Smith, 1971 The Holy Spirit and Ch'i (Qi) Koo Dong Yun, 2012-03-02 This book articulates a contextual pneumatology from a perspective of the Eastern idea of ch i ki in Korean Rather than understanding the Spirit from a Westernized philosophical perspective this book utilizes East Asian categories rooted in the I Ching and Asian religions in dialogue with such prominent Western theologians as Barth Pannenberg Moltmann and Harvey Cox The result is an exciting interaction between the Bible traditions of the West and experiences of the Spirit rooted in East Asia Yun argues that the formal dimension of the Spirit sangjeok is present and active in all cultures and religions while the material dimension of the Spirit muljeok is categorically revealed and embodied through the life of Jesus Christ the event of Pentecost and Charisms given to the church In making his case he mediates a creative balance between countercultural and exclusivist models on the one hand and pluralistic and anthropocentric models on the other *Curious Land* D. E. Mungello, 1988-11-01 How the Jesuit accomodation to internal events in China laid the foundation for modern study of China in the West First published as *Studia Leibnitiana Supplementa* 25 1985 by Fritz Steiner Verlag Annotation copyright Book News Inc Portland Or **The Numerology of the I Ching** Taoist Master Alfred Huang, 2000-07-01 The first book to cover the complete Taoist teachings on form structure and symbol in the I Ching Provides many new patterns and diagrams for visualizing the layout of the 64 hexagrams Includes advanced teachings on the hosts of the hexagrams the mutual hexagrams and the core hexagrams Written by Taoist Master Alfred Huang author of *The Complete I Ching* *The Numerology of the I Ching* is the first book to bring the complete Taoist teachings

on form structure and symbol in the I Ching to a Western audience and it is a natural complement to Alfred Huang's heralded Complete I Ching. It examines not only the classic circular arrangement of the eight trigrams but also the hidden numerology in this arrangement and its relationship to tai chi and the Chinese elements. Huang explains the binary code underlying the I Ching, the symbolism behind the square diagram of all 64 hexagrams and Fu Xi's unique circular layout of the 64 hexagrams completely unknown in the West. Entire chapters are devoted to such vital material as the hosts of the hexagrams, the mutual hexagrams and the core hexagrams all barely hinted at in previous versions of the I Ching. With appendices listing additional symbolism for each hexagram, formulas for easily memorizing the Chinese names of the sixty-four hexagrams and much more. The Numerology of the I Ching is a must for serious I Ching students.

A Handbook of Chinese Cultural Terms Gao Wanlong, Frances Weightman, 2012. This handbook is specially designed to meet the needs of both Chinese and English readers, researchers and translators who are interested in Chinese culture. The Chinese cultural terms included in this book cover almost all the aspects of Chinese culture: literary, artistic, religious, philosophical, folkloric, classical, vernacular, and so on. As many of them have not their English equivalents, the authors have tried to find the corresponding English terms for them as much as possible so that they can be conducive to the readers' grasp of the Chinese cultural terms and phrases when they read or translate a Chinese book about Chinese culture. This book is indispensable and very useful to sinologists, Chinese English translators and tour guides.

Following the Light Kenneth D. Klamann, 2010-04. FOLLOWING THE LIGHT is a guide in practical theology. Theology pertains to the field of study and analysis that examines the God, consciousness, its attributes and relationship to the universe. Included in this book are examples of divine happenings which establish religious truths or enlightenment. Finally, this book discusses how FOLLOWING THE LIGHT can help enrich our understanding of Theology as it applies to our daily lives. FOLLOWING THE LIGHT describes how everything we do or experience is intertwined and affects our personal development. It discusses how metaphysics, psychology, physics, paranormal activity and parapsychology interact with each other as they relate to our Divine essence or Spirit from its beginning through completion. Further, we examine some common beliefs and misconceptions as they relate to modern scientific studies that follow metaphysical principles and practices. The author has included some of his personal experiences as examples. Rev. Klamann had been meditating, praying and studying with a burning desire for the answers to his questions: Who or what is God? Why are we here? Moreover, how do Jesus, Moses, the Bible, parapsychology, paranormal activity and science fit into this puzzle? He devoted his life to finding the answers but little did he know he was about to receive them in a big way. More than ever before, people today are asking important questions about theology that need and deserve answers. Identifying and answering those questions is the purpose of this book. This book provides the reader an opportunity to receive the benefit of learning the truth about God and our purpose in life, including how science, the paranormal and other pieces of the puzzle all fit together. You will learn that this life is your creation; enjoy it while FOLLOWING THE LIGHT.
