**Empire and Popular Culture** John Griffiths, 2022-07-30 From 1830 if not before the Empire began to permeate the domestic culture of Empire nations in many ways From consumables to the excitement of colonial wars celebrations relating to events in the history of Empire and the construction of Empire Day in the early Edwardian period most citizens were encouraged to think of themselves not only as citizens of a nation but of an Empire Much of the popular culture of the period presented Empire as a force for civilisation but it was often far from the truth and rather Empire was a repressive mechanism designed ultimately to benefit white settlers and the metropolitan economy This four volume collection on Empire and Popular Culture contains a wide array of primary sources complimented by editorial narratives which help the reader to understand the significance of the documents contained therein It is informed by the recent advocacy of a four nation approach to Empire containing documents which view Empire from the perspective of England Scotland Ireland and Wales and will also contain material produced for Empire audiences as well as indigenous perspectives The sources reveal both the celebratory and the notorious sides of Empire

*How Empire Shaped Us* Antoinette Burton, Dane Kennedy, 2016-01-28 Few historical subjects have generated such intense and sustained interest in recent decades as Britain's imperial past What accounts for this preoccupation Why has it gained such purchase on the historical imagination How has it endured even as its subject slips further into the past In seeking to answer these questions the proposed volume brings together some of the leading figures in the field historians of different generations different nationalities different methodological and theoretical perspectives and different ideological persuasions Each addresses the relationship between their personal development as historians of empire and the larger forces and events that helped to shape their careers The result is a book that investigates the connections between the past and the present the private and the public the professional practices of historians and the political environments within which they take shape This intellectual genealogy of the recent historiography of empire will be of great value to anyone studying or researching in the field of imperial history

*The Impact of Mobility and Migration in the Roman Empire*, 2016-11-28 The Impact of Mobility and Migration in the Roman Empire assembles a series of papers on key themes of Roman mobility and migration discussing i a the mobility of the army of the elite of women and war induced mobility and deportations

**The Great War in the Middle East** Robert Johnson, James Kitchen, 2019-01-30 Traditionally in general studies of the First World War the Middle East is an arena of combat that has been portrayed in romanticised terms in stark contrast to the mud blood and presumed futility of the Western Front Battles fought in Egypt Palestine Mesopotamia and Arabia offered a different narrative on the Great War one in which the agency of individual figures was less neutered by heavy artillery As with the historiography of the Western Front which has been the focus of sustained inquiry since the mid 1960s such assumptions about the Middle East have come under revision in the last two

decades a reflection of an emerging global turn in the history of the First World War The sideshow theatres of the Great War Africa the Middle East Eastern Europe and the Pacific have come under much greater scrutiny from historians The fifteen chapters in this volume cover a broad range of perspectives on the First World War in the Middle East from strategic planning issues wrestled with by statesmen through to the experience of religious communities trying to survive in war zones The chapter authors look at their specific topics through a global lens relating their areas of research to wider arguments on the history of the First World War

The Oxford Handbook of the Ends of Empire Martin Thomas, Andrew Thompson, 2018-12-06 The Oxford Handbook of the Ends of Empire offers the most comprehensive treatment of the causes course and consequences of the ends of empire in the twentieth century The volume's contributors convey the global reach of decolonization with chapters analysing the empires of Western Europe Eastern Europe China and Japan The Handbook combines broad regional treatments of decolonization with chapter contributions constructed around particular themes or social issues It considers how the history of decolonization is being rethought as a result of the rise of the new imperial history and its emphasis on race gender and culture as well as the more recent growth of interest in histories of globalization transnational history and histories of migration and diaspora humanitarianism and development and human rights The Handbook in other words seeks to identify the processes and commonalities of experience that make decolonization a unique historical phenomenon with a lasting resonance In light of decades of historical and social scientific scholarship on modernization dependency neo colonialism failed state architectures and post colonial conflict the obvious question that begs itself is when did empires actually end In seeking to unravel this most basic dilemma the Handbook explores the relationship between the study of decolonization and the study of globalization It connects histories of the late colonial and post colonial worlds and considers the legacies of empire in European and formerly colonised societies

*Revolutionizing a World* Mark Altaweel, Andrea Squitieri, 2018-02-15 This book investigates the long term continuity of large scale states and empires and its effect on the Near East's social fabric including the fundamental changes that occurred to major social institutions Its geographical coverage spans from east to west modern day Libya and Egypt to Central Asia and from north to south Anatolia to southern Arabia incorporating modern day Oman and Yemen Its temporal coverage spans from the late eighth century BCE to the seventh century CE during the rise of Islam and collapse of the Sasanian Empire The authors argue that the persistence of large states and empires starting in the eighth seventh centuries BCE which continued for many centuries led to new socio political structures and institutions emerging in the Near East The primary processes that enabled this emergence were large scale and long distance movements or population migrations These patterns of social developments are analysed under different aspects settlement patterns urban structure material culture trade governance language spread and religion all pointing at movement as the main catalyst for social change This book's argument is framed within a larger theoretical framework termed as universalism a theory that explains many of the social transformations that happened to

societies in the Near East starting from the Neo Assyrian period and continuing for centuries Among other influences the effects of these transformations are today manifested in modern languages concepts of government universal religions and monetized and globalized economies **City of the Sun** Michael Martin,2017-04-17 **The Establishment of the**

**Balkan National States, 1804-1920** Charles Jelavich,Barbara Jelavich,2012-09-20 This highly readable and thoroughly researched volume offers an excellent account of the development of seven Balkan peoples during the nineteenth and the first part of the twentieth centuries Professors Charles and Barbara Jelavich have brought their rich knowledge of the Albanians Bulgarians Croatians Greeks Romanians Serbians and Slovenes to bear on every aspect of the area s history political diplomatic economic social and cultural It took more than a century after the first Balkan uprising that of the Serbians in 1804 for the Balkan people to free themselves from Ottoman and Habsburg rule The Serbians and the Greeks were the first to do so the Albanians the Croatians and the Slovenes the last For each people the national revival took its own form and independence was achieved in its own way The authors explore the contrasts and similarities among the peoples within the context of the Ottoman Empire and Europe **The World between Empires** Blair Fowlkes-Childs,Michael Seymour,2019-03-18

The World between Empires presents a new perspective on the art and culture of the Middle East in the years 100 B C A D 250 a time marked by the struggle for control by the Roman and Parthian Empires For the first time this book weaves together the cultural histories of the cities along the great incense and silk routes that connected southwestern Arabia Nabataea Judaea Syria and Mesopotamia It captures the intricate web of influence and religious diversity that emerged in the Middle East through the exchange of goods and ideas And for our current age when several of the archaeological sites featured here including Palmyra Dura Europos and Hatra have been subject to deliberate destruction and looting it addresses the crucial subject of preserving what has been lost and contextualizes the significance of these works on a local and global scale This essential volume features 186 objects of exceptional importance from Europe the Middle East and the United States Readers are taken on a fascinating journey that explores sites of intense political and religious struggles against Roman rule as well as important religious centers and military bulwarks of the Parthian Empire Reaching across two millennia The World between Empires brings vividly to life how individuals and cities in ancient times defined themselves and how these factors continue to resonate today p p1 margin 0 0px 0 0px 0 0px 0 0px font 14 0px Verdana *Science in the Spanish and Portuguese Empires, 1500-1800* Daniela Bleichmar,Paula De Vos,Kristin Huffine,Kevin Sheehan,2008-12-18

**Proceedings of the British Academy, Volume 131, 2004 Lectures** ,2005-12-22 The topical issues debated in this volume include the patenting of AIDS drugs the future pensions crisis Britain s universities and Pan Islam There are studies of Shakespeare Pope Montaigne Robert Graves and William Faulkner And there are lectures on the Inquisition empires in history and the journey towards spiritual fulfilment *Belgium and the Congo, 1885-1980* Guy Vanthemsche,2012-04-30 This book explains how and why Belgium a small but influential European country was changed through its colonial activities in the Congo from the first expeditions in 1880 to the Mobutu regime in the 1980s Belgian politics diplomacy economic activity and culture were influenced by the imperial experience Belgium and the Congo 1885 1980 yields a better understanding of the Congo s past and present **The City in the Classical and Post-Classical World** Claudia Rapp,H. A. Drake,2014-04-14 In its various incarnations the Roman Empire survived until 1918 when the last two rulers to bear the title Caesar Kaiser Wilhelm in Germany and Tsar Nicholas II of Russia fell from power This volume contains the thinking of an international team of twelve scholars who analyze two of the most important changes in political and religious identity brought about by that empire a change from the Greek kinship and polis based system to the territorial system of imperial Rome and the development of a universal religious consciousness that lasted from the adoption of Christianity in the fourth century to the development of the nation state in modern times **Encyclopedia of Historians and Historical Writing** Kelly Boyd,2019-10-09 The Encyclopedia of Historians and Historical Writing contains over 800 entries ranging from Lord Acton and Anna Comnena to Howard Zinn and from Herodotus to Simon Schama Over 300 contributors from around the world have composed critical assessments of historians from the beginning of historical writing to the present day including individuals from related disciplines like J rgen Habermas and Clifford Geertz whose theoretical contributions have informed historical debate Additionally the Encyclopedia includes some 200 essays treating the development of national regional and topical historiographies from the Ancient Near East to the history of sexuality In addition to the Western tradition it includes substantial assessments of African Asian and Latin American historians and debates on gender and subaltern studies

*Empires at War* Robert Gerwarth,Erez Manela,2014 *Empires at War 1911 1923* offers a new perspective on the history of the Great War looking at the war beyond the generally accepted 1914 1918 timeline and as a global war between empires rather than a European war between nation states The volume expands the story of the war both in time and space to include the violent conflicts that preceded and followed World War I from the 1911 Italian invasion of Libya to the massive violence that followed the collapse of the Ottoman Russian and Austrian empires until 1923 It argues that the traditional focus on the period between August 1914 and November 1918 makes more sense for the victorious western front powers notably Britain and France than it does for much of central eastern and south eastern Europe or for those colonial troops whose demobilization did not begin in November 1918 The paroxysm of 1914 18 has to be seen in the wider context of armed

imperial conflict that began in 1911 and did not end until 1923 If we take the Great War seriously as a world war we must a century after the event adopt a perspective that does justice more fully to the millions of imperial subjects called upon to defend their imperial governments interest to theatres of war that lay far beyond Europe including in Asia and Africa and more generally to the wartime roles and experiences of innumerable peoples from outside the European continent Empires at War also tells the story of the broad global mobilizations that saw African soldiers and Chinese labourers in the trenches of the Western front Indian troops in Jerusalem and the Japanese military occupying Chinese territory Finally the volume shows how the war set the stage for the collapse not only of specific empires but of the imperial world order **Britain's**

**Experience of Empire in the Twentieth Century** Andrew Thompson, 2012 The first systematic investigation of the impact of imperialism on twentieth century Britain Imperial Germany Revisited Sven Oliver Müller, Cornelius Torp, 2013 The German Empire its structure its dynamic development between 1871 and 1918 and its legacy have been the focus of lively international debate that is showing signs of further intensification as we approach the centenary of the outbreak of World War I Based on recent work and scholarly arguments about continuities and discontinuities in modern German history from Bismarck to Hitler well known experts broadly explore four themes the positioning of the Bismarckian Empire in the course of German history the relationships between society politics and culture in a period of momentous transformations the escalation of military violence in Germany's colonies before 1914 and later in two world wars and finally the situation of Germany within the international system as a major political and economic player The perspectives presented in this volume have already stimulated further argument and will be of interest to anyone looking for orientation in this field of research

**Environment and Society in the Long Late Antiquity**, 2019-01-04 Environment and Society in the Long Late Antiquity brings together scientific archaeological and historical evidence on the interplay of social change and environmental phenomena at the end of Antiquity and the dawn of the Middle Ages covering the period ca 300-800 AD It gives a new impetus to the study of the environmental history of this crucial period of transition between two major epochs in premodern history The volume contains both systematic overviews of the previous scholarship and available data as well as a number of interdisciplinary case studies It covers a wide range of topics including the histories of landscape climate disease and earthquakes all intertwined with social cultural economic and political developments Contributors are Daniel Abel Schaad Francesca Alba Sánchez Flavio Anselmetti Jos Antonio López Sánchez Daniel Ariztegui Brunhilda Brushlly Yolanda Carrón Marco Alexandra Chavarría Petra Dark Carmen Fernández Ochoa Martin Finn Asuunta Florenzano Ralph Fyfe Didier Galop Benjamin Graham John Haldon Kyle Harper Richard Hodges Adam Izdebski Katarina Kouli Inga Labuhn Tamara Lewit Anna Maria Mercuri Alessia Masi Lucas McMahon Lee Mordechai Mario Morellón Timothy Newfield Almudena Orejas Saco del Valle Leonor Peña Chocarro Sebastián Pérez Díaz Eleonora Regattieri Stephen Rippon Neil Roberts Laura Sadori Abigail Sargent Gaia Sinopoli Paolo Squatriti Giovanni Stranieri Raymond van Dam Bernd Wagner Mark Whittow Penelope Wilson
