one that could reshape the galaxy's future *First Manned Rocket Launch* Jean Paul Pallud, 2025-03-31 This is a very nice reference book that contains a well written informative text subject specific photographs well detailed captions and more all detailing Erich Bachem's Ba 349 Natter Aeroscale Well before Yuri Gagarin or Alan Shepard Lothar Sieber became the first man to take off vertically from the ground under rocket power on March 1 1945 The plane crashed after flying for 55 seconds and he was killed The launch marked a milestone on the road to spaceflight even though it remained virtually unknown to the general public for more than half a century But the Natter was a weapon of war born out in the closing months of World War II when Germany was desperately looking for wonder weapons to fight the inevitable defeat A vertical take off rocket fighter the Natter would reach the Allied bomber altitude in seconds then the pilot would get within firing distance of a bomber and fire all 24 rockets into the nose in a single shot Its fuel running out the pilot will then glide the plane at high speed to a lower altitude at which point he will trigger the plane to break up a large parachute opening at the rear popping off the nose and the pilot with it The pilot and the tail with the Walter rocket engine would land under their separate parachutes while the disposable nose fuselage and wings were to crash to the ground The Natter is unquestionably an exciting aircraft but it is safe to assume that it would have been a failure as a bomber interceptor *Soviet Military Review* ,1977 *The Hynek UFO Report* J. Allen Hynek, 2025-09-12 The ultimate guide to Project Blue Book by one of the lead astronomers for the US Air Force program to investigate UFO sightings and featured in History Channel's Project Blue Book Originally released in 1977 this new edition by the world's foremost authority on UFOs distills 12 000 sightings and 140 000 pages of Project Blue Book evidence into a coherent explanation A US Air Force sponsored UFO basher for years Hynek had completely changed his tune by the late 1960s Whether you believe in little green men or an official government cover up policy The Hynek UFO Report is required reading Have UFOs really been reported by every nation across the globe Can all the eyewitness reports simply be fantasy Are we victims of mass hallucination or just plain lies Have close encounters actually occurred Is the government concealing deep secrets at a hidden location The Hynek UFO Report is rational logical and realistic It is for anyone interested in UFOs the possibility of extraterrestrial life and the role of the US government in hiding the truth from the public
