Congress. House. Committee on Science and Astronautics, 1969      American Writers Leonard Unger, A. Walton Litz, Molly Weigel, Jay Parini, Lea Bechler, 1974 Madison Smartt Bell to John Edgar Wideman      A Curious History of Sex Kate Lister, 2020-02-06 This is not a comprehensive study of every sexual quirk kink and ritual across all cultures throughout time as that would entail writing an encyclopaedia Rather this is a drop in the ocean a paddle in the shallow end of sex history but I hope you will get pleasantly wet nonetheless The act of sex has not changed since people first worked out what went where but the ways in which society dictates how sex is

culturally understood and performed have varied significantly through the ages Humans are the only creatures that stigmatise particular sexual practices and sex remains a deeply divisive issue around the world Attitudes will change and grow hopefully for the better but sex will never be free of stigma or shame unless we acknowledge where it has come from Based on the popular research project Whores of Yore and written with her distinctive humour and wit A Curious History of Sex draws upon Dr Kate Lister s extensive knowledge of sex history From medieval impotence tests to twentieth century testicle thefts from the erotic frescoes of Pompeii to modern day sex doll brothels Kate unashamedly roots around in the pants of history debunking myths challenging stereotypes and generally getting her hands dirty This fascinating book is peppered with surprising and informative historical slang and illustrated with eye opening toe curling and meticulously sourced images from the past You will laugh you will wince and you will wonder just how much has actually changed
