Orchid Biology J. Arditti, Alec M. Pridgeon, 2013-04-17 A Personal Note I decided to initiate Orchid Biology Reviews and Perspectives in about 1972 and alone or with co authors started to write some of the chapters and the appendix for the volume in 1974 during a visit to the Bogor Botanical Gardens in Indonesia Professor H C D de Wit of Holland was also in Bogor at that time and when we discovered a joint interest in Rumphius he agreed to write a chapter about him I visited Bangkok on my way home from Bogor and while there spent time with Professor Thavorn Vajrabhaya He readily agreed to write a chapter The rest of the chapters were solicited by mail and I had the complete manuscript on my desk in 1975 With that in hand I started to look for a publisher Most of the publishers I contacted were not interested Fortunately Mr James Twiggs at that time editor of Cornell University Press grew orchids and liked the idea He decided to publish Orchid Biology Reviews and Perspectives and volume I saw the light of day in 1977 I did not know if there would be a volume II but collected manuscripts for it anyway Fortunately volume I did well enough to justify a second book and the series was born It is still alive at present 20 years seven volumes and three publishers later I was in the first third of my career when volume I was published *Micropropagation of Orchids* Joseph Arditti, 2009-01-26 This greatly expanded and updated edition of a
