**Democracy, social resources and political power in the European Union** Niilo Kauppi, 2018-02-28 In this book Kauppi develops a structural constructivist theory of the European Union and critically analyses through French and Finnish empirical cases the political practices that maintain the Union's democratic deficit Kauppi conceptualises the European Union as both an arena for political contention and a nascent political order In this

evolving multi levelled European political field individuals and groups construct material and symbolic structures of political power grounded in a variety of social resources such as nationality culture and gender The author shows how the dominance of both executive political resources and domestic political cultures has prevented the development of European democracy Supranational executive networks have become more autonomous reinforcing the dominance of the resources they control At the same time national political cultures condition the political status of elected institutions such as the European parliament The book is particularly suited for undergraduate and graduate students in the fields of European Politics European Union Studies and International Relations

*The Postcolonial Intellectual* Oliver Lovesey, 2016-03-03 Addressing a neglected dimension in postcolonial scholarship Oliver Lovesey examines the figure of the postcolonial intellectual as repeatedly evoked by the fabled troika of Said Spivak and Bhabha and by members of the pan African diaspora such as Cabral Fanon and James Lovesey's primary focus is Ng g wa Thiong o one of the greatest writers of post independence Africa Ng g continues to be a vibrant cultural agitator and innovator who in contrast to many other public intellectuals has participated directly in grassroots cultural renewal enduring imprisonment and exile as a consequence of his engagement in political action Lovesey's comprehensive study concentrates on Ng g's non fictional prose writings including his largely overlooked early journalism and his most recent autobiographical and theoretical work He offers a postcolonial critique that acknowledges Ng g's complex position as a virtual spokesperson for the oppressed and global conscience who now speaks from a location of privilege Ng g's writings Lovesey shows display a seemingly paradoxical consistency in their concerns over nearly five decades at the same time that there have been enormous transformations in his ideology and a shift in his focus from Africa's holocaust to Africa's renaissance Lovesey

argues that Ng g s view of the intellectual has shifted from an alienated nearly neocolonial stance to a position that allows him to celebrate intellectual activism and a return to the model of the oral vernacular intellectual even as he challenges other global intellectuals Tracing the development of this notion of the postcolonial intellectual Lovesey argues for Ng g s rightful position as a major postcolonial theorist who helped establish postcolonial studies **Toward a Reflexive Political**

perceptions of Orwell himself By examining the politics of literary reception as a dimension of cultural history John Rodden gives us a better understanding of Orwell s unique and enduring role in Anglo American intellectual life In Part One Rodden opens the book with a section titled Their Orwell Left and Right which focuses on Orwell s reception by several important literary circles of the latter half of the twentieth century Beginning with Orwell s own contemporaries Rodden addresses the ways various intellectual groups of the 1950s responded to Orwell Rodden then moves on in Part Two to what he calls the Orwell Confraternity Today those contemporary intellectuals who have in various ways identified themselves with or reacted against Orwell The author concludes by examining how Orwell s status as an object of admiration and detraction has complicated the way in which he has been perceived by readers since his death
