An Impossible Love Christine Angot, 2021-12-21 An agonizing turbulence lies just beneath the surface of this skillfully wrought novel by the French phenom who caused a sensation with the publication of her novel *Incest* Reaching back into a world before she was born Christine Angot describes the inevitable encounter of two young people at a dance in the early 1950s Rachel and Pierre her mother and father Their love is acute It twists around Pierre's decisive judgments about class nationalism and beauty and winds its way towards dissolution and Christine's own birth Though it's Pierre whose ideas are most often voiced it's Rachel who slowly comes into view her determination and patience forming a radiant enigmatic disposition Equal parts subtle and suspenseful *An Impossible Love* is an unwavering advance toward a brutal sequence of events that mars both Christine's and Rachel's lives Angot the author carves Angot the narrator out of this corrosive element exposing an unmendable rupture and at the same time offering a portrait of a striking ineradicable bond between mother and daughter

Rape and the Rise of the Author Dr Amy Greenstadt,2013-04-28 Contending that early modern fictional portrayals of sexual violence identify the position of the author with that of the chaste woman threatened with rape Amy Greenstadt challenges the prevalent scholarly view that this period s concept of The Author was inherently masculine Instead she argues the analogy between rape and writing centrally informed ideas of literary intention that emerged during the English Renaissance Analyzing works by Milton Sidney Shakespeare and Cavendish Greenstadt shows how the figure of The Author and by extension ideas of the modern individual derived from a paradigm of female virtue and vulnerability This volume supplements the growing body of studies that address the relationship between early modern textual representation and notions of gender and sexuality it also adds a new dimension in considering the wider origins of modern concepts of selfhood and individual rights

Public Theology and Institutional Economics Toine van den Hoogen,2019-10-09 This book

shows why in our modern society many important questions in our public debates urge for attention to be given to questions about economy and why religious thinking gives unexpectedly relevant perspectives on these Neither economy nor religion is a private matter Our daily life and personal decisions about lifestyle are marked by our public choices and attitudes As we are actually part of complex and disturbing processes in an information society our daily lives are changing in rapid ways Beginning with a discussion of what public theology is actually about the text moves on to discuss three dimensions of these processes namely our capitalist market economy our urge for a common ground in the conflicts of that economy and our responsibility for a sustainable lifestyle in that economy Religious thinking especially that of Gregory of Nazianzus 329 390 confronts questions about spiritual awareness in these domains Dark Nights of the Soul Thomas Moore,2005-06-16 Every human life is made up of the light and the dark the happy and the sad the vital and the deadening How you think about this rhythm of moods makes all the difference Our lives are filled with emotional tunnels the loss of a loved one or end of a relationship aging and illness career disappointments or just an ongoing sense of dissatisfaction with life Society tends to view these dark nights in clinical terms as obstacles to be overcome as quickly as possible But Moore shows how honoring these periods of fragility as periods of incubation and positive opportunities to delve the soul s deepest needs can provide healing and a new understanding of life s meaning Dark Nights of the Soul presents these metaphoric dark nights not as the enemy but as times of transition occasions to restore yourself and transforming rites of passage revealing an uplifting and inspiring new outlook on such topics as The healing power of melancholy The sexual dark night and the mysteries of matrimony Finding solace during illness and in aging Anxiety anger and temporary Insanities Linking creativity spirituality and emotional struggles Finding meaning and beauty in the darkness **The Toughest Indian in the World** Sherman Alexie,2000 A collection of nine short stories about the lives and loves of modern day American Indians **The Universe is Indifferent** Ann W. Duncan,Jacob L. Goodson,2016-11-09 Centered upon the lives of employees at a Manhattan advertising firm the AMC television series Mad Men touches on the advertising world s unique interests in consumerist culture materialistic desire and the role of deception in Western capitalism While the subject matters of the chapters in this collection have a decidedly socio historical focus the authors use basic topics as starting points for philosophical religious and theological reflections The authors show how Mad Men reveals deep truths concerning the social trends of the 1960s and early 1970s in American life and deserves a significant amount of reflection from philosophical religious and theological perspectives Some of the chapters go beyond mere reflection and make deeper inquiries into what these trends say about American cultural habits the business world within Western capitalism and the rapid social changes gender race and sexuality that occur during this period Chapters examine paradigms of masculinity and femininity as well as the presentation of motherhood fatherhood sexuality and childhood This collection shows how social change represents the undercurrent of the interpersonal dramas of the characters on Mad Men from the staid and conventional early seasons to the war

Rebecca Rozelle-Stone,Lucian Stone,2013-07-18 Simone Weil philosopher religious thinker mystic social political activist is notoriously difficult to categorize since her life and writings challenge traditional academic boundaries As many scholars have recognized she set out few if any systematic theories especially when it came to religious ideas In this book A Rebecca Rozelle Stone and Lucian Stone illuminate the ways in which Weil stands outside Western theological tradition by her use of paradox to resist the clamoring for greater degrees of certainty Beyond a facile fallibilism Simone Weil s ideas about the super natural love Christianity and spiritual action and indeed her seeming endorsement of a sort of atheism detachment foolishness and passivity begin to unravel old assumptions about what it is to encounter the divine *The Myth of Analysis* James Hillman,1997 In this work acclaimed Jungian James Hillman examines the concepts of myth insights eros body and the mytheme of female inferiority as well as the need for the freedom to imagine and to feel psychic reality By examining these ideas and the role they have played both in and outside of the therapeutic setting Hillman mounts a compelling argument that rather than locking them away in some inner asylum or subjecting them to daily self treatment man s peculiarities can become an integral part of a rich and fulfilling daily life Originally published by Northwestern University Press in 1972 this work had a profound impact on a nation emerging self aware from the 1960s as well as on the era s burgeoning feminist movement It remains a profound critique of therapy and the psychological viewpoint and it is one of Hillman s most important and enduring works Flying in the cloud Agrippina Bitar,2017-12-06 Can love between a woman who s over fifty and an eighteen year old young man be possible Everything is in the global network Can a guy fall in love with the same girl his grandfather used to love Everything is possible in this incredible world Why do we fall in love with those who hurt us and why does this love just like a tidal wave sweeps away all barriers of reason This book contains true love stories of different people who found each other online and in real life *The Lays of Marie de France* Marie de France,2010-03-01 This edition

The Films of Edgar G. Ulmer Bernd Herzogenrath, 2009-05-20 Considered the King of Poverty Row Edgar G. Ulmer 1904-1972 was an auteur of B-productions. A filmmaker with an individual voice Ulmer made independent movies before that category even existed. From his early productions like *The Black Cat* 1934 and Yiddish cinema of the late 1930s to his final films of the late 1950s and early 1960s Ulmer created enduring works within the confines of economic constraints. Almost forgotten Ulmer was rediscovered first in the 1950s by the French critics of the *Cahiers du Cinema* and then in the early 1970s by young American directors notably Peter Bogdanovich. But who was Edgar G. Ulmer? The essays in this anthology attempt to shed some light on the director and the films he created. Films that are great possibly because of rather than despite the many restrictions Ulmer endured to make them. In *The Films of Edgar G. Ulmer* Bernd Herzogenrath has assembled a collection of essays that pay tribute to Ulmer's work and focus not only on his well-known films including *Detour* but also on rare gems such as *From Nine to Nine* and *Strange Illusion*. In addition to in-depth analyses of Ulmer's work this volume also features an interview with Ulmer's wife and an interview Ulmer gave in 1965 in which he comments on actors Bela Lugosi and Boris Karloff as well as fellow directors Tod Browning and James Whale.
