The Illustrated History Of Triumph Motorcycles:

The Illustrated History of Triumph Sports and Racing Cars G. William Krause, 2017-11-15 The Triumph Motor Company is known around the world for its iconic sports cars. The hugely popular TR series Spitfires and GT 6s represent the quintessential British sports car: rugged good looks were combined with performance and economy at a price everyone could afford. These sports cars are always in demand and prized by British car collectors, racers, and open air motoring enthusiasts. Triumph understood the connection between competition success and sales success and was able to parlay rally and road racing wins into the best selling sports cars in the world, particularly in the United States during the 1950s and 1960s. The Works competition cars notched victories at Le Mans, Sebring, the Monte Carlo rally, and many others, and inspired privateers to take their cars to the track. Every model came from a bloodline of racing. Triumph historian G. William Krause reviews every model in the sports car lineup. He covers the history, design, evolution, and performance specifications from the first sports cars in the 1930s through the final cars built in 1981. Throughout Triumph's history, a number of pivotal moments could have significantly changed the company's fortunes. This book also looks at the what-ifs: cars that never made it into production, including photos. Although they have not been built for more than three decades, their mark on sports car history is undeniable. Whether you're a fan of the spartan brutes of the 1950s or the refined comfort and performance of the last TRs, you will find the backstory of your favorites here. **The Illustrated History of Moto GP** Michael Scott, 2021-08-31 This illustrated history is jam-packed with more than 150 stunning photographs celebrating high performance motorbike racing since the start of the world championship in 1949. The Illustrated History: Each racing decade is dissected and discussed, as are the big incidents, top personalities, and technological innovations. To complete the book, motorcycle racing's greatest names, including John Surtees, Giacomo Agostini, Kenny Roberts, Valentino Rossi, Casey Stoner, and young phenom Marc Marquez, provide exclusive personal insights and accounts of what it is like to race at speeds of 180mph. Moto GP: The Illustrated History is a unique book which brilliantly conveys the exhilarating spirit of this popular sport. **Harley-Davidson** Shaun Barrington, 2001 From movie stars to GIs, Hell's Angels to police officers, bikers who want to enhance their image, ride a Harley-Davidson.
