THE  
MACHIAVELLIAN  
ENTERPRISE

A Commentary on *The Prince*

Leo Paul de Alvarez

# The Machiavellian Enterprise

**G.A. John Rogers, Thomas Sorell**

## **The Machiavellian Enterprise:**

The Machiavellian Enterprise Leo Paul S. De Alvarez, 1999 Scholars have long maintained that Machiavelli's *The Prince* does not develop a single sustained argument but rather presents a set of disparate reflections however de Alvarez takes a different view In *The Machiavellian Enterprise* he demonstrates that there is an internal consistency in *The Prince* built upon a key argument that has been previously overlooked De Alvarez presents his bold and sophisticated argument in an accessible manner and incites debates and discussions that reshape the view of the western tradition's most original political philosopher

The Machiavellian Enterprise Leo Paul de Alvarez, 2008-06 Scholars have long maintained that Machiavelli's *The Prince* does not develop a single sustained argument but rather presents a set of disparate reflections however de Alvarez takes a different view In *The Machiavellian Enterprise* he demonstrates that there is an internal consistency in *The Prince* built upon a key argument that has been previously overlooked De Alvarez presents his bold and sophisticated argument in an accessible manner and incites debates and discussions that reshape the view of the western tradition's most original political philosopher

*The Judge* Ronald K.L. Collins, David M. Skover, 2017-09-01 Using Machiavelli's *The Prince* as its model Ronald K L Collins and David M Skover's *The Judge* offers judges advice on how to be effective political actors

Machiavelli's Legacy Timothy Fuller, 2016 Machiavelli's Legacy situates Machiavelli in general and *The Prince* in particular at the birth of modernity Joining the conversation with established Machiavelli scholars are political theorists Americanists and international relations scholars ensuring a diversity of viewpoints and approaches

The Art of Power Diego A. Von Vacano, 2007-01-01 *The Art of Power* offers up a challenge to traditional political theory Diego A von Vacano provides original interpretations of Machiavelli's oeuvre and of Nietzsche's relationship to politics

**A Reader's Companion to *The Prince*, *Leviathan*, and the *Second Treatise*** John T. Bookman, 2018-12-28 Machiavelli Hobbes and Locke each sought a new foundation for political order This book serves as a reader's companion to Machiavelli's *The Prince* Hobbes's *Leviathan* and Locke's *Second Treatise* written for graduate students and scholars seeking a fuller understanding of these classic texts How do these philosophers respond to perennial questions such as why anyone is ever obligated to obey a government and whether there are any limits to such an obligation In this book Bookman begins by sorting out the hermeneutical controversy between textualists and contextualists offers a chapter by chapter commentary on the texts punctuated by questions for the reader's reflection and finally suggests a firmer foundation for a theory of political obligation than Hobbes's and Locke's consent theories Also included are bibliographical essays keyed to select bibliographies providing readers with a wide ranging critical review of the secondary literature Intended to be read alongside the primary work the work is a full intellectual critical and bibliographical history as well as a fresh examination of three classic texts in political theory and philosophy

**Machiavelli's Effectual Truth** Harvey C. Mansfield, 2023-09-21 Machiavelli master conspirator of effectual truth meets his equal in Montesquieu who takes the task of maintaining the modern world

Executive Power in

Theory and Practice H. Liebert, G. McDowell, 2012-01-30 Since September 11 2001 long standing debates over the nature and proper extent of executive power have assumed a fresh urgency In this book eleven leading scholars of American politics and political theory address the idea of executive power      *Machiavelli on War* Christopher Lynch, 2023-12-15 Machiavelli on War offers a comprehensive interpretation of the philosopher historian s treatment of war throughout his writings from poems and memoranda drafted while he was Florence s top official for military matters to his posthumous works The Prince and Discourses on Livy Christopher Lynch argues that the issue of war permeates the form and content of each of Machiavelli s works the substance of his thoughts and his own activity as a writer concluding that he was the first great modern philosopher because he was the first modern philosopher of war Lynch details Machiavelli s understanding of warfare in terms of both actual armed conflict and at the intellectual level of thinkers competing on the field of knowledge and belief Throughout Machiavelli s works he focuses on how military commanders knowledge of human necessities beginning with their own enables and requires them to mold soldiers organizationally and politically to best deploy them in operations attuned to political context and changing circumstances Intellectually leaders must shape minds their own and others to reject beliefs that would weaken their purpose for Machiavelli this meant overcoming the classical and Christian traditions in favor of a new teaching of human freedom and excellence As Machiavelli on War makes clear prevailing both on the battlefield and in the war of ideas demands a single minded engagement in reasoning about everything beginning with oneself For Machiavelli Lynch shows the successful military commander is not just an excellent leader but also an excellent human being in constant pursuit of the truth about themselves and the world      *Proceedings, American Philosophical Society (vol. 120, No. 4, 1976)* ,      *Leadership and the Unmasking of Authenticity* Brent Edwin Cushner, Mark A. Menaldo, 2018 Leadership and the Unmasking of Authenticity presents a philosophic treatment of the core concept of authentic leadership theory with a view toward illuminating how authors in the history of philosophy have understood authenticity as an ideal for humanity Such an approach requires a broader view of the historical origins of authenticity and the examination of related ideas such as self knowledge and deception The chapters of this book illuminate the conflict between the contemporary understanding of authenticity and traditional philosophy by revisiting the ideas of thinkers who express self knowledge as a cornerstone of their philosophy      *Machiavelli's Politics* Catherine H. Zuckert, 2017-04-25 Machiavelli is popularly known as a teacher of tyrants a key proponent of the unscrupulous Machiavellian politics laid down in his landmark political treatise The Prince Others cite the Discourses on Livy to argue that Machiavelli is actually a passionate advocate of republican politics who saw the need for occasional harsh measures to maintain political order Which best characterizes the teachings of the prolific Italian philosopher With Machiavelli s Politics Catherine H Zuckert turns this question on its head with a major reinterpretation of Machiavelli s prose works that reveals a surprisingly cohesive view of politics Starting with Machiavelli s two major political works Zuckert persuasively shows that the moral revolution

Machiavelli sets out in *The Prince* lays the foundation for the new form of democratic republic he proposes in the *Discourses*. Distrusting ambitious politicians to serve the public interest of their own accord, Machiavelli sought to persuade them in *The Prince* that the best way to achieve their own ambitions was to secure the desires and ambitions of their subjects and fellow citizens. In the *Discourses*, he then describes the types of laws and institutions that would balance the conflict between the two in a way that would secure the liberty of most if not all. In the second half of her book, Zuckert places selected later works, *La Mandragola*, *The Art of War*, *The Life of Castruccio Castracani*, *Clizia*, and *Florentine Histories*, under scrutiny, showing how Machiavelli further developed certain aspects of his thought in these works. In *The Art of War*, for example, he explains more concretely how and to what extent the principles of organization he advanced in *The Prince* and the *Discourses* ought to be applied in modern circumstances. Because human beings act primarily on passions, Machiavelli attempts to show readers what those passions are and how they can be guided to have productive rather than destructive results. A stunning and ambitious analysis, Machiavelli's *Politics* brilliantly shows how many conflicting perspectives do inform Machiavelli's teachings, but that one needs to consider all of his works in order to understand how they cohere into a unified political view. This is a magisterial work that cannot be ignored if a comprehensive understanding of the philosopher is to be obtained.

*The Certainty of Doubt*, Miles Fairburn, William Hosking, Oliver, 1996. Essays written by Peter Munz's friends and colleagues to celebrate his 75th birthday. Themes include history, the philosophy of history, the philosophy of science, and the problems of knowledge, reflecting Munz's intellectual interests and achievements. Back cover.

**Classical Christianity and the Political Order**, Ernest L. Fortin, 1996-11-21. In Volume Two of Ernest Fortin's *Collected Essays*, Fortin deals with the relationship between religion and civil society in a Christian context, that of an essentially nonpolitical but by no means entirely otherworldly religion, many of whose teachings were thought to be fundamentally at odds with the duties of citizenship. Sections focus upon Augustine and Aquinas on Christianity and politics, natural law, natural rights, and social justice, and Leo Strauss and the revival of classical political philosophy. Fortin's treatment of these and related themes betrays a keen awareness of one of the significant intellectual events of our time: the recovery of political philosophy as a legitimate academic discipline.

Political Philosophy and the Challenge of Revealed Religion, Heinrich Meier, 2017-01-27. Meier's guiding insight here is that philosophy must prove its right and its necessity in the face of the claim to truth and demand obedience of its most powerful opponent, revealed religion.

**Hobbes and History**, G.A. John Rogers, Thomas Sorell, 2013-01-11. Much of Thomas Hobbes's work can be read as historical commentary taking up questions in the philosophy of history and the rhetorical possibilities of written history. This collection of scholarly essays explores the relation of Hobbes's work to history as a branch of learning.

**The Idea of Historical Recurrence in Western Thought**, G. W. Trompf, 1979-01-01. The concept of viewing historical change as a cyclical process is analyzed, beginning with the works of Polybius, historian of the Roman empire, and ending with Machiavelli, with an examination of the biblical concept of historical

change      **Regime and Education** Ian Dagg,2023-09-14 This volume is an inquiry into the history of political philosophy by way of the general theme of education Each contributor addresses the relationship between a particular political philosopher s broad teaching on the best political order and that political philosopher s teaching about education The unifying contention of the work is that each political philosopher considered in the volume promotes a certain kind of political regime and therefore a particular mode of education essential to that regime Each chapter written by a separate contributor is distinguished from the others primarily by the political philosopher being considered The book has a chapter dedicated to each of the following political philosophers Plato Xenophon Aristotle Machiavelli Bacon Locke Rousseau Tocqueville and Nietzsche The volume provides a survey of educational models by some of the greatest thinkers of the West while continually demonstrating that the two themes of politics and education are inseparable      **Proceedings of the 2022 2nd**

**International Conference on Modern Educational Technology and Social Sciences (ICMETSS 2022)** Youbin Chen,Marcus T. Anthony,Yan Ke,2023-02-10 This is an open access book ICMETSS 2022 is to bring together innovative academics and industrial experts in the field of Innovation in Teaching Learning Technology Enhanced Learning in the Digital Era and Integrating Educational Technologies The primary goal of the conference is to promote research and developmental activities in Innovations in educational technology in the digital age and another goal is to promote scientific information interchange between researchers developers engineers students and practitioners working all around the world The conference will be held every year to make it an ideal platform for people to share views and experiences in Innovations in educational technology in the digital age and related areas      **Shakespeare's Reading Audiences** Cyndia Susan

Clegg,2017-06-26 This study grows out of the intersection of two realms of scholarly investigation the emerging public sphere in early modern England and the history of the book Shakespeare s Reading Audiences examines the ways in which different communities humanist legal religious and political would have interpreted Shakespeare s plays and poems whether printed or performed Cyndia Susan Clegg begins by analysing elite reading clusters associated with the Court the universities and the Inns of Court and how their interpretation of Shakespeare s Sonnets and Henry V arose from their reading of Italian humanists She concludes by examining how widely held public knowledge about English history both affected Richard II s reception and how such knowledge was appropriated by the State She also considers The Merry Wives of Windsor Henry V and Othello from the point of view of audience members conversant in popular English legal writing and Macbeth from the perspective of popular English Calvinism

## **The Machiavellian Enterprise** Book Review: Unveiling the Magic of Language

In an electronic digital era where connections and knowledge reign supreme, the enchanting power of language has become apparent than ever. Its power to stir emotions, provoke thought, and instigate transformation is truly remarkable.
