This book has been described by Lord Justice Jackson as a tour de force and by His Honour Humphrey Lloyd QC as seminal and definitive. This new edition builds on that strong foundation and has been fully updated to include extensive references to very latest case law as well as changes to statutes and regulations. The laws of Hong Kong and Singapore are also now covered in detail in addition to those of England and Australia. Contract Law in Perspective Linda Mulcahy, 2008-08-18. *Contract Law in Perspective* complements black letter treatments of contract by looking at legal doctrine and statutes in their social, political, and economic contexts. It increases students' understanding of the law of contract as well as convinces them why it is so important to us all. In addition to describing the key doctrines in the field, it explains the ideology behind them and considers the extent to which they serve the needs of the business community and consumers. The book broadens understanding and appreciation of the subject by reference to the big ideas in contract theory and how these relate to practice at a level which is suitable for students. This fifth edition has been substantially revised and now includes sections on privity and the Rights of Third Parties Act, as well as a discussion of the Law Commission's Unfair Terms in Contract draft bill. Includes new chapter introductions and summaries designed to help students identify the key points and reflect on what they have learnt, provides advice on further reading, pointing students towards sources for more detailed study, now includes additional self-test questions for students at the end of each chapter to enable them to consolidate and practice at regular intervals.
