Sea Without a Shore Sean Russell,1996-02-01 The second book chronicling the epic fantasy adventures of naturalist Tristram Flattery as he voyages to discover the lost history of magic in a world where reason and science reign The secrets of the Mages had been lost with the passing of Erasmus Flattery a man of Talent who had served the last known Mage It seemed to be the dawn of a new era a time of reason science and exploration And Tristram Flattery Erasmus nephew was one of its most promising young naturalists Sent by the palace on a voyage halfway around the world Tristram finds himself led by a mysterious white bird which may be the ghost of his uncle s familiar to a remote island in the middle of a vast ocean where the natives have clearly been awaiting his coming And it soon becomes all too obvious to Tristram that his course was set by no living man Lost in a land of legend surrounded by a world which defies his rational beliefs Tristram comes to realize that he has inherited more than he thought from his illustrious uncle Now the fate of his world lies on his shoulders for it will be up to him to decide whether to open a dangerous door which has long been closed or keep that magical gateway forever locked

River Into Darkness Sean Russell,2018-10-09 For the first time in an omnibus edition this duology tells the tale of a twilight age for magic as one ancient mage tries to hide the secrets that might destroy the world It is the twilight of the mages Only one of these terrifying and mysterious men still remains the difficult and enigmatic Lord Eldrich More than one hundred and thirty years of age but appearing no older than forty Eldrich dwells in seclusion his precious knowledge disclosed to no one his very existence subject to speculation For motives of his own he has dedicated his life to eliminating all remaining vestiges of magic in the world But his work does not go unchallenged for there are those sworn to preserve the very lore Eldrich is striving to eradicate Fanatical followers of a long dead mage apprentice the Tellerites will stop at nothing to reclaim the forbidden powers of the magical arts even if it means braving Eldrich s wrath and descending into the perilous depths of a labyrinthine cave system in search of secrets that have lain hidden since the time of the first mage **Rituals of**

Manhood Gilbert H. Herdt,2017-09-08 Rituals of Manhood provides some of the most dramatic and richly textured accounts of ritual passages known to anthropologists of the late twentieth century When in an earlier time anthropologists and sociologists described collective initiation rituals the political and gender aspects of these practices were seldom underscored Today the power relationships of the body and domination and the social arena of gender politics are widely regarded as critical to the cultural meaning and interpretation **The Record of Sigma Alpha Epsilon** ,1891 **The**

The Two Faces of Inca History Isabel Yaya,2012-09-19 The historical narratives of the Inca dynasty known to us through Spanish records present several discrepancies that scholarship has long attributed to the biases and agendas of colonial actors Drawing on a redefinition of royal descent and a comparative literary analysis of primary sources this book restores the pre Hispanic voices embedded in the chronicles It identifies two distinctive bodies of Inca oral traditions each of which encloses a mutually conflicting representation of the past that considered together reproduces patterns of Cuzco s moiety division Building on this new insight the author revisits dual representations in the cosmology and ritual calendar of the ruling elite The result is a fresh contribution to ethnohistorical works that have explored native ways of constructing history
