State, Power and Politics in the Making of the Modern Middle East Roger Owen, 2013-01-11 Roger Owen has fully revised and updated his authoritative text to take into account the latest developments in the Middle East This book continues to serve as an excellent introduction for newcomers to the modern history and politics of this fascinating region This third edition continues to explore the emergence of individual Middle Eastern states since the fall of the Ottoman Empire at the end of the First World War and the key themes that have characterized the region since then

Music and the Making of Modern Japan Margaret Mehl, 2024-05-29 Japan was the first non Western nation to compete with the Western powers at their own game The country's rise to a major player on the stage of Western music has been equally spectacular The connection between these two developments however has never been explored How did making music make Japan modern How did Japan make music that originated in Europe its own And what happened to Japan's traditional music in the process Music and the Making of Modern Japan answers these questions Discussing musical modernization in the context of globalization and nation building Margaret Mehl argues that far from being a side show music was part of the action on centre stage Making music became an important vehicle for empowering the people of Japan to join in the shaping of the modern world In only fifty years from the 1870s to the early 1920s Japanese people laid the foundations for the country's post war rise as a musical as well as an economic power Meanwhile new types of popular song fuelled by the growing global record industry successfully blended inspiration from the West with musical characteristics perceived as Japanese Music and the Making of Modern Japan represents a fresh contribution to historical research on making music as a major cultural social and political

force **The Market Makers** Peter Scott,2017-09-15 During the twentieth century affluence both at the level of the individual household and that of society as a whole became intimately linked with access to a range of prestige consumer durables The Market Makers charts the inter war origins of a process that would eventually transform these features of modern life from being luxuries to necessities for most British families Peter Scott examines how producers and retailers succeeded in creating mass though not universal market for new suites of furniture radios modern housing and some electrical and gas appliances while also exploring why some other goods such as refrigerators telephones and automobiles failed to reach the mass market in Britain before the 1950s Creating mass markets presented a formidable challenge for manufacturers and retailers Consumer durables required large markets Most involved significant research and development costs Some such as the telephone radio and car were dependent on complementary investments in infrastructure All required intensive marketing usually including expensive advertising in national newspapers and magazines while some also needed mass production methods and output volumes to make them affordable to a mass market This study charts the pioneering efforts of entrepreneurs many of whom though once household names are now largely forgotten to provide consumer durables at a price affordable to a mass market and to persuade a sometimes reluctant public to embrace the new products and the consumer credit that their purchase required In doing so Scott shows that contrary to much received wisdom there was a consumer durables revolution in inter war Britain at least for certain highly prioritised goods *London* Bridget Cherry,Nikolaus Pevsner,2002-01-01 This volume on London architecture covers the boroughs of Barnet Camden Enfield Hackney Haringey and Islington It gives a view of London s expansion northward from formal Georgian squares to the hill towns of Hampstead and Highgate Building the Post-war World Nicholas Bullock,2002 Building the Post War World offers for the first time an overall account of Modern Architecture in the decade after the Second World War A New History of Ireland Volume VII J. R. Hill,2010-08-26 A New History of Ireland is the largest scholarly project in modern Irish history In 9 volumes it provides a comprehensive new synthesis of modern scholarship on every aspect of Irish history and prehistory from the earliest geological and archaeological evidence through the Middle Ages down to the present day Volume VII covers a period of major significance in Ireland s history It outlines the division of Ireland and the eventual establishment of the Irish Republic It provides comprehensive coverage of political developments north and south as well as offering chapters on the economy literature in English and Irish the Irish language the visual arts emigration and immigration and the history of women The contributors to this volume all specialists in their field provide the most comprehensive treatment of these developments of any single volume survey of twentieth century Ireland **Whitaker's Books in Print** ,1990 **Fairy Tales of London** Hadas Elber-Aviram,2021-01-28 Finalist for the 2022 Mythopoeic Scholarship Award for Myth and Fantasy Studies From the time of Charles Dickens the imaginative power of the city of London has frequently inspired writers to their most creative flights of fantasy Charting a new history of London fantasy writing from the Victorian era to the 21st century

Fairy Tales of London explores a powerful tradition of urban fantasy distinct from the rural tales of writers such as J R R Tolkien Hadas Elber Aviram traces this urban tradition from Dickens through the scientific romances of H G Wells the anti fantasies of George Orwell and Mervyn Peake to contemporary science fiction and fantasy writers such as Michael Moorcock Neil Gaiman and China Mi ville

Beyond the Tower John Marriott,2011-11-29 From Jewish clothing merchants to Bangladeshi curry houses ancient docks to the 2012 Olympics the area east of the City has always played a crucial role in London s history The East End as it has been known was the home to Shakespeare s first theater and to the early stirrings of a mass labor movement it has also traditionally been seen as a place of darkness and despair where Jack the Ripper committed his gruesome murders and cholera and poverty stalked the Victorian streets In this beautifully illustrated history of this iconic district John Marriott draws on twenty five years of research into the subject to present an authoritative and endlessly fascinating account With the aid of copious maps archive prints and photographs and the words of East Londoners from seventeenth century silk weavers to Cockneys during the Blitz he explores the relationship between the East End and the rest of London and challenges many of the myths that surround the area

Feeling the strain Jill Kirby,2019-07-31 Examining the popular discourse of nerves and stress this book provides a historical account of how ordinary Britons understood explained and coped with the pressures and strains of daily life during the twentieth century It traces the popular vernacular discourse of stress illuminating not just how stress was known but the ways in which that knowledge was produced Taking a cultural approach the book focuses on contemporary popular understandings revealing continuity of ideas about work mental health status gender and individual weakness as well as the changing socio economic contexts that enabled stress to become a ubiquitous condition of everyday life by the end of the century With accounts from sufferers families and colleagues it also offers insight into self help literature the meanings of work and changing dynamics of domestic life delivering a complementary perspective to medical histories of stress

The Second World War Martin Gilbert,2014-06-05 Mr Gilbert brings the strongest possible credentials to his history of World War II and the result is a magisterial work The New York Times In the hands of master historian Martin Gilbert the complex and compelling story of the Second World War comes to life This narrative captures the perspectives of leading politicians and war commanders journalists civilians and ordinary soldiers offering gripping eyewitness accounts of heroism defeat suffering and triumph This is one of the first historical studies of World War II that describes the Holocaust as an integral part of the war It also covers maneuvers strategies and leaders operating in European Asian and Pacific theatres In addition this book brings in survivor testimonies of occupation survival behind enemy lines and the experience of minority groups such as the Roma in Europe to offer a comprehensive account of the war s impact on individuals on both sides This is a sweeping narrative of one of the most deadly wars in history which took almost forty million lives and irrevocably changed countless more Gilbert s flowing narrative is spiced with anecdotal details culled from diaries memoirs and official documents He is especially skillful at

interweaving summaries of military strategy with vignettes of civilian suffering Newsweek A masterful account of history's most destructive conflict Publishers Weekly Capitalism Contested Romain Huret, Nelson Lichtenstein, Jean-Christian Vinel, 2020-12-11 In the historical narrative that prevails today the New Deal years are positioned between two equally despised Gilded Ages the first in the late nineteenth century and the second characterized by the world of Walmart globalization and right wing populism in which we currently live What defines these two ages is an increasing level of inequality legitimized by powerful ideologies namely Social Darwinism at the end of the nineteenth century and neoliberalism today In stark contrast the era of the New Deal was first and foremost an attempt to put an end to inequality in American society In the historical *longue durée* it appears today as a kind of golden age when policymakers and citizens sought to devise solutions to the two major questions labor on one side social on the other that were at the heart of the American political economy during the twentieth century Capitalism Contested argues that the New Deal order remains an effective framework to make sense of the transformation of American political economy over the last hundred years Contributors offer an historicized analysis of the degree to which that political economic and ideological order persists and the ways in which it has been transcended or even overthrown The essays pay attention not only to those ideas and social forces hostile to the New Deal but to the contradictions and debilities that were present at the inauguration or became inherent within this liberal impulse during the last half of the twentieth century The unifying thematic among the essays consists not in their subject matter politics political economy social thought and legal scholarship are represented but in a historical quest to assess the transformation and fate of an economic and policy order nearly a century after its creation Contributors Kate Andrias Romain Huret William P Jones Nelson Lichtenstein Nancy MacLean Isaac William Martin Margaret O Mara K Sabeel Rahman Timothy Shenk Elizabeth Tandy Shermer Jason Scott Smith Samir Sonti Karen M Tani Jean Christian Vinel **History for the IB Diploma: Nationalist and Independence Movements** Stephen Nutt, Jean Bottaro, 2011-06-16 An exciting new series that covers the five Paper 2 topics of the IB 20th Century World History syllabus This stimulating coursebook covers Paper 2 Topic 4 Nationalist and independence movements in the 20th Century World History syllabus for the IB History programme The book is divided into thematic sections following the IB syllabus structure and is written in clear accessible English It covers the following areas for detailed study Africa and Asia Rhodesia Zimbabwe India and Pakistan Indochina and post 1945 Central and Eastern Europe Czechoslovakia Poland The content is tailored to the requirements and assessment objectives of the IB syllabus and provides opportunities for students to make comparisons between different regions and time periods Avery Index to Architectural Periodicals. 2d Ed., Rev. and Enl Avery Library, 1990 *Making modern mothers* Rachel Thomson, Mary Jane Kehily, Lucy Hadfield, Sue Sharpe, 2011-06-22 What does motherhood mean today Drawing on interviews with new mothers and intergenerational chains of women in the same family this exciting and timely book documents the transition to motherhood over generations and time Exploring amongst other things the trend to later

motherhood and the experience of teenage pregnancy a compelling picture emerges Becoming a mother is not only a profound moment of identity change but also a site of socio economic difference that shapes women s lives Beyond Nuclear Thinking Robert W. Malcolmson,1990-10-01 Most of what is written on nuclear weapons concentrates understandably on the here and now the nuclear threat is a central and continuing fact of modern history But this is intellectually constricting both for understanding the nuclear age and for making thoughtful political judgments It is essential to recognize what we have inherited since 1945 and why people have thought about nuclear weapons in the way they have In Beyond Nuclear Thinking Robert Malcolmson analyses the development of nuclear weapons and nuclear strategy since 1945 connecting the legacies of the past with the politics of the 1990s The nuclear nation states still consider it legitimate to use the threat of nuclear weapons to achieve their own ends Malcolmson explains why the doctrine of deterrence became so central to the political idea of security and reveals the confused nature of recent approaches to the pursuit of international security Beyond Nuclear Thinking presents a non technical and broadly based interpretation of important aspects of life and thought in the nuclear age Thatcher and Thatcherism Eric J. Evans,2013 This book focuses on the career of former British prime minister Margaret Thatcher and surveys the origins and impact of Thatcherism as a cultural construct and an economic creed
