Nichiren's Nationalism Achilles S. C. Gacis, 2000-10. Chapter One, "Religion and Nationalism in Early Kamakura Society," introduces the issues that affected the nation in the early Kamakura period. The first section points out the historical background of the time that was considered to be a spiritually significant age according to Buddhist chronology. The next section, on the Religious Answers to National Problems, provides a prelude to how the indigenous religious tradition of Shinto attempted to define its leaders and their right to rule as well as the divine protection that was to be given them by the native deities. The imported Buddhist teachings provided a new perspective to the national problems through an examination of existing conditions as possibly being consequences of immoral acts. The various characteristics of the teachings of the most prominent Buddhist leaders of the early Kamakura period are introduced in the next section of Buddhism Kamakura's Five Reformers. In the following four sections, Honen, Eisai, Shinran, and Dogen, a few specifics on the differences and similarities of the nationalistic perspectives of the first four Buddhist reformers are examined. Chapter Two, Nichiren, looks at the particulars in the fifth reformer's life that can help to clarify his approach toward providing a viable solution for the nation's problems. This is done by examining his life as being the product of a Buddhist-Shinto fusion. In this chapter, I argue that Nichiren's upbringing and lifelong exposure to the indigenous tradition of Shinto, which emphasized the divine nature of Japan, provided an ethno-spiritual nationalistic element to his Buddhist teaching, which stressed complete faith in his interpretation of the message and meaning of the Lotus Sutra. Chapter Three surveys the Nationalism in Nichiren's Writings by examining the methodology that Nichiren used in propagating his teachings. One of his principles for conversion was shakubuku, which he supported by referring to scripture. His political aspirations through the use of religion are examined in the next section. Nichiren's affirmation of Shinto is presented in a comparison and contrast of his Buddhist teachings to his Shinto activities. Finally, I conclude with some reflection on how Nichiren was primarily a Shinto-influenced nationalist who supported his views with Buddhist teaching and how this imported religion, Buddhism, was made Japanese by its interdigitation with Shinto.

A Forum for Peace Olivier Urbain, 2014-06-02. For every year since 1983, the Buddhist leader and thinker Daisaku Ikeda has issued a peace proposal that presents solutions to a variety of global problems. While the proposals themselves are both wide-ranging and specific, covering topics as diverse as counter-terrorism, relations, the prohibition of child soldiers, denuclearization of the Arctic, and strategies to prevent global warming, the common denominator at their centre is the role and effectiveness of the United Nations in addressing structural challenges and inequality. This substantial volume brings together for the first time in one place excerpts from the most topical and important of Ikeda's peace proposals. Themes like human security, the empowerment

of women nuclear disarmament and the centrality of dialogue are throughout informed by an unshakeable belief in the legitimacy and validity of the UN's world mission as well as by Ikeda's own experience of the severity of war and his articulation of Buddhism as a practical route to peace. The book makes a timely and vital contribution to ethics, peace studies and international relations. On Human Conflict Lou Marinoff, 2019-02-13 *On Human Conflict* excavates the cavernous philosophical foundations of war and peace. The magnum opus is bracketed by the author's experience of the Cuban missile crisis as a schoolboy and his witnessing of 9/11 as an adult. It studies the human species with an admixture of evolutionary insight, free-ranging horror and heavily guarded optimism. It is also the uncensored voice of a conservative philosopher who dares to speak his mind on contemporary conflicts including the culture and gender wars and Islamic jihad in an age when political correctness has lowered an Ivy Curtain prohibiting freedom of expression on campus and across Western civilization entire. **The New Human Revolution, vol. 27** Daisaku Ikeda, 2022-10-15 Through this novelized history of the Soka Gakkai, one of the most dynamic, diverse and empowering movements in the world today, readers will discover the organization's goals and achievements even as they find inspiring and practical Buddhist wisdom for living happily and compassionately in today's world. The book recounts the stories of ordinary individuals who faced tremendous odds in transforming their lives through the practice of Nichiren Buddhism and in bringing Buddhism's humanistic teachings to the world. This inspiring narrative provides readers with the principles with which they can positively transform their own lives for the better and realize enduring happiness for themselves and others.
