societies that have risen and fallen since the dawn of time none could come close to touching the notoriety of the Illuminati. Particularly in recent years the legendary order has starred in thousands upon thousands of books, articles, documentaries, movies, music, internet memes and other mediums of entertainment. They are one of the chief targets for conspiracy connoisseurs and the supposed masters of symbolic, subliminal messages hidden in the media. Regardless of the veracity behind any of the conspiracy theories, there can be no denying the profound impact of the group over the past few centuries. Even those who find nothing untoward in the history of the Illuminati understand the importance of the society's mystique from its origins in Bavaria to its founder Adam Weishaupt, along with those who carried the society to its peak. Without question, there have been an endless number of conspiracy theories surrounding the Illuminati that have long had the world buzzing, a trend that continues on to this very day. **The Illuminati: The History of One of the World's Most Notorious Secret Societies** examines the true history of the influential fellowship, its mastermind and the members that created the backbone of the lionized society. This work also looks at the fate of the Illuminati in the modern age, from the ludicrous to the disconcertingly convincing. Along with pictures depicting important people, places and events, you will learn about the Illuminati like never before.
