The Inner Life of George Eliot Charles Gardner, 1912 *Objects of belief* Joshua Easterling, Fiona Somerset, 2025-10-07 Objects in late medieval Europe were a means for lay people and clergy to negotiate their access to powers beyond the everyday in folk practice as well as religious observance As has been noted by scholars this period is marked by a profusion of objects granted special importance imaginary as well as material These objects prompt

A History of Religion in 5 1/2 Objects S. Brent Plate, 2014-03-11 A leading scholar explores the importance of physical objects and sensory experience in the practice of religion Humans are needy We need things objects keepsakes stuff tokens knickknacks bits and pieces junk and treasure We carry special objects in our pockets and purses and place them on shelves in our homes and offices As commonplace as these objects are they can also be extraordinary as they allow us to connect with the world beyond our skin A History of Religion in 5 Objects takes a fresh and much needed approach to the study of that contentious yet vital area of human culture religion Arguing that religion must be understood in the first instance as deriving from rudimentary human experiences from lived embodied practices S Brent Plate asks us to put aside for the moment questions of belief and abstract ideas Instead beginning with the desirous incomplete human body symbolically evoked by he asks us to focus on five ordinary types of objects stones incense drums crosses and bread with which we connect in our pursuit of religious meaning and fulfillment As Plate considers each of these objects he explores how the world s religious traditions have put each of them to different uses throughout the millennia We learn why incense is used by Hindus at a celebration of the goddess Durga in Banaras by Muslims at a wedding ceremony in West Africa and by Roman Catholics at a Mass in upstate New York Crosses are key not only to Christianity but to many Native American traditions in the symbolic mythology of Peru s Misminay community cruciform imagery stands for the general outlay of the cosmos And stones in the form of cairns grave markers and monuments are connected with places of memory across the world A History of Religion in 5 Objects is a celebration of the materiality of religious life Plate moves our understanding of religion away from the current obsessions with God fundamentalism and science and toward the rich depths of this world this body these things Religion it turns out has as much to do with our bodies as our beliefs Maybe even more

Virginia Woolf InRead Team, 2022-06-05 Description This Book provides a quick glimpse about the life of Virginia Woolf

Narrating Reality Harry E. Shaw, 2018-08-06 Narrating Reality offers a provocative and original critique of nineteenth century British realist fiction and our ways of understanding it Paying close attention to the role of the narrator Harry E Shaw challenges the denigration of realism that has become a critical orthodoxy in recent decades Drawing on such thinkers as Erich Auerbach Jürgen Habermas and J L Austin Shaw contends that realist novels claim not to replicate the world in their pages or to offer transparent access to it but to involve readers in a process of narrative understanding adequate to grasping the complexities of life in history Seen in this light the works of such novelists as Sir Walter Scott Jane Austen and George

Eliot as they depict their own and other cultures and strive to imagine regions of freedom in the dense and constricting web of history gain a new interest **The Crime in Mind** Lisa Rodensky, 2003 This interdisciplinary study of legal and literary narratives argues that the novel's particular power to represent the interior life of its characters both challenges the law's definitions of criminal responsibility and reaffirms them By means of connecting major novelists with prominent jurists and legal historians of the era it offers profound new ways of thinking about the Victorian period **Godey's Lady's Book** Louis Antoine Godey, Sarah Josepha Buell Hale, 1851 Includes music **Gastro-modernism: Food, Literature, Culture** Derek Gladwin, 2019-09-10 Gastro Modernism ultimately shows how global literary modernisms engage with the food culture to express anxieties about modernity as much as to celebrate the excesses modern lifestyles produce The Present Age and Inner Life Andrew Jackson Davis, 1910
