Collections Management as Critical Museum Practice Cara Krmpotich, Alice Stevenson, 2024-07-22 There is a common misconception that collections management in museums is a set of rote procedures or technical practices that follow universal standards of best practice This volume recognises collections management as a political critical and social project involving considerable intellectual labour that often goes unacknowledged within institutions and in the fields of museum and heritage studies Collections Management as Critical Museum Practice brings into focus the knowledges value systems ethics and workplace pragmatics that are foundational for this work Rather than engaging solely with cultural

modifications such as Indigenous care practices the book presents local knowledge of place and material which is relevant to how collections are managed and cared for worldwide Through discussion of varied collection types management activities and professional roles contributors develop a contextualised reflexive practice for how core collections management standards are conceptualised negotiated and enacted Chapters span national museums in Brazil and Uganda to community led heritage work in Malaysia and Canada they explore complexities of numbering digitisation and description alongside the realities of climate change global pandemics and natural disasters The book offers a new definition of collections management travelling from what is done to care for collections to what is done to care for collections and their users Rather than use being an end goal it emerges as a starting point to rethink collections work **The SAGE Dictionary of Qualitative Management Research** Richard Thorpe, Robin Holt, 2007-12-19 This comprehensive work extends general ideas concepts and techniques of qualitative research into the realm of management research This is a crucial reference tool for anyone conducting research in this field of study CHOICE With over 100 entries on key concepts and theorists the Dictionary of Qualitative Management Research provides full coverage of the field explaining fundamental concepts and introducing new and unfamiliar terms This book provides Definitions Examples in the field of management studies Criticisms and possible future directions Engagingly written by specialists in each area this dictionary will be the definitive and essential companion to established textbooks and teaching materials in qualitative management research **The Complete Project Manager's Toolkit** Randall Englund MBA, BSEE, NPDP, CBM, Alfonso Bucero CSE, MSc, PMP, 2012-04-01 Here Are the Tools to Achieve Project Management Success Buy both The Complete Project Manager and The Complete Project Manager s Toolkit and save 18 at checkout by entering coupon code COMBO1 This companion to The Complete Project Manager provides the tools you need to integrate key people organizational and technical skills The core book establishes that success in any environment depends largely upon completing successful projects this book gives you the means and methods to meet that goal The hands on action oriented tools in this book will help you develop a complete set of skills the right set for you to excel in today s competitive environment The Complete Project Manager s Toolkit will enable you to implement the easy to understand universal powerful and immediately applicable concepts presented in The Complete Project Manager You may already be aware of what you need to do this book supplies the how through Assessments Checklists Exercises Examples of real people applying the concepts Use these tested methods to overcome environmental personal social organizational and business barriers to successful project management Although The Complete Project Manager can be used as a stand alone book it is designed to complement The Complete Project Manager Integrating People Organizational and Technical Skills **Foreign Accent Management** Mythri S. Menon, 2006-11 **Faith of the Managers** Stephen Pattison, 1997-01-11 According to Stephen Pattison managers have become the cultural heroes of our time In this book he examines some of the values assumptions beliefs and practices they embrace Managerialism he argues is a form of religious faith and he criticizes the

utopianism of those whom managers look upon as gurus He suggests that managers should apply to their faith some of the critical spirit that theologians have applied to religious belief His book will be of interest to all who want more from management than manipulative technique and incomprehensible jargon
