Genesis of the Grail Kings Laurence Gardner, The astonishing story of the ancient bloodline of Christ and the true heritage of the Holy Grail Adam and Eve were not the first man and woman on Earth but they were certainly the first of a kind When the Israelites made their exodus from Egypt their spiritual leader was not Moses but Miriam a queen and high priestess of the pharaonic succession Joseph the father of Jesus was not a humble carpenter but a trained alchemical metallurgist of the highest order These and other contentious facts are disclosed for the first time in this remarkable study of the original kings the early Pendragons the unique royal ancestors of King David and Jesus Drawing on files and hitherto secret archives of the ancient Dragon Sovereignty Genesis of the Grail King tells the ultimate story of earthly kingship from its early Mesopotamian foundation It reveals why the Messianic bloodline was so important and explains in detail the true heritage of the Holy Grail The author draws comparisons throughout between the biblical scripture and the historical documents from which the Old Testament is derived so that a very different and highly controversial picture emerges Here are the documented records of the hermetic Phoenix the Philosophers Stone and the Tables of Testimony records which give stunning insight into active longevity the transmutation of gold and the anti gravitational science of the pharaohs Holy Blood, Holy Grail Michael Baigent, Richard Leigh, Henry Lincoln, 1983 The authors present reasons why they believe Jesus did not die on the cross but instead married Mary Magdalene and had a child creating a blood line that lives on in the modern world **The Holy Grail** Justin E. Griffin, 2001-07-30 The existence of the Holy Grail has long been debated and many of these debates focus on the intellectualized or psychological aspects of it This work explores the events that gave rise to the legend of the Holy Grail and pays special attention to the texts that form the body of the legend as well as historical facts about the life of Christ the Crusades and the fall from grace of the Knights Templar The book examines the legitimacy of the claims made by several present day believers and also introduces a new theory of multiple grails and the evidence supporting this theory which the author believes answers many of the otherwise unanswered questions surrounding the Holy Grail
