The Lyon Uprising Of 1834 Social And Political Conflict In The Early July Monarchy:

The Lyon Uprising of 1834 Robert J. Bezucha, 1974 **Gender, Emotion, and the Origins of Democracy in July Monarchy France** Jeffrey B. Hobbs, 2024-12-31 This book provides a new perspective on the historical importance of a series of provincial rebellions in France after the Revolution of 1830. It demonstrates their crucial role in the development of popular ideas about liberty and democracy in modern France. Hobbs shows how the Duchesse de Berry's rebellion in 1832 and the Lyon insurrections of 1831 and 1834 inspired competing visions of liberty defined through discourses about gender and emotion. In particular, he illustrates how political groups including liberals, legitimists, and republicans used representations of gender and emotion to justify their roles in rebellions and to contest the meaning of liberty. Rather than being directly descended from liberal or republican traditions, the book argues, modern French democracy was forged as the mutual creation of these groups as they vied for political power in the nineteenth century. This volume will be of interest to scholars of modern France, the history of democracy, the history of emotions, the history of class, and the history of liberalism, as well as to graduate students studying modern Europe, liberalism, the history of emotions, class politics, and nineteenth-century royalism.

Press, Revolution, and Social Identities in France, 1830-1835 Jeremy D. Popkin, 2010-11-01 In this innovative study of the press during the French Revolutionary crisis of the early 1830s, Jeremy Popkin shows that newspapers played a crucial role in defining a new repertoire of identities for workers, women, and members of the middle classes that redefined Europe's public sphere. Nowhere was this process more visible than in Lyon, the great manufacturing center where the aftershocks of the July Revolution of 1830 were strongest. In July 1830, Lyon's population had rallied around its liberal newspaper and opposed the conservative Restoration government. In less than two years, however, Lyon's press and its public opinion, like those of the country as a whole, had become irrevocably fragmented. Popkin shows how the structure of the journalistic field in liberal society multiplied political conflicts and produced new tensions between the domains of politics and culture. New periodicals appeared claiming to speak for workers, for women, and for the local interests of Lyon. The public was becoming inherently plural with the emergence of new imagined communities that would dominate French public life well into the twentieth century. Jeremy Popkin is well known for his earlier studies of journalism during the eighteenth century and the French Revolution. In *Press, Revolution, and Social Identities in France*, he not only moves forward in time but also offers a new model for a cultural history of journalism and its relationship to literature.

Encyclopedia of Historians and Historical Writing Kelly Boyd, 2019-10-09 The *Encyclopedia of Historians and Historical Writing* contains over 800 entries ranging from Lord Acton and Anna Comnena to Howard Zinn and from Herodotus to Simon Schama. Over 300 contributors from around the world have composed critical assessments of historians from the beginning of historical writing to the present day, including individuals from related disciplines like Jürgen Habermas and Clifford Geertz, whose theoretical contributions have informed historical debate. Additionally, the *Encyclopedia* includes some 200 essays treating the

development of national regional and topical historiographies from the Ancient Near East to the history of sexuality In addition to the Western tradition it includes substantial assessments of African Asian and Latin American historians and debates on gender and subaltern studies **The English and Violence Since 1750** Clive Emsley,2007-01-20 Hard Men is the leading authority on Britain s historic culture of violence It is dispassionate in tone and includes discussion of domestic violence against women and political protest The Revolution Takes Form Jordan Marc Rose,2023-12-05 During the French Revolution of 1830 insurgents raised some four thousand barricades Afterward lithographs of the street fighting flowed from the presses creating the barricade s first imagery This book documents the changing political valence of the revolutionary ideals associated with the barricade in France from 1830 to 1852 The Revolution Takes Form coordinates the political reality of the barricade with the divergent ways in which its image gave shape to the period s conceptions of class revolution and urban space Engaging the instability of the barricade art historian Jordan Marc Rose focuses on five politically charged works of art Eug ne Delacroix s La Libert guidant le peuple Honor Daumier s Rue Transnonain le 15 avril 1834 and L meute Auguste Pr ault s Tuerie and Ernest Meissonier s Souvenir de guerre civile The history of these artworks illuminates how such revolutionary insurrections were characterized along with the conceptions of the people they mobilized Foregrounding a trajectory of disillusionment growing class tensions and ultimately open conflict between bourgeois liberals and the proletariat Rose both explains why the barricade became a compelling subject for pictorial reflection and accounts for its emergence as the period s most poignant and meaningful symbol of revolution Original and convincing this book will appeal to students and scholars of art history and in particular of the history of the French Revolution **Political Economy from Below** Rob Knowles,2017-07-05 Communitarian anarchism is a generic form of socialism that denies the need for a state or any other authority over the individual from above and which requires absolute belief that the individual cannot exist outside of a community of others This book suggests that the communitarian anarchists of the nineteenth century developed and articulated a distinct tradition of economic thought The period of this study begins with the first major writing of the French communitarian anarchist Pierre Joseph Proudhon in 1840 and ends with the temporary burial of anarchist theorizing at the beginning of the First World War in 1914 However he tradition of communitarian anarchist economic thought did not end in 1914 The economic thought explored in this book provides a fresh perception of the fragmentation evident in many societies today especially where there is a substantial informal economy *Political Repression in 19th Century Europe* Robert Justin Goldstein,2013-06-17 Originally published in 1983 The nineteenth century was a time of great economic social and political change As Europe modernized previously ignorant and apathetic elements in the population began to demand political freedoms There was pressure also for a freer press for the rights of assembly and association The apprehension of the existing elites manifested itself in an intensification of often brutal form of political repression The first part of this book summarizes on a pan European basis the major techniques of repression such as the

denial of popular franchise and press censorship This is followed by a chronological survey of these techniques from 1815 to 1914 in each European country The book analyzes the long and short term importance of these events for European historical development in the 19th and 20th centuries The Virtues of Violence Kevin Duong, 2020-03-19 If democracy liberates individuals from their inherited bonds what can reunite them into a sovereign people In The Virtues of Violence Kevin Duong argues that one particular answer captivated modern French thinkers popular violence as social regeneration In this tradition of political theory the people's violence was not a sign of anarchy or disorder Instead it manifested a redemptive power capable of binding and repairing a society on the cusp of social disintegration This was not a fringe view of French democracy at the time but central to its momentous development Duong analyzes the recurring role of the people's redemptive violence across four historical moments the French Revolution the imperial conquest of Algeria the Paris Commune and the years leading up to World War I Bringing together democratic theory and intellectual history he reveals how political thinkers across the spectrum proclaimed that violence by the people could repair the social fabric even as they experienced democratization as social disintegration The path from an anarchic multitude to an organized democratic society required the virtuous expression of violence by the people not its prohibition Duong's book urges us to reject accounts that view redemptive violence as an antidemocratic pathology It challenges the long held view that popular violence is a sign of anarchy or disorder As shocking and unsettling as redemptive violence could be it appealed to thinkers across the spectrum because it answered a fundamental dilemma of political modernity how to replace the severed bonds of the old regime with a superior democratic social bond The Virtues of Violence argues we do not properly understand modern democracy unless we can understand why popular redemptive violence could be invoked on its behalf Women and Political Insurgency D. Barry, 1996-03-25 A lucid and wide ranging survey of the changing role of women in insurgent movements in nineteenth century France that will be invaluable for those interested in both women's studies and French history Pamela M Pilbeam Royal Holloway University of London This book provides a broad survey of the development of female insurgency in France between 1789 and 1871 and lays particular emphasis on the conflicts of 1830-51 Drawing on unused archival material Barry demonstrates that a tradition of women's protest evolved from the 1789 Revolution assuming particular forms associated with the exclusion of females from political and civil rights and inviting both praise and vilification The conclusions challenge the view that in nineteenth century France women retreated altogether from popular movements **The Weaver's Knot** Tessie P. Liu, 1994 No detailed description available for The Weaver's Knot Women at Work in Preindustrial France Daryl M. Haferkamp, 2010-11-01 The Politics of Utopia Barbara Goodwin, Keith Taylor, 2009 Ralahine Utopian Studies is the publishing project of the Ralahine Centre for Utopian Studies University of Limerick and the University of Bologna at Forl The series editors publish scholarship that addresses the theory and practice of utopianism including Anglophone continental European and indigenous and post colonial traditions and contemporary and historical periods Especially welcome are

comparative studies in any disciplinary or trans disciplinary framework **Cities and the Making of Modern Europe, 1750-1914** Andrew Lees, Lynn Hollen Lees, 2007-12-13 A survey of urbanization and the making of modern Europe from the mid eighteenth century to the First World War **Forging Democracy** Geoff Eley, 2002 This text gives a history of the European Left s successes and failures its high and lows its accomplishments insufficiencies and excesses and its formative lasting influence on the political landscape of the West Crowd Actions in Britain and France from the Middle Ages to the Modern World Michael T. Davis, 2015-09-01 Crowd Actions in Britain and France from the Middle Ages to the Modern World explores the lively and often violent world of the crowd examining some of the key flashpoints in the history of popular action From the Peasants Revolt of 1381 to the Paris riots in 2005 and 2006 this volume reveals what happens when people gather together in protest **Taste and Power** Leora Auslander, 2023-04-28 Louis XIV regency rococo neoclassical empire art nouveau and historicist pastiche furniture styles march across French history as regimes rise and fall In this extraordinary social history Leora Auslander explores the changing meaning of furniture from the mid seventeenth to the early twentieth century revealing how the aesthetics of everyday life were as integral to political events as to economic and social transformations Enriched by Auslander s experience as a cabinetmaker this work demonstrates how furniture served to represent and even generate its makers and consumers identities Louis XIV regency rococo neoclassical empire art nouveau and historicist pastiche furniture styles march across French history as regimes rise and fall In this extraordinary social history Leora Auslander explores the changing meaning of furnitur **Revolutionary Spring** Christopher Clark, 2023-06-13 New York Times Book Review Editors Choice From the bestselling author of The Sleepwalkers comes an epic history of the 1848 revolutions that swept Europe and the charismatic figures who propelled them forward Refreshingly original Familiar characters are given vibrancy and previously unknown players emerge from the shadows The Times UK A BEST BOOK OF THE YEAR New Yorker The Economist Financial Times As history the uprisings of 1848 have long been overshadowed by the French Revolution of 1789 and the Russian revolutions of the early twentieth century And yet in 1848 nearly all of Europe was aflame with conflict Parallel political tumults spread like brush fire across the entire continent leading to significant changes that continue to shape our world today These battles for the future were fought with one eye kept squarely on the past The men and women of 1848 saw the urgent challenges of their world as shaped profoundly by the past and saw themselves as inheritors of a revolutionary tradition Celebrated Cambridge historian Christopher Clark describes 1848 as the particle collision chamber at the center of the European nineteenth century a moment when political movements and ideas from socialism and democratic radicalism to liberalism nationalism corporatism and conservatism were tested and transformed The insurgents asked questions that sound modern to our ears What happens when demands for political or economic liberty conflict with demands for social rights How do we reconcile representative and direct forms of democracy How is capitalism connected to social inequality The revolutions of 1848 were short lived but their impact on public life and

political thought throughout Europe and beyond has been profound Meticulously researched elegantly written and filled with a cast of charismatic figures including the social theorist Alexis de Tocqueville the writer George Sand and the troubled priest Flicit de Lamennais who struggled to reconcile his faith with politics Revolutionary Spring offers a new understanding of 1848 that suggests chilling parallels to our present moment Looking back at the revolutions from the end of the first quarter of the twenty first century it is impossible not to be struck by the resonances Clark writes If a revolution is coming for us it may look something like 1848

Capitalism and the Emergence of Civic Equality in Eighteenth-Century France William H. Sewell, 2021-04-28 There is little doubt that the French Revolution of 1789 changed the course of Western history But why did the idea of civic equality a distinctive signature of that revolution find such fertile ground in France How might changing economic and social realities have affected political opinions William H Sewell Jr argues that the flourishing of commercial capitalism in eighteenth century France introduced a new independence flexibility and anonymity to French social life By entering the interstices of this otherwise rigidly hierarchical society expanded commodity exchange colored everyday experience in ways that made civic equality thinkable possible even desirable when the crisis of the French Revolution arrived Sewell ties together masterful analyses of a multitude of interrelated topics the rise of commerce the emergence of urban publics the careers of the philosophes commercial publishing patronage political economy trade and state finance Capitalism and the Emergence of Civic Equality in Eighteenth Century France offers an original interpretation of one of history's pivotal moments

The New Biography Jo Burr Margadant, 2000-09-04 This collection offers new perspectives on the lives of eight famous women in nineteenth century France Their stories are used as a starting point through which the contributing authors experiment with what is called the new biography
