The Splendor of Seeing and the Magic of Touch Richard J. Alapack, 2012-01-09 Lately I have been re acquainting myself with the writings of Rich Alapack through his latest books Love s Pivotal Relationships Sorrow s Profiles and White Hot True Blue These reminded me of the lucid beauty of Alapack s writing style and of the deep and penetrating insights that he shares with his reader I recognize myself and others in the vignettes these books provide and have been incorporating his texts into my recent graduate classes Alapack s writings mark a return to the original form in which phenomenologists used to communicate with their readers via straightforward reflection drawing upon a lifetime of experience speaking in simple descriptive language and capturing the essence of human experience by mastering the art of speaking truthfully and authentically It takes a certain kind of free courageousness to engage in such writing today in an intellectual climate where demands for methodological rigor in the form of operationalism run amok have compromised manuscripts submitted for review in favor of half hearted statements of methodological orthodoxy followed by statements of findings that amount to little more than summaries of raw data What Alapack has achieved in his recent writings and especially in his latest venture *The Splendor of Seeing and the Magic of Touch* is a truth speaking both from the author s heart and from his lifetime of authentic dialogue with the interlocutors he has found along his own life s journey The gift that he gives to his reader is the gift of inviting us to join him on his own path to enlightenment Scott D Churchill PhD Professor and Graduate Program Director University of Dallas Editor in Chief *The Humanistic Psychologist* This book is heart warming joyful and insightfully brilliant This author s newest publication once again represents a heart felt and dedicated effort to researching human phenomena from the laboratory of day today life In this lifelong work the author shares many of his personal experiences experiences of others then invites us to share a developmental journey through monumental experiences in our childhood adolescence and young adulthood He delves into important developmental topics that are rarely if ever discussed in mainstream psychological writing Dr Alapack offers reflected insight into these experiences in a playful yet profound manner allowing us to gain a deeper understanding of who we are as perfectly imperfect people Exploring the dynamics of peekaboo with a young one playing tag as a juvenile sharing the exhilarating and or bitter sweet memories of the first kiss barely coping with or perhaps flaunting a teenage hickey will have you smiling with fondness as you are reminded of your own experiences These personal stories and parables are timeless and ageless This text should be mandatory reading for both students and researchers in developmental psychology Parents and Educators will find this book personally enriching and will ultimately benefit from a more in depth understanding of themselves and their children I have seen Dr Alapack s work grow and expand over the years and this book is a shining example of an existential phenomenologist par excellence His dedicated work has had a major and significant impact on my personal and professional life Paul Watters B A B Ed M Ed M

Ed Lambton Kent District School Board Sarnia Ontario Canada The Magic Key Ruth Enid Zambrana, Sylvia Hurtado, 2015-10-15 Mexican Americans comprise the largest subgroup of Latina/os and their path to education can be a difficult one. Yet just as this group is often marginalized so are their stories and relatively few studies have chronicled the educational trajectory of Mexican American men and women. In this interdisciplinary collection editors Zambrana and Hurtado have brought together research studies that reveal new ways to understand how and why members of this subgroup have succeeded and how the facilitators of success in higher education have changed or remained the same. The Magic Key's four sections explain the context of Mexican American higher education issues, provide conceptual understandings, explore contemporary college experiences and offer implications for educational policy and future practices. Using historical and contemporary data as well as new conceptual apparatuses, the authors in this collection create a comparative, nuanced approach that brings Mexican Americans' lived experiences into the dominant discourse of social science and education. This diverse set of studies presents both quantitative and qualitative data by gender to examine trends of generations of Mexican American college students, provides information on perceptions of welcoming university climates and proffers insights on emergent issues in the field of higher education for this population. Professors and students across disciplines will find this volume indispensable for its insights on the Mexican American educational experience both past and present. **The Magic Years** Selma H. Fraiberg, 2015-05-05 A pioneering work on early childhood development that is as relevant today as when it was first published 60 years ago. To a small child the world is an exciting but sometimes frightening and unstable place. In *The Magic Years* Selma Fraiberg takes the reader into the mind of the child, showing how he confronts the world and learns to cope with it. With great warmth and perception she discusses the problems at each stage of development and reveals the qualities above all the quality of understanding that can provide the right answer at critical moments. The Magic Loop, How to Use Your Words to Heal Yourself! Roy Cage, 2010-10-20 Synopsis: If you want to get well, really well, then you need this book. It is a quick, easy read because it goes directly to the point and sticks to it. Your body is governed by your brain and your brain is largely controlled by your mind. Secrets of Western Sex Magic U. D. Frater, U. D. (Frater), 2001 HARNESS THE MOST POWERFUL ENERGIES YOU HAVE EVER EXPERIENCED Unlock the powerful energies raised during the sex act and use them to manifest your deepest desires During the sex act your attention becomes focused into a laser beam of concentration This power of concentrated thought is the foundation of all magical systems Sex Magic s secret is that it s a tremendously powerful and easily learned way to consciously direct sexual energy and accomplish material and personal goals Male and female energies are often entirely different and it would be folly to deny this but experience shows that female magicians can be particularly successful in using and developing Sex Magic Consequently this book is aimed at both male and female readers unlike more traditional teachings written for men Of all secret lore Sex Magic has been reputed through the centuries to be the most dangerous Today we know that this attitude was largely a reflection of

the hostility held towards the flesh held by repressive religions If we learn one thing from the shamanic cultures it is the strong emphasis upon the role of the body in magic Mind and Body are two facets of the One Thing in which Will Imagination and Gnostic Trance are the three pillars of success Contrary to the principles of Eastern Tantra Western Sex Magic emphasizes the importance of actual orgasm both male and female Orgasm is the moment when the walls between consciousness and subconsciousness are sundered and direct access to the deeper levels of the psyche become possible freeing up possible paranormal powers Orgasm itself is sufficient to achieve gnostic trance provided that control is maintained and one does not simply lose consciousness as most people do at the moment of ecstasy Secrets Western Sex Magic teaches one of the oldest disciplines of this secret lore It is a complete system of Sex Magic in theory and practice with exercises to develop related abilities for visualization concentration breath control psychic energy arousal and flow along with full instructions on the projection of sexual energies for healing and manifestation their use in Sigil Magic and the charging of Amulets Talismans Group Ritual and the assumption of god forms when working as a priestly couple and the divine Chymical Marriage of ultimate union This book is also an introduction to the entire field of practical magic using our natural interest and involvement in sexual pleasure to illustrate and develop magical abilities and techniques

Dreams - The Magic of the Night Kenneth K. Gray,2019-07-22 Dreams The Magic of the Night is for people who want to understand their dreams It shows the reader how to do this through examples from the author s dream journals A framework for understanding dreams is presented in the first few chapters illustrated by examples After that any chapter may be read in any order The first chapter is a short autobiography so that readers will understand where the author is coming from This is important because a basic principle in dream interpretation is that the best interpreter of a dream is the dreamer We know ourselves better than anyone else The goal of dreamwork is always greater self understanding and self awareness The world of dreams is a vast inner universe From physical health to divine revelations dreams give us much that we simply would not understand without them By working with dreams the dreamer gradually uncovers more and more of his her true identity Some dreams make us very uncomfortable as we begin to see where we have maintained a destructive attitude and so have deprived ourselves of fuller richer living Other dreams bring us new insights accompanied by joy and exaltation In the final

analysis dreams are a means to an end There is no benefit in just remembering your dreams but never understanding them The goal is to live a wonderful life in our waking hours Dreams The Magic of the Night will put you on a path to the full realization of this
