**The hunting peoples ... Maps and**  
**drawings by Aldren A. Watson** Carleton Stevens Coon, 1971      The Peoples of Northeast Asia through Time Richard  
Zgusta, 2015-06-29 The focus of Richard Zgusta's *The Peoples of Northeast Asia through Time* is the formation of indigenous  
and cultural groups of coastal northeast Asia including the Ainu the Paleoasiatic peoples and the Asiatic Eskimo Most  
chapters begin with a summary of each culture at the beginning of the colonial era which is followed by an interdisciplinary  
reconstruction of prehistoric cultures that have direct ancestor descendant relationships with the modern ones An additional  
chapter presents a comparative discussion of the ethnographic data including subsistence patterns material culture social  
organization and religious beliefs from a diachronic viewpoint Each chapter includes maps and extensive references      A  
History of the Original Peoples of Northern Canada Keith J. Crowe, 1991 For more than fifteen years Keith Crowe's *A History*  
*of the Original Peoples of Northern Canada* has informed a multitude of residents in and visitors to the Canadian North and  
has served as a standard text Now in a new epilogue Crowe describes and analyses the changes in the North which have  
come about since the book's first publication The success of this book over the years is due in large part to Crowe's approach  
While the majority of works on Canadian history are essentially European in perspective Crowe has endeavoured to interpret  
the history of the original peoples of northern Canada from a native standpoint He has attempted to provide a work that  
native Canadians can use to learn the broad outlines of their cultural and historical development as well as details about their  
people places and events while giving non native people a more accurate version of northern Canadian history and ethnology  
Crowe begins with the emergence in prehistoric times of the three great groups of hunting people the Algonkian Athapaskan  
and Inuit describing their contribution to the cultural heritage of native peoples today He devotes particular attention to the  
various native tribes and some of their outstanding leaders to the fur trade its effects and the emergence of the Métis people  
to the devastating consequences of trading and whaling for the Arctic and the Inuit who lived there to the Yukon Indians and  
the Gold Rush to the coming of Christianity and to the impact of governmental and economic encroachment on the North and  
the native peoples response to this moving into the boardroom and elected office In his new epilogue Crowe surveys the  
major land claims since 1974 some settled most still under negotiation and some like the James Bay hydro electric project  
being challenged Crowe also explains the complexities of the land claims process and points out the irony inherent in native  
peoples having to help create numerous foreign laws and institutions in order to protect an essentially simple way of life He  
describes the native peoples movement into and up the ranks of government at all levels and emphasizes the important role  
played by regional and national native associations such as the Assembly of First Nations He outlines the changes and  
developments in education in the North and provides a detailed assessment of the still very difficult economic situation

stressing the native peoples concern that economic development in the North not be divorced from environmental considerations Keith J Crowe who served for many years in the Department of Indian and Northern Affairs is now retired but remains privately active in northern and native issues      *The Dakota Peoples* Jessica Dawn Palmer,2010-03-22 The Dakota people alternatively referred to as Sioux Native Americans or Oceti Sakowin The People of the Seven Council Fires have a storied history that extends to a time well before the arrival of European settlers This work offers a comprehensive history of the Dakota people and is largely based on eyewitness accounts from the Dakota themselves including legends traditions and winter counts Included are detailed analyses of the various divisions tribes and bands of the Dakota people including the Lakota and Nakota tribes Topics explored include the Dakotas early government the role of women within the Dakota tribes the rituals and rites of the Dakota people and the influence of the white man in destroying Dakotan culture      *The Apache Peoples* Jessica Dawn Palmer,2013-07-30 This book presents a comprehensive history of the seven Apache tribes tracing them from their genetic origins in Asia and their migration through the continent to the Southwest The work covers their social history verbal traditions and mores The final section delineates the recorded history starting with the Spanish expedition of 1541 through the Civil War      *The Culture of Hunting in Canada* Jean L. Manore,Dale Miner,2011-11-01 The Culture of Hunting in Canada is about a pivotal but little studied aspect of Canadian history culture and society It covers elements of the history of hunting from the pre colonial period until the present in all parts of Canada featuring essays by practitioners and scholars of hunting and by pro and anti hunting lobbyists The result crosses the boundaries between scholarship and personal reflection and between academia and advocacy The essays collected here address important historical and contemporary issues regarding the culture and practice of hunting Topics include hunting identities conservation and its relationship to hunting tensions between hunters and non hunters and between Aboriginal and non Aboriginal hunting groups hunting ethics debates over hunting practices and regulations animal rights and gun control The discussion involves consideration of the social political and economic context as well as class and racial tensions between sport hunters and subsistence hunters The Culture of Hunting in Canada makes an unprecedented contribution to the study of hunting in Canada and its role in our culture It will appeal to sociologists anthropologists and historians of hunting culture wildlife biologists natural resource managers and environmentalists and not least hunters and anyone interested in the culture of hunting      *The Hunting Apes* Craig B. Stanford,2001-02-25 Stanford examines great ape behavior and hunter gatherer societies to support his hypothesis that the hunting eating and sharing of meat drove human evolution      **Peoples on the Move** David J. Phillips,2001 This is the most comprehensive source of information on all the nomadic peoples of the world Maps help you to locate these nomadic people groups many of them unevangelized black and white photographs enable you to visualize them and people profiles and bibliographic data facilitate research Back cover      *Native Peoples of the Americas* Encyclopaedia Britannica, Inc.,2010-03-01 Rich with photos maps and sidebars Native Peoples of the Americas

influenced relations between different groups In the face of pressures resulting from America's westward expansion throughout the nineteenth and twentieth centuries the extinction of the bison the imposition of reservation life and the assimilationist policies of the U S federal government the native peoples of the Great Plains have struggled to preserve their distinct cultures and reorient themselves to a new world on their own terms The Columbia Guide to American Indians of the Great Plains is divided into four parts Part I presents an overview of the cultures and histories of Plains Indian people and surveys the key scholarly questions and debates that shape this field Part II serves as an encyclopedia alphabetically listing important individuals and places of significant cultural or historic meaning Part III is a chronology of the major events in the history of American Indians in the Plains The expertly selected resources guide in Part IV includes annotated bibliographies museum and tribal Internet sites and films that can be easily accessed by those wishing to learn more The third in a six volume reference series The Columbia Guides to American Indian History and Culture The Columbia Guide to American Indians of the Great Plains is an invaluable resource for students teachers and researchers

**The Light Gray People**  
Nancy McGown Minor, 2009-10-05 Although Lipan Apache culture was studied by one of the most eminent anthropologists of the twentieth century many important questions remain What is the meaning of the tribal name Lipan Did Morris Opler's 1935 study of historical Lipan culture conform to practices seen by eighteenth century Spaniards Only four in situ observations of Lipan Apache culture survive observations made by a Spanish priest a Spanish military officer a Swiss botanist and an Anglo captive Each source reveals fascinating insights into a hitherto unseen world of Lipan beliefs and practices The sources reported for example that the Lipans were able to predict both solar and lunar eclipses a practice which went far beyond the vision quest posited by Opler The Light Gray People seeks to complete a comparative analysis of traditional Lipan Apache culture as seen through the eyes of four eighteenth and nineteenth century observers and Morris Opler's theories

*The Forest People without a Forest* Glory M. Lueong, 2016-12-01 Development interventions often generate contradictions around questions of who benefits from development and which communities are targeted for intervention This book examines how the Baka who live in Eastern Cameroon assert forms of belonging in order to participate in development interventions and how community life is shaped and reshaped through these interventions Often referred to as forest people the Baka have witnessed many recent development interventions that include competing and contradictory policies such as civilize assimilate and integrate the Baka into full citizenship conserve the forest and wildlife resources and preserve indigenous cultures at the verge of extinction

**Country Life**, 1908 *Cross-Cultural Perspectives on Personhood and the Life Course* Cathrine Degnen, 2018-04-24 Exploring notions of the person through a wide range of anthropological literature Cathrine Degnen analyses how personhood is built affirmed and maintained during various life stages and via multiple cultural forms and practices In discussing the life course she investigates personhood as a concept at the beginning of life throughout life as lived at the edges of being and ultimately at life's end Cross Cultural

Perspectives on Personhood and the Life Course moves beyond the human person in isolation to consider how personhood is fashioned with regard to place and how non humans can also be recognised as persons Through multiple ethnographic accounts Degnen shows that personhood emerges as a relational and processual entity brought into being via reciprocal fields of social relations

**The Native Peoples of North America** Bruce Elliott Johansen, 2006 Covering Central America the United States and Canada this book not only provides an introduction to the history of North American Indians but also offers a description of the material and intellectual ways that Native American cultures have influenced the life and institutions of people across the globe
