The Magic Of Findhorn:

The Magic of Findhorn Paul Hawken, 1982-10-01 *The Magic of Findhorn Gardens* Paul Hawken, 1975* Lost and Found Geoff Dalglish, 2012-09-01 Tackling the goal to walk 25 000 miles the equivalent of the circumference of the planet one man shares life changing insights through his personal travel vignettes Formerly a thrill seeking journalist Geoff Dalglish begins his impressive expedition after undergoing a spiritual and ecological awakening at the Findhorn center in Scotland His deliberate journey from Timbuktu to Antarctica to Hollywood unfolds in vivid and inspiring detail revealing a wealth of unimaginable experiences while sharing a message about treading lightly on the Earth From the horrors of bloody civil unrest and death defying moments at the hands of armed guerilla soldiers to close encounters with the animal kingdom and finding healing balm within spiritual communities this roller coaster of adventure chronicles a deeper quest for meaning that culminates in the joys of a life lived in simplicity and service **The No.9 Bus to Utopia** David Bramwell, 2014-06-26 When David Bramwell s girlfriend left him for someone she described as younger but more mature than you he decided he had something to learn about giving Taking a year off he journeyed through Europe and America seeking out extraordinary communities that could teach him how to share He wanted answers to a few troubling questions Is modern life rubbish Why do so many of us feel lonely and unfulfilled despite a high standard of living Are there communities out there who hold the key to happiness And if so why do so many of their inhabitants insist on dressing in tie dye His quest led him to an anarchist haven in the heart of Copenhagen some hair raising experiences in free love communities an epiphany in a spiritual caravan park in Scotland and an apparent paradise in a Californian community dreamed up by Aldous Huxley Most impressive of all was Damanhur a 1000 strong science fiction style community in the Alps with an underground temple the size of St Paul s Cathedral a village of tree houses and a fully functioning time machine Inspired he returned home with a desire to change Not just himself but also his neighbourhood and city Find out how he succeeded in this wry and self deprecatingly funny spiritual journey that asks some big questions and finds the answers surprisingly simple The System of Antichrist Charles Upton, 2005 The System of Antichrist examines the present religious and cultural scene from the standpoint of traditional metaphysics and critiques the New Age spiritualities within their postmodern context Its many references to Rene Guenon and Frithjof Schuon also help introduce these important but little known traditionalist thinkers The book presents lore relating to the latter days of the present cycle from the vantage point of comparative religion drawing upon relevant doctrines from Buddhism Hinduism Judaism Christianity Islam Zoroastrianism and the Native American traditions It also speculates upon the social psychic and spiritual nature of that being known to Christianity Judaism and Islam as the Antichrist presenting him as both an individual and a system and warning those willing to be warned against the spiritual seduction and terror he represents and against the regime which will be and is the social expression of that seduction and that terror Finally in tracing the roots of Antichrist in the fallen nature of man the author sketches the particular quality of

spirituality proper to apocalyptic times the dangers it faces the unique opportunities open to it And along the way he describes his own course from the spiritual revolution of the 1960s through the world of New Age spiritualities to the threshold of traditional esoterism and metaphysics As he says speaking of the angst that characterizes the modern world The specific medicine for the shock of despair is the deeper shock of meaning Nothing but the weight of eternity breaking through the thin brittle shell of the postmodern sky can set us on our feet Yogananda, Gurdjieff, Jung & I AM John Maxwell Taylor, 2024-01-24 Yogananda Gurdjieff Jung I AM My Adventures in Life and Consciousness is John Maxwell Taylor's wild romp through sixty years of consciousness raising meditation to find bliss joy happiness and our true nature as humans Are you ready to join him on this journey Inspired by yogi Paramahansa Yogananda spiritual teacher G I Gurdjieff and mystical psychologist Carl Jung John Maxwell considers himself a rock n roll mystic who came to spirituality when he was a singer guitarist in the 1960s As flashy as was his life then so was his spiritual transformation for a moment the world literally disappeared in the light of God In an engaging style with thrills and humor sprinkled throughout John Maxwell invites the reader to become emotionally connected not just with him through his autobiography but with themselves He offers his own life lessons that can be applied immediately to readers own lives so that they too can fulfill their destiny Unlike most Western self help books that preach thinking about concepts John Maxwell offers a more truthful path forward into enlightenment feeling through direct experience **The Encyclopedic Sourcebook of New Age Religions** James R. Lewis, 2004-08-30 In the late 1980s the New Age movement became the focus of both media attention and widespread ridicule as some of the more outlandish aspects of the movement such as channeling and the use of crystals for healing briefly piqued the public's curiosity While the movement was at its height scholars of religion generally sneered at what was perceived to be a daffy shallow craze and ignored it as a subject of serious study Professor James R Lewis was among the first to examine this growing religious phenomenon scientifically In previous books he has investigated the New Age as the most visible manifestation of a significant spiritual subculture the roots of which reach back to Theosophy Spiritualism and New Thought The present collection pursues this theme bringing together some of the best recent scholarship on new religions Since the height of its popular influence the New Age has declined in strength but has given rise to a plethora of new denominations all shaped by New Age ideas and spirituality Reflecting the emergence of this new denominational structure the core chapters of this book focus on specific groups Other chapters examine the movement's historical roots A unique feature of Dr Lewis's work is his inclusion of extensive selections from New Age literature thus allowing readers to experience firsthand the unusual perspectives of the various groups This is a fascinating examination of a significant and persistent religious and social phenomenon *The Essential Guide to Aromatherapy and Vibrational Healing* Margaret Ann Lembo, 2016-03-08 Improve your life and enhance your healing practice with *The Essential Guide to Aromatherapy and Vibrational Healing* an A to Z guide to sixty essential oils and their corresponding vibrational elements Renowned author Margaret Ann Lembo shows

1976 and Janet Tanhurst is a teenager who feels stifled by life with her strict mother and the authoritarian church she must attend. Once out of high school however Janet is initiated into a fascinating new world of Astrology Tarot cards and Spirit Mediums. Next she encounters the mysterious world of UFOs a bewildering and sometimes frightening realm encompassing ancient astronauts alien abductions and shadowy government conspiracies. As the 1980s arrive the Christian dominated Piscean Age seems to be giving way to a long anticipated Aquarian Age with its hope for a coming revolution in higher consciousness. There are new paradigms in philosophy and science promoting a holographic conception of the universe as engaged in a Cosmic Dance along with the emergence of an introspective type of instrumental music known as New Age. With the help of bookstore owner Whisper Wynn Janet investigates subjects such as reincarnation quartz crystals chakras and the human aura in addition to an exciting new form of spiritual teaching called channeling. Following movement leaders including Shirley MacLaine and Marianne Williamson studying enigmatic teachers like G I Gurdjieff and Carlos Castaneda and inspired by medical doctors such as Deepak Chopra and Andrew Weil she learns about Alternative Medicine and Holistic Health as well as traditional health practices from China Japan and India. Encounters with Nature Spirits R. Ogilvie Crombie, 2018-10-09 A fascinating first hand account of the vast powers and true nature of the Elemental Kingdom. Reveals deep wisdom eloquently shared through the author's encounters with the great God Pan and his elemental subjects. Offers a glimpse into the hidden layers of the natural world and the workings of the elemental kingdom. Includes chapters by Mike Scott David Spangler Dorothy Maclean and Brian Nobbs as well as beautiful illustrations by fine artist Elise Hurst who perfectly captures the energy of the natural world and its subjects as we might perceive them. Paper with French flaps. To anyone who may have expressed a wish to see and talk to nature spirits remember it took 63 years for my wish to be granted so don't lose hope. Have you ever wished for something with your whole heart? As a child R. Ogilvie Crombie made a wish as he dropped a penny into a wishing well he asked to be able to see fairies and talk to them. In *Encounters with Nature Spirits* we follow Roc's path as many years later he meets the faun Kurmos in the Royal Botanic Garden in Edinburgh discovers the realm of the elementals and eventually meets the great god Pan himself. In his conversations with Pan elves and other nature spirits Roc realizes that the elemental realm is vastly more powerful than our human kingdom and possesses an ability to create far beyond our human means. Through his experiences Roc becomes closely involved with the Findhorn Community in northeast Scotland where he meets further elementals who give him sound advice as to how the famous Findhorn gardens should be cared for in order to work in harmony with nature. *Encounters with Nature Spirits* is a reminder to us all of the importance of our relationship with the nature kingdom. Through his example Roc places emphasis on connecting and working in harmony with nature spirits. True co-creation with nature working with rather than against the elemental kingdom can bring about vital positive change to our endangered eco system. The elementals are

Letts,2009-03-24 Fully revised with Reader s Guide Self Exploration Questions chapter reviews and expanded Moita material Reading Mind Leap was one of the most delightful experiences of my summer First I found it an absolutely intriguing story of personal challenge and human relationships But second and most important I found it highly inspiring There are many times in my own spiritual journey that I wonder whether it is all worth the effort whether there really is a greater reality This book is a powerful incentive to keep going an inspiration and a source of hope Joyce E Ansell literary editor How can we learn to live wholly with deep intuition in this world Where can it lead for each of us in this transformative era We hear follow a path with heart listen to your dreams open to spirit But rare is the book that actually takes us far into that experience Mind Leap does so by telling a challenging liberating true story from the consciousness revolution and inviting readers to participate by reviewing their own life events and perceptions A novelist couldn t create spiritual explorers more opposite than Kelly and David growing up the psychic daughter of an abusive alcoholic and mystic son of an activist minister But as young adults with other partners dreams and intuitions pointed each other out hinting of the natural bridge they would form together As they were then tested in a crucible of intersecting lives Moita began to speak through Kelly initiating an experiment in communication between worlds Her over 200 interactive sessions shared with hundreds of participants have been compared to the Seth material Mind Leap reveals the hidden workings of spirit that connect us to people and situations we need to grow in strength freedom and love The narrative unfolds on many levels giving a unique inside view of the channeling phenomenon even as the prophetic messages turn from individuals to the crisis transformation of our Earth We see you all the time are near you yet very rarely

Hanegraaff,1998-01-01 This volume introduces what has sometimes been called the third component of western culture It traces the historical development of those religious traditions which have rejected a world view based on the primacy of pure rationality or doctrinal faith emphasizing instead the importance of inner enlightenment or gnosis a revelatory experience which was typically believed to entail an encounter with one s true self as well as with the ground of being God The contributors to this book demonstrate this perspective as fundamental to a variety of interconnected traditions In Antiquity one finds the gnostics and hermetics in the Middle Ages several Christian sects The medieval Cathars can to a certain extent be considered part of the same tradition Starting with the Italian humanist Renaissance hermetic philosophy became of central importance to a new religious synthesis that can be referred to as Western Esotericism The development of this tradition is described from Renaissance hermeticists and practitioners of spiritual alchemy to the emergence of Rosicrucianism and Christian theosophy in the seventeenth century and from post enlightenment aspects of Romanticism and occultism to the present day New Age movement **Dark Green Religion** Bron Raymond Taylor,2010 A love of green may be a human universal Deepening the palette of green scholarship Bron Taylor proves remarkably to be
