Unbroken Communion Kathleen Anne McManus, 2004-01-01 The reality of suffering is the greatest challenge to faith in the goodness of creation and the possibility of salvation Edward Schillebeeckx not only takes this into account but dialectically incorporates the reality of suffering into a theology generally defined by its focus on the interrelated themes of creation salvation and eschatological hope In *Unbroken Communion* Kathleen Anne McManus O P traces the origins of Schillebeeckx's thought its development and its consequences Schillebeeckx grounds his entire theological project in the promise of a divine human future made visible in creation and entrusted to human freedom Because suffering is so tangibly present in human experience it provides the means dialectically of imaging the horizon of our hope It is thus that Schillebeeckx turns suffering into hope

the enduring relevance of these thinkers and opens up new avenues of thought for theologians that do not want to shy away from the difficult question of the universality of God
