong interest in Indic philosophy and religion

A Convergence of the Creative and the Critical Patrick MacDermott, 2009 Literary modernism and its aftermath saw few more enigmatic practitioners than Henry Green Green was a remarkably innovative and experimental novelist while also being a keenly perceptive observer of the turbulent times in which he wrote With his writing spanning the high point of modernism in the 1920s the turn towards greater social and political engagement in the 1930s and the search for new beginnings in the post war period Green's texts reflect some of the most important literary developments of the twentieth century This book takes a fresh approach to Green one that places his work firmly in its contemporary critical context By exploring the insights of two of the most formative critics of the period T S Eliot and F R Leavis the book explores how Green was able to bring about creative tension between the competing claims of formal innovation and social engagement Through new explanations and evaluations of the texts the author demonstrates the depth and originality of Green's achievement in tangible and specific form The book also explores the particularly productive relationship between creative and critical endeavours that flourished in this landmark literary period

T.S.Eliot and Mysticism Paul Murray, 1991-01-01 At last we have a study that tackles these questions and does so with a wealth of learning a poet's sensibility and a thorough theological literacy Murray has given us a superb study Rowan Williams Doctrine and Life His point of view is always that of someone practised in meditation and his book is in consequence one of the half dozen really valuable guides to Eliot's poetry Stephen Medcalf Times Literary Supplement The story of the composition of Four Quartets in relation to mysticism constitutes one of the most interesting pages in modern literary history T S Eliot drew his inspiration not only from the literature of orthodox Christian mysticism and from a variety of Hindu and Buddhist sources but also from the literature of the occult and from several unexpected and so far unacknowledged sources such as the mystical symbolism of Shakespeare's later plays and the visionary poetry of Rudyard Kipling But the primary concern of this study is not with sources as such nor with an area somewhere behind the work but rather with that point in Four Quartets where Eliot's own mystical attitude and his poetry unite and intersect

Victorian and Modern Poetics Carol T. Christ, 1984

The Cambridge History of Literary Criticism: Volume 7, Modernism and the New Criticism George Alexander Kennedy, 1989 The history of the most hotly debated areas of literary theory including structuralism and deconstruction

The Observing Self (Routledge Revivals) Graham Good, 2014-08-01 First published in 1988 this title is a study of the essay as a literary genre not just in terms of its general intellectual and literary history but as an exploration of the creative possibilities of the form The rise of the essay is discussed in relation to the rise of the novel and the emergence of empiricism in science but the main focus of Graham Good's study is on the inner workings of the essay itself Drawing on criticism by Adorno and Lukacs Graham Good presents the genre as an expression of

individualism freed from tradition and authority in which the self constructs itself and its object through independent observation Through analysis of the work of such essayists as Montaigne Bacon Virginia Woolf T S Eliot and George Orwell the potential of the genre for independence and individualism is illustrated and the essay is resituated as an intellectually challenging form of creative and critical writing **Authors and Authority** Patrick Parrinder,1991 One of the great paradoxes of modern times is that the more scientists understand the natural world the more we discover that our everyday beliefs about it are wrong Neil F Comins has identified and classified by origin and topic over 1 700 commonly held misconceptions about the universe He presents the reader with the tools needed to probe erroneous notions so that we can begin to question for ourselves and to think more like scientists **Routledge Library Editions: T. S. Eliot** Various Authors,2022-07-30 This set reissues 10 books on T S Eliot originally published between 1952 and 1991 The volumes examine many of Eliot s most respected works including his Four Quartets and The Waste Land As well as exploring Eliot s work this collection also provides a comprehensive analysis of the man behind the poetry particularly in Frederick Tomlin s T S Eliot A Friendship This set will be of particular interest to students of literature **Criticism and Literary Theory 1890 to the Present** Chris Baldick,2014-06-11 Presents a coherent and accessible historical account of the major phases of British and American Twentieth century criticism from decadent aestheticism to feminist deconstructionist and post colonial theories Special attention is given to new perspectives on Shakespearean criticism theories of the novel and models of the literary canon The book will help to define and account for the major developments in literary criticism during this century exploring the full diversity of critical work from major critics such as T S Eliot and F R Leavis to minor but fascinating figures and critical schools Unlike most guides to modern literary theory its focus is firmly on developments within the English speaking world **The Oxford Handbook of Modern Irish Poetry** Fran Brearton,Alan Gillis,2012-10-25 The Oxford Handbook of Modern Irish Poetry consists of 40 essays by leading scholars and new researchers in the field Beginning with W B Yeats the figure who towers over the century s poetry it includes chapters on the major poets to have emerged in Ireland over the last 100 years

Reviewing **T S Eliot And The Romantic Critical Tradition**: Unlocking the Spellbinding Force of Linguistics
