Tightrope: Finland and Hungary in the Cold War Dennis Werling,2023-10-13 Finland and Hungary both fought on the losing side in WWII Yet the former was able to resist the overwhelming power of its Soviet neighbour while Hungary whose status was uncertain until 1947 was not Could the revolt of 1956 have been a turning point How did the Helsinki Accords contribute to the end of the Cold War **The Gettysburg Gospel** Gabor Boritt,2006-11-19 Lincoln scholar Gabor Boritt dispels a century of myths and legends to reveal the true meaning of the Gettysburg Address as Abraham Lincoln intended it in this magisterial work and instant classic Doris Kearns Goodwin The words Abraham Lincoln spoke at the dedication of the Soldiers National Cemetery at Gettysburg comprise perhaps the most famous speech in history Many books have been written about the Gettysburg Address and yet as Lincoln scholar Gabor Boritt shows there is much that we don t know about the speech In *The Gettysburg Gospel* he tears away a century of myths lies and legends to give us a clear understanding of one of the greatest American s most important speeches In the aftermath of the bloodiest battle ever fought in North America the little town of Gettysburg was overwhelmed This was where Lincoln had to come to explain why the horror of war must continue Boritt shows how Lincoln responded to the politics of the time as well as how and when he wrote the various versions of his remarks Few people initially recognized the importance of the speech but over the years it would grow into American scripture acquiring new and broader meanings Based on years of scholarship as well as a deep understanding of Lincoln and of Gettysburg itself *The Gettysburg Gospel* is an indispensable book for anyone interested in the Gettysburg Address Abraham Lincoln the Civil War or American history **Thinking Without a Banister** Hannah Arendt,2021-02-23 Hannah Arendt was born in Germany in 1906 and lived in America from 1941 until her death in 1975 Thus her life spanned the tumultuous years of the twentieth century as did her thought She did not consider herself a philosopher though she studied and maintained close relationships with two great philosophers Karl Jaspers and Martin Heidegger throughout their lives She was a thinker in search not of metaphysical truth but of the meaning of appearances and events She was a

questioner rather than an answerer and she wrote what she thought principally to encourage others to think for themselves Fearless of the consequences of thinking Arendt found courage woven in each and every strand of human freedom In 1951 she published *The Origins of Totalitarianism* in 1958 *The Human Condition* in 1961 *Between Past and Future* in 1963 *On Revolution* and *Eichmann in Jerusalem* in 1968 *Men in Dark Times* in 1970 *On Violence* in 1972 *Crises of the Republic* and in 1978 posthumously *The Life of the Mind* Starting at the turn of the twenty first century Schocken Books has published a series of collections of Arendt s unpublished and uncollected writings of which *Thinking Without a Banister* is the fifth volume The title refers to Arendt s description of her experience of thinking an activity she indulged without any of the traditional religious moral political or philosophic pillars of support The book s contents are varied the essays lectures reviews interviews speeches and editorials taken together manifest the relentless activity of her mind as well as her character acquainting the reader with the person Arendt was and who has hardly yet been appreciated or understood Edited and with an introduction by Jerome Kohn

Selected Bibliography on Hungary with Special Reference to the Hungarian Revolution, 1956, Available in the Ohio University Library Joseph Széplaki,1971 **The Library Catalogs of the Hoover Institution on War, Revolution, and Peace, Stanford University** Hoover Institution on War, Revolution, and Peace,1969 *Problems of Communism* ,1963 **A Socialist Realist History?** Kristina Jöekalda,Krista Kodres,Michaela Marek,2019-06-17 How did the Eastern European and Soviet states write their respective histories of art and architecture during 1940s 1960s The articles address both the Stalinist period and the Khrushchev Thaw when the Marxist Leninist discourse on art history was invented and refined Although this discourse was inevitably Sovietized in a process dictated from Moscow a variety of distinct interpretations emerged from across the Soviet bloc in the light of local traditions cultural politics and decisions of individual authors Even if the new official discourse often left space open for national concerns it also gave rise to a countermovement in response to the aggressive ideologization of art and the preeminence assigned to Socialist Realist aesthetics *Foreign Affairs Bibliography* ,1964 [Standard Catalog for Public Libraries](#) H.W. Wilson Company,1958 **Indiana University Publications** ,1958 [American Bibliography of Slavic and East European Studies](#) ,1958 **Political History and Culture of Russia** ,1998 Scholarly articles dealing with political events in Russia up to 1991 **1956** Simon Hall,2016-09-06 Vibrantly and perceptively told this is the story of one remarkable year a vivid history of exhilarating triumphs and shattering defeats around the world 1956 was one of the most remarkable years of the twentieth century All across the globe ordinary people spoke out filled the streets and city squares and took up arms in an attempt to win their freedom In this dramatic page turning history Simon Hall takes the long view of the year s events putting them in their post war context and looking toward their influence on the counterculture movements of the 1960s to tell the story of the year s epic global struggles from the point of view of the freedom fighters dissidents and countless ordinary people who worked to overturn oppressive and authoritarian systems in order to build a brave new world

It was an epic contest 1956 is the first narrative history of the year as a whole and the first to frame its tumultuous events as part of an interconnected global story of revolution **American Book Publishing Record** ,1977-03-31 Here s quick access to more than 490 000 titles published from 1970 to 1984 arranged in Dewey sequence with sections for Adult and Juvenile Fiction Author and Title indexes are included and a Subject Guide correlates primary subjects with Dewey and LC classification numbers These cumulative records are available in three separate sets
