Take Control Diet A Life Plan For Thinking People:

The Take-Control Diet Ian Smith,2001-12-04 From the bestselling author of Shred The Take Control Diet aims to make you the expert on your body Dr Ian Smith delivers the final word on dieting for the fad weary reader who wants the truth about permanent weight loss The Take Control Diet explains the real science of how your body manages energy why crash diets and trendy programs sabotage your chances of success and how you can get off the yo yo ride forever Dr Smith offers a diet and exercise program that allows you to eat without feeling deprived or adopting an entirely specialized diet and that helps you use both anaerobic and aerobic exercise for maximum weight loss results He explains how to calculate your own individual food and exercise equation in order to lose the ideal amount of weight per week The Take Control Diet equips you with the facts so that you can approach your health and fitness goals psychologically fortified for the task Understanding common myths about dieting will give you the knowledge you need to resolve your weight issues for good Did you know that contrary to the recommendations of many popular diets eating too much protein could seriously damage your health That it is impossible to convert fat to muscle That starving yourself slows your metabolism and causes your body to store energy as fat That no foods appreciably increase your metabolism That chronic yo yo dieting makes weight loss increasingly difficult Dr Smith explains the causes of overweight the health concerns of dieting how metabolism and genetics factor in to weight control and what you can do to work with rather than against your body's processes Many diets dictate a program that might work if it works at all only as long as you can adhere to radical and unnatural habits The Take Control Diet instead equips you to design your own eating and exercise plan one that accommodates your preferences your daily routine and your particular weight loss hurdles Losing weight will not only help you look your best but also reduce your risk of heart disease diabetes and cancer in addition to improving your overall energy level and ability to fight illness Dr Smith offers a plan based on extensive research and his personal work with patients that respects your intelligence and empowers you to win the battle with overweight The Take Control Diet is one hundred percent free of unrealistic promises poor science and far fetched gimmicks and one hundred percent yours for life

Think Yourself Thin Darcy D Buehler,2007-01-01 Since diets don't work and so many people have unhealthy relationships with food the key to weight loss is not what you put in your mouth it's what goes on in your mind Brain imaging technology has shown that thought patterns driven by willpower can actually change the structure of the brain Using this scientific basis for her program Dr Darcy Buehler has helped hundreds of people lose weight and keep it off In Think Yourself Thin Dr Buehler shows readers how to Get the right ideas into your mind so that your will to lose weight works unwanted urges out of the brain's circuitry Determine the approaches that are effective at slimming you down individually while helping you grow as a person on the inside The book includes a 72 minute self hypnosis audio CD with eight tracks that complement the program in the book

Dr. Ian Smith's Guide to Medical Websites Ian Smith,2001-11-06 The amount of medical information available on the Internet is mindboggling if not mind numbing And

what do you find once you wade into these cyberwaters is often so contradictory confusing or suspect that it is easy to feel more addled than assisted by the plethora of articles advertising and medical reports Dr Ian Smith's Guide to Medical Websites bring order to this chaos As medical correspondent on NBC's Today show and a regular columnist for Time Dr Smith hears from many people with medical questions In addition to personally addressing their concerns he constantly researches medical websites that provide further explanation This guide reflects Dr Smith's selections of the top general medical sites as well as the best sites in every medical specialty Each site listing includes a short summary and ratings that take into account among other things links and navigability sources of content interactivity frequency of site updates Now you no longer have to become an Internet search expert to find the information you need in caring for your health and that of those you love
