Nelsen, 2015-11-17 Milwaukee's story is unique in that its struggle for integration and quality education has been so closely tied to school choice from the Introduction **Educating Milwaukee How One City's History of Segregation and Struggle Shaped Its Schools** traces the origins of the modern school choice movement which is growing in strength throughout the United States Author James K Nelsen follows Milwaukee's tumultuous education history through three eras no choice forced choice and school choice Nelsen details the whole story of Milwaukee's choice movement through to modern times when Milwaukee families have more schooling options than ever charter schools open enrollment state funded vouchers neighborhood schools and yet Milwaukee's impoverished African American students still struggle to succeed and stay in school **Educating Milwaukee** chronicles how competing visions of equity and excellence have played out in one city's schools in the modern era offering both a cautionary tale and a choice example *Voices of Milwaukee Bronzeville* Dr. Sandra E. Jones, 2021 Some people don't have to imagine what Milwaukee's Bronzeville was like They have only to remember They recall Walnut Street alive with businesses serving a hardworking Black population making something out of the meager resources available to them They describe religious establishments such as St Mark's Methodist Episcopal St Benedict the Moor Calvary Baptist and St Matthew CME attending to the spiritual life and remember the Flame the Metropole and Satin Doll nightclubs taking care of entertainment and secular needs Above all they recollect a people looking out for the well being of all within its realm Gathering interviews with residents of the now vanished neighborhood Dr Sandra E Jones reimagines Bronzeville not just as a place but as a spirit engendered by a people determined to make a way out of no way

**Secret Milwaukee: A Guide to the Weird, Wonderful, and Obscure** Jim Nelsen,2023-11-01 Often referred to as a big small town or Smallwaukee you might think that Milwaukee does not have any secrets Milwaukee s image is one of quaint nostalgia of beer bratwurst bowling and television s Laverne Shirley But Milwaukee is a lot more than those stereotypes Inside Secret Milwaukee you will find all sorts of Milwaukee lore that even long time residents do not know about Which president of the United States was almost assassinated in Milwaukee What is the city s connection to The Exorcist Which buildings are haunted What are Milwaukee s connections to the mafia Is there buried treasure here And yes you will also learn about beer bratwurst bowling and Laverne Shirley along with the history of frozen custard Milwaukee style pizza and a whole lot more

**Damn the Old Tinderbox!** Matthew J. Prigge,2019-03-01 In the dead of an unassuming January night in 1883 Milwaukee s Newhall House hotel was set on fire Two hours later the building once among the tallest in the nation lay in ruins and over seventy people were dead It was a tragedy that brought global notice to Milwaukee with daring escapes and rescues and heart wrenching tales of victims burned to death or killed as they leapt from the burning building From the great horror emerged an even greater string of mysteries Who had set the fire and who was to blame for the staggering loss of life The Newhall s hard luck barkeeper A gentleman arsonist What of the many other unexplained fires at the hotel Had the Newhall s management neglected fire safety to boost their profits Damn the Old Tinderbox is the gripping tale of one of the Gilded Age s forgotten calamities a fire that remains among the deadliest unsolved arsons in American history and a significant chapter in both the history of Milwaukee and the Midwest

**The City Creative** Michael H. Carriere,David Schalliol,2021-04-18 In the wake of the Great Recession American cities from Philadelphia to San Diego saw an upsurge in hyperlocal placemaking small scale interventions aimed at encouraging greater equity and community engagement in growth and renewal But the projects that were the most successful at achieving these lofty ambitions weren t usually established by politicians urban planners or real estate developers they were initiated by community activists artists and neighbors In order to figure out why The City Creative mounts a comprehensive study of placemaking in urban America tracing its intellectual history and contrasting it with the efforts of people making positive change in their communities today Spanning the 1950s to

the post recession 2010s The City Creative highlights the roles of such prominent individuals and organizations as Jane Jacobs Christopher Alexander Richard Sennett Project for Public Spaces and the National Endowment for the Arts in the development of urban placemaking both in the abstract and on the ground But that s only half the story Bringing the narrative to the present Michael H Carriere and David Schalliol also detail placemaking interventions at more than 200 sites in more than 40 cities combining archival research interviews participant observation and Schalliol s powerful documentary photography Carriere and Schalliol find that while these formal and informal placemaking interventions can bridge local community development and regional economic plans more often than not they push the boundaries of mainstream placemaking Rather than simply stressing sociability or market driven economic development these initiatives offer an alternative model of community led progress with the potential to redistribute valuable resources while producing tangible and intangible benefits for their communities The City Creative provides a kaleidoscopic overview of how these initiatives grow and sometimes collapse illustrating the centrality of placemaking in the evolution of the American city and how it can be reoriented to meet demands for a more equitable future

**Both Hands Tied** Jane L. Collins,Victoria Mayer,2010-05-15 Both Hands Tied studies the working poor in the United States focusing in particular on the relation between welfare and low wage earnings among working mothers Grounded in the experience of thirty three women living in Milwaukee and Racine Wisconsin it tells the story of their struggle to balance child care and wage earning in poorly paying and often state funded jobs with inflexible schedules and the moments when these jobs failed them and they turned to the state for additional aid Jane L Collins and Victoria Mayer here examine the situations of these women in light of the 1996 national Personal Responsibility and Work Opportunity Reconciliation Act and other like minded reforms laws that ended the entitlement to welfare for those in need and provided an incentive for them to return to work Arguing that this reform came at a time of gendered change in the labor force and profound shifts in the responsibilities of family firms and the state Both Hands Tied provides a stark but poignant portrait of how welfare reform afflicted poor single parent families ultimately eroding the participants economic rights and affecting their ability to care for themselves and their children

**Happy Felsch** Thomas Rathkamp, 2016-05-06 Schooled on the sandlots of Milwaukee Chicago Black Sox center fielder Oscar Happy Felsch 1891 1964 was a rising star who then blew a promising career for a few bucks by participating in the throwing of the 1919 World Series On the field Felsch was hitting his peak in 1920 the year the scandal hit the newspapers His speed run producing power and defensive prowess all attributes that might have garnered consideration by the Hall of Fame earned

comparisons to the great Tris Speaker Instead he ended up playing the fallen hero for remote baseball enclaves in Montana and Canada Did he really play to lose the series or just say that he did out of fear of reprisal by crooked gamblers Felsch talked about the scandal more than any of the other eight banned players This book analyzes his three interviews revealing his ultimate gullibility and greed and rampant contradictions *The 24th Wisconsin Infantry in the Civil War* William J. K. Beaudot, 2003 Winner of Milwaukee County Historical Society's coveted Gambrinus Prize for the best book length contribution to Milwaukee historiography in 2003 Profiles the courageous 24th Wisconsin Infantry and features the personal stories of members of the 24th including Arthur McArthur the father of Gen Douglas MacArthur Utilizes hundreds of primary sources letters diaries and contemporary newspaper articles Formed in the summer of 1862 the 24th Wisconsin Infantry participated in many major battles of the Western theater earning a reputation as a brave hard fighting unit Unlike other unit histories this book makes no attempt as the author freely admits to provide an objective history of the regiment Rather the book digs deeper following the personal stories of the soldiers themselves providing hundreds of individual vignettes that taken together paint a vivid picture of the life of a Union soldier *Displacing Democracy* Amy Widestrom, 2015-01-12 In recent decades economically disadvantaged Americans have become more residentially segregated from other communities they are increasingly likely to live in high poverty neighborhoods that are spatially isolated with few civic resources Low income citizens are also less likely to be politically engaged a trend that is most glaring in terms of voter turnout Examining neighborhoods in Atlanta Kansas City Milwaukee and Rochester Amy Widestrom challenges the assumption that the class gap in political participation is largely the result of individual choices and dispositions *Displacing Democracy* demonstrates that neighborhoods segregated along economic lines create conditions that encourage high levels of political activity including political and civic mobilization and voting among wealthier citizens while discouraging and impeding the poor from similar forms of civic engagement Drawing on quantitative research case studies and interviews Widestrom shows that neighborhood level resources and characteristics affect political engagement in distinct ways that are not sufficiently appreciated in the current understanding of American politics and political behavior In addition to the roles played by individual traits and assets increasing economic segregation in the United States denies low income citizens the civic and social resources vital for political mobilization and participation People living in poverty lack the time money and skills for active civic engagement and this is compounded by the fact that residential segregation creates a barren civic environment incapable of supporting a vibrant civic community Over time this creates a balance of political power that is dramatically skewed not only toward individuals with greater incomes but toward entire neighborhoods with more economic resources

**Ted Mack and America's First Black-Owned Brewery** Clint Lanier, 2023-04-06 Born a sharecropper in rural Alabama in 1930 Theodore A Ted Mack Sr fought in the Korean War and then played football at Ohio State while earning a college degree Brewing and selling beer he believed would be just another peak to attain After all it couldn't be more challenging

than his experience in organizing buses to the March on Washington or picketing segregated schools in Milwaukee This is the story of Mack s purchase of Peoples Brewing Company in Oshkosh Wisconsin Though he had carefully planned for the historic acquisition he underestimated the subtle bigotry of Middle America the corruption of the beer industry and the failures of the federal government that plagued his ownership Mack s ownership of Peoples Brewing is an inspirational story of Black entrepreneurship innovation and pride at a time when America was at an important racial justice crossroads
