Oneness Philip J. Ivanhoe, 2017-11-01 At the center of a constellation of key ideas in East Asian philosophical traditions there lies a conception of oneness among human beings Human beings are intricately and inextricably intertwined and share a common destiny with other people creatures and things The ramifications of this idea are wide reaching and resonate with important debates and concerns in contemporary Western philosophy but many at the forefront of their fields in the West are unaware of the fundamental shift in perspective that might be available to them One of Ivanhoe s aims in this work is to challenge the dominant paradigm of hyper individualism which still enjoys a commanding position in a great deal of contemporary theory and practice in the humanities and social sciences and to describe and advocate for an alternative conception and sense of self world and the relationship between them In particular Ivanhoe who has an extensive background in and has published influential work on virtue ethics and Asian philosophy investigates the implications of oneness for conceptions of the self virtue and human happiness Through the lens of oneness he explores topics such as conceptions of the self selfishness and self centeredness virtues spontaneity and happiness drawing support from wide ranging interdisciplinary sources Rather than starting from the standpoint of Western philosophy and then reaching out to Asian philosophy from a distance Ivanhoe advances a thesis drawn from East Asian sources and explicitly challenges the theoretical asymmetry that is characteristic of most comparative study which often simply applies Western theories to non Western material

Joy and Tears Gerald W. Peterman, 2013-02-18 This book presents a biblical and practical look at Christians and their emotions building off of the concept that most contemporary Christians have misconceptions about why we have emotions and how we should handle them Trusting God doesn't mean being consistently tranquil or subdued Truth is such a view makes life flat and two dimensional We often forget that emotions are a gift to fear them or stow them away would be to deny a huge part of what makes us human This book explores the significance of the gift and the benefits of living a robust life of thought action and feeling Illuminating the emotional life of Christ and his followers As Dr Gerald Peterman asks If I'm forgiven why do I feel guilt and shame What about anger What if I'm angry with God What is the place of sadness in the Christian life Is love only an action Emotions don't just happen to us like the virus or the flu they are inherently part of us Readers will find that the discussion extends beyond good and bad as many emotions are neutral and it is up to them to figure out how to glorify God with them Extended chapters on love and anger are included

The Mis-Education of Joy Paul C. Agard, 2010-06 The Mis education of Joy is the story of three lives that intersect one semester in a college classroom and as a result these lives are profoundly changed forever Joy Hunter is an enthusiastic young girl who shares her faith with everyone At seventeen she has always depended on her religious faith to overcome her many obstacles One of which is a childhood illness that threatened her with no more than fifteen years of life Upon graduating high school and being accepted to a local college Joy for the first time is hopeful about her future At college she meets Jim Byrnes a history professor with a clouded past and a deep rooted contempt for religion The classroom explodes as Professor Byrnes is challenged by a student named Paul who the class has labeled the fanatic and Joy's faith is put to a new test Fearing her light is growing dim because of her doubt Joy finds herself searching for answers but who will she turn to and where is the unseen hand of God that watched over her for 17 years As Joy Professor Byrnes and Paul seek to separate fact from fiction they each encounter grace Told in traditional dialogue form The Mis education of Joy is a heartwarming tale that explores the rights of the believer in a secular society while showing the role of the believer in a secular society An insightful story that dares to expose the religious intolerance of our nation but yet is powerful enough to touch your heart Highly recommended Rev Dr Walter L Davis III It is a true page turner that reminds us that faith persists not because we will it but because it has a presence and force all of its own The Miseducation of Joy is long overdue Gaelle Affiany Graduate Student Critics will be challenged and Christians will be encouraged to know that the Word of God is believable and trustworthy Myra Rosa High School Science Teacher
