The Inside Man:

insideMAN Dan Bell, Glen Poole, 2015-09-28 A year ago award winning journalist Dan Bell and leading expert on men's issues Glen Poole set up insideMAN an online magazine dedicated to pioneering a new kind of conversation about men and boys. The magazine was inspired by the fact that in the many years both had spent thinking, writing and talking about men's issues, the mainstream cultural conversation about gender had pretty much stuck to a single simplistic and inaccurate narrative: Women have problems. Men are problems. But the truth is far less black and white. From educational underachievement and fatherlessness to homelessness and suicide, there are many grave inequalities that hit men and boys hardest. Dan and Glen realised that if we're serious about improving the lives of men and boys, first we have to change the conversation we have about them. This book is a step in that direction. insideMAN combines powerful first person stories from everyday men on the street with insightful writing from some of the highest profile journalists currently addressing men's issues in the UK, including Martin Daubney of Telegraph Men and former editor of Loaded, Guardian regular Ally Fogg, Tim Samuels from BBC Men's Hour, Neil Lyndon author of Sexual Impolitics and the seminal No More Sex War, and the man who coined the term metrosexual himself, the brilliant Mark Simpson. The book encompasses everything from a poignant insight into a father's experience of miscarriage to an irreverent celebration of male objectification, as well as fascinating explorations of subjects most of us simply take for granted, for example why do men wear trousers anyway. The book also includes practical advice from leading advocates on the best ways to raise awareness of the issues faced by men and boys. If you're interested in the issues and experiences that affect half of the population, this book is for you. **Inside Man** Tracy

Cooper-Posey, 2019-05-01 It's her job to protect Cain if she doesn't kill him herself. Agata Kelsey is an MIT Engineering Honors graduate, speaks six languages fluently, and a CIA operative with no time for fools. As punishment for a job gone wrong, she is assigned to the Paris-based security detail guarding Cain Ishmael Warren, the wild uncontrollable son of former Vice President Warren. Cain Warren resents his security detail with every shred of his rotten irredeemable soul, especially the most recent addition, a lightweight piece of fluff with a mouth and an attitude. He ditches them at every opportunity, except she's hard to shake off. When trouble arrives, Cain is shocked because it's nothing to do with him. An old enemy of Agata's puts them both in his sights, forcing Agata to run and take Cain with her on a chase across France and into the Alps wilderness, with the Kobra's venomous Gavriil Zima far too close behind them. This romantic thriller is the second book in the Project Kobra series: 1.0 Hunting The Kobra, 2.0 Inside Man, 3.0 Heart Strike, and more to come. ____ Praise for Inside Man: With some authors, you know that you are going to like whatever they may produce, and Tracy is one of them; she could make a shopping list interesting. Agata and Cain really steal the show. Fantastic story, especially when you like a kick-ass lady and dark bad boy persona guy. Brilliant read. Thanks for that, Tracy. Well done on book 100. The reader will feel the chill of crisp snow and harsh conditions of the mountains, even the bone-crushing exhaustion as Agata and Cain fight to survive. Plan to sit for a while. This

is not a read a little walk away for a while read a little more This is a sit down get comfortable and don't plan to move Tracy Cooper Posey once again proves why she is a master at the Romantic Thriller genre Tracy Cooper Posey writes incredibly strong intelligent female characters who shine in this series This had to be one of my favorites of Tracy's numerous works I haven't read all 100 but I'm getting close to it and I have yet to be disappointed You always learn new interesting and insightful things when you read Tracy's books her research is amazing What a whirlwind adventure I never saw that coming and now I'm stuck in another series Awesome
