**Yellowstone Ranger** Jerry Mernin,2023-08-03 Jerry Mernin s distinguished career in the National Park Service spanned four decades five national parks and a remarkable 32 year stay in Yellowstone the park he loved and never left In his long

awaited memoir Mernin takes readers behind the scenes to learn firsthand what it's like to be a great park ranger. Along the way he shares a lifetime of exciting adventures including dangerous rescues, remote backcountry patrols, and multiple heart-pounding encounters with grizzly bears. **A Woman in the Great Outdoors** Melody Webb, 2007-10-16

Melody Webb's reflections on her twenty-five year long career in the National Park Service is an insider's account of a public bureaucracy. As a woman she was working in a male-dominated agency; as an idealist she attempted to champion the wise use of the national parks in a pragmatic political agency. Webb's career began in Alaska during President Gerald Ford's administration. She helped set up the mechanism that permitted Alaskan Natives to claim up to 2 million acres of federal land to preserve culturally significant areas. Following a dozen years of historic preservation work in Alaska and New Mexico, Webb spent the second half of her tenure in management positions. She served as superintendent at the Lyndon B. Johnson National Historical Park and then as assistant superintendent in charge of all park operations at Grand Teton National Park. During this period the Park Service was faced with conflicting mandates: there was a growing demand for recreational land use and at the same time environmental requirements and tight budgets limited the NPS's options. Webb's frankness about the day-to-day politics within an institution that many Americans feel should be above politics makes this book an eye opener for historians and anyone who has an interest in the National Park System.

**The Content Trap** Bharat Anand, 2016-10-18

My favorite book of the year. Doug McMillon, CEO of Wal-Mart Stores, Harvard Business School Professor of Strategy, Bharat Anand presents an incisive new approach to digital transformation that favors fostering connectivity over focusing exclusively on content. NAMED ONE OF THE BEST BOOKS OF THE YEAR BY BLOOMBERG Companies everywhere face two major challenges today: getting noticed and getting paid. To confront these obstacles, Bharat Anand examines a range of businesses around the world, from The New York Times to The Economist, from Chinese Internet giant Tencent to Scandinavian digital trailblazer Schibsted, and from talent management to the future of education. Drawing on these stories and on the latest research in economics, strategy, and marketing, this refreshingly engaging book reveals important lessons, smashes celebrated myths, and reorients strategy. Success for flourishing companies comes not from making the best content but from recognizing how content enables customers' connectivity; it comes not from protecting the value of content at all costs but from unearthing related opportunities close by; and it comes not from mimicking competitors' best practices but from seeing choices as part of a connected whole. Digital change means that everyone today can reach and interact with others directly. We are all in the content business. But that comes with risks that Bharat Anand teaches us how to recognize and navigate. Filled with conversations with key players and in-depth dispatches from the front lines of digital change, *The Content Trap* is an essential new playbook for navigating the turbulent waters in which we find ourselves. Praise for *The Content Trap*: A masterful and thought-provoking book that has reshaped my understanding of content in the digital landscape. Ariel Emanuel

co CEO WME IMG The Content Trap is a book filled with stories of businesses from music companies to magazine publishers that missed connections and could never escape the narrow views that had brought them past success But it is also filled with stories of those who made strategic choices to strengthen the links between content and returns in their new master plans The book is a call to clear thinking and reassessing why things are the way they are The Wall Street Journal **The Autobiography of a Race Horse** L.
