Helm,1929 **The Publishers Weekly** ,1930 **Oregon Historical Quarterly** Oregon Historical Society,2016 **The Oxford Handbook of Mystical Theology** Edward Howells,Mark A. McIntosh,2020-02-25 The Oxford Handbook of Mystical Theology provides a guide to the mystical element of Christianity as a theological phenomenon It differs not only from psychological and anthropological studies of mysticism but from other theological studies such as more practical or pastorally oriented works that examine the patterns of spiritual progress and offer counsel for deeper understanding and spiritual development It also differs from more explicitly historical studies tracing the theological and philosophical contexts and ideas of various key figures and schools as well as from literary studies of the linguistic tropes and expressive forms in mystical texts None of these perspectives is absent but the method here is more deliberately theological working from within the fundamental interests of Christian mystical writers to the articulation of those interests in distinctively theological forms in order finally to permit a critical theological engagement with them for today Divided into four parts the first section introduces the approach to mystical theology and offers a historical overview Part two attends to the concrete context of sources and practices of mystical theology Part three moves to the fundamental conceptualities of mystical thought The final section ends with the central contributions of mystical teaching to theology and metaphysics Students and scholars with a variety of interests will find different pathways through the Handbook

which gave power to the writing of their unique classics This award winning study focusing on the mysticism in the lives and major works of Thoreau and Whitman two great American literary mystics of the 19th century remedies that You ll find out How their principal works were inspired by their spiritual revelations and struggles What the deeper meanings are in key passages from Thoreau s classic *Walden* and Whitman s provocative and ground breaking poem *Song of Myself* How their spirituality reflected their very different personalities and characters By understanding the wisdom and strengths as well as the faults and failings of these great men of letters we can know ourselves better As Dr Chari states in the Foreword At a time like this Dr Hourihan performs a valuable service by his courageous reaffirmation of what is of permanent value in the lives and works of two of the most original minds in American literature *Whitman's Self* Paul Hourihan,2012-07 OPEN THE HEART of Self Discovery through the Life and Amazing Works of Walt Whitman Walt Whitman was known as the Good Gray Poet who paved the way for modern American poetry The epithets good and gray make Whitman sound dull to the modern reader yet Whitman was anything but dull In Whitman s *Self* *Mysticism in the Life and Writings of Walt Whitman* Paul Hourihan explores how Whitman s spiritual revelations and struggles informed his most significant works especially his ground breaking poem *Song of Myself* Whitman s *Self* contains insightful and provocative interpretations of Whitman s writing that will intrigue those who know Walt Whitman well as well as those who are just getting introduced to him At a time like this Dr Hourihan performs a valuable service by his courageous reaffirmation of what is of permanent value in the life and works of one of the most original minds in American literature Dr V K Chari author of *Whitman in the Light of Vedantic Mysticism* **Christianity and Western Literature** Ambrose Mong,2023-09-28 Some of the greatest works of Western literature have been inspired or influenced by powerful Christian themes In this fresh evaluation of this relationship and its development over the last two millennia Ambrose Mong studies a series of authors representative of the changing epochs Augustine Dante and Milton all wrote to serve the needs of the Christian community and combine their religious themes with scholarly excellence Meanwhile Shakespeare s plays and Coleridge s *The Rime of the Ancient Mariner* though not specific to the Christian faith nevertheless betray the dominant Christian values and imagery of their time Finally in Dostoevsky s *The Brothers Karamazov* and Greene s *The Power and the Glory* Christianity is put under scrutiny reflecting the increasing insecurity of its place in society Throughout Mong also shows that the themes in these works are to a certain extent universal Creation sin suffering and forgiveness are perennial human concerns beyond the exclusive purview of Christianity and these texts serve to challenge Christian assumptions as much as they are influenced by them Always thorough and sensitive to the unique context of each writer Mong s analysis provides an important grounding in the way Western literature has shaped and been shaped by the religion of its day **Herald of Gospel Liberty** Elias Smith,1910 *The National Union Catalog, Pre-1956 Imprints* Library of Congress,American Library Association. Committee on Resources of American Libraries. National Union Catalog Subcommittee,1972 **Unmasking the Powers** Walter

Wink, 1984 Angels Spirits principalities powers gods Satan these along with all other spiritual realities are the unmentionables of our culture The dominant materialistic worldview has absolutely no place for them But materialism itself is terminably ill and let us hope in process of replacement by a worldview capable of honoring the lasting values of modern science without succumbing to reductionism Therefore we find ourselves returning to the ancient traditions searching for wisdom wherever it may be found We do not capitulate to the past and its superstitions but bring all the gifts our race has acquired along the way as aids in recovering the lost language of our souls In Naming the Powers I developed the thesis that the New Testament's principalities and powers is a generic category referring to the determining forces of physical psychic and social existence In the present volume we will be focusing on just seven of the Powers mentioned in Scripture Their selection out of all the others dealt with in Naming the Powers is partly arbitrary they happen to be ones about which I felt I had something to say But they are also representative and open the way to comprehending the rest They are Satan demons angels of churches angels of nations gods elements and angels of nature
