## **The Magic Key A Story For Mothers And Children:**

*The Magic Key* Else Fleissner, 1999      **The Magic Key** Ruth Enid Zambrana, Sylvia Hurtado, 2015-10-15 Mexican Americans comprise the largest subgroup of Latinas and their path to education can be a difficult one. Yet just as this group is often marginalized so are their stories and relatively few studies have chronicled the educational trajectory of Mexican American men and women. In this interdisciplinary collection editors Zambrana and Hurtado have brought together research studies that reveal new ways to understand how and why members of this subgroup have succeeded and how the facilitators of success in higher education have changed or remained the same. The Magic Key's four sections explain the context of Mexican American higher education issues, provide conceptual understandings, explore contemporary college experiences, and offer implications for educational policy and future practices. Using historical and contemporary data as well as new conceptual apparatuses, the authors in this collection create a comparative nuanced approach that brings Mexican Americans' lived experiences into the dominant discourse of social science and education. This diverse set of studies presents both quantitative and qualitative data by gender to examine trends of generations of Mexican American college students, provides information on perceptions of welcoming university climates, and proffers insights on emergent issues in the field of higher education for this population. Professors and students across disciplines will find this volume indispensable for its insights on the Mexican American educational experience both past and present.      Bugglepuffs And The Magic Key CL Bennett, 2014-04. Jungle bedrooms, pirate treasure maps, a chocolate bath, little people with flying boots, a crazy parrot, and a Magic Key can all be found in the first of a series of books about the Bugglepuff family. Captain Bugglepuff, his mad wife Delirious, and their four rascally children Anenome, Compass, Rocky, and Seasea live a haphazard day-to-day family life in the little English fishing port of Brixham, Devon, until the arrival of a mysterious, crisp white letter in the post. Nothing in the Bugglepuff's lives after this letter will ever be the same again. It takes the Bugglepuff family to a new home by an enchanted creek that leads to a fantastical adventure in a world of magic where dreams can come true. But the family has to be careful. Temptations lead the Bugglepuff children and their extraordinary animals on a series of dangerous quests for which the price of failure will break the family apart and the world as we know it. Come on the adventure with the Bugglepuff's and let your imagination explode.      *Using Story Telling as a Therapeutic Tool with Children* Margot Sunderland, 2017-07-05.
