The Uncanny Rainer Maria Rilke On the Dolls of Lotte Pritzel Frank Kafka The Cares of a Family Man Bruno Schulz Tailor s Dummies Walter Benjamin Old Toys The Toy Exhibition at the Markisches Museum Elizabeth Bishop Cirque d Hiver Dennis Silk The Marionette Theatre and Marina Warner On the Threshold Sleeping Beauties      **Tradition, Literature and Politics in East-Central Europe** Carl Tighe,2020-12-30 Milan Kundera warned that in in the states of East Central Europe attitudes to the west and the idea of Europe were complex and could even be hostile But few could have imagined how the collapse of communism and membership of the EU would confront these countries with a life that was suddenly and disconcertingly modern and which challenged sustaining traditions in literature culture politics and established views on identity Since the countries of East Central Europe joined the European Union in 2004 the politicians and oppositionists of the centre left who once led the charge against communism have often been forced to give way to right wing authoritarian populist governments These governments while keen to accept EU finance have been determined to present themselves as protecting their traditional ethno national inheritance resisting foreign interference stemming the gay invasion halting Islamic replacement and reversing women s rights They have blamed Communists liberals foreigners Jews and Gypsies revised abortion laws tampered with their constitutions to control the Justice system and taken over the media to an astonishing degree By 2019 amid calls for the suspension of their voting rights both Poland and Hungary had been taken to the European Court of Justice and the European Parliament and had begun to explore ways to put conditions on future EU funding This book focuses on the interface between tradition literature and politics in east central Europe focusing mainly on Poland but also Hungary and the Czech Republic It explores literary tradition and the role of writers to ask why these left liberals who were once ubiquitous in the struggles with communism are now marginalised often reviled and almost entirely absent from political debate It asks in what ways the advent of capitalism normalised literature and what the consequences might be It asks whether the rise of chauvinism is normal in this part of the world and whether the literary traditions that helped sustain independent political thought through the communist years now instead of supporting literature feed nationalist opinion and negative attitudes to the idea of Europe      *New Perspectives in Twentieth-Century Polish Literature* Stanislaw Eile,Ursula Phillips,1992-06-18 Serves as an introduction to contemporary Polish literature developed through critical discussion of key problems and representative writers It includes poetry fiction and drama Some essays are devoted to individual writers including Milosz Herbert Gombrowicz Schulz Konwicki and Mrozek      *For East is East* Wojciech Skalmowski,2003 The liber amicorum is a collection of 40 articles written by Polish Russian Belgian and French philologists about the themes of the jubilarian s interests and academic research general linguistics comparatism and etymology relations between Poland and the World modern Polish literature Russian literature and culture 18 20th century The contributions are representative for the varied horizon of historical linguistic literary and cultural interests of Prof Skalmowski      *On the Waves of Destiny* Lili Berger,2025-04-30 Lili Berger wrote about the most traumatic and transformative developments of the

twentieth century to which she herself was an eyewitness *On the Waves of Destiny* presents an anthology that reflects her early life in interwar Poland during the rise of Hitler her Second World War activities in occupied Paris where she was active in the Communist resistance and her sojourn in Communist Poland from 1949 to 1968 The majority of her essays are pen portraits often based on her own personal recollections in which she made clear that she considered it her duty to memorialize the tens of thousands of Polish Jewish writers and artists who were murdered during the Holocaust such as author and painter Bruno Schulz historian Emanuel Ringelblum and artist Gela Seksztajn as well as to preserve their work Even her short stories are based on actual experiences not only her own but also those of people around her In her stories her essays and her allegorical fables she explored issues such as equality for women the moral responsibility of a writer the question of Jewish identity and the creative process in general The translations in *On the Waves of Destiny* ensure that Lili Berger's legacy will continue to resonate with future generations of readers

*Animal Narratives and Culture* Anna Barcz, 2017-03-07 The term vulnerable realism can imply two different understandings one presenting weak realism as incomplete and mixed with other literary styles the other bringing realistic vulnerable experience into narration The second is the key concern of this work though it does not exclude the first as it asks questions about realism as such entering into a polemic with the tradition of literary realism Realism then is not primarily understood as a narrative style but as a narration that tests the probability of nonhuman vulnerable experience and makes it real The book consists of three parts The first presents examples of how realism has been redefined in trauma studies and how it may refer to animal experience The second explores what is added to the narrative by literature including the animal perspective the zoonarrative and how it is conducted zoocriticism The third analyses cultural texts such as painting circuses and memorials which realistically generate animal vulnerability and provide non anthropocentric frameworks anchoring our knowledge in the experience of fragile historical reality

**Incarnations of Material Textuality** Katarzyna Bazarnik, Izabela Curyło-Klag, 2014-10-02 *Liberature* coined from the Latin *liber* is simultaneously a movement in contemporary Polish literature and a term referring to literary works that integrate text and material features of the book into an organic whole in accordance with the author's design The present volume collects essays inspired by this theoretical concept first proposed by Polish poet Zenon Fajfer in 1999 but soon picked up and elaborated on by international scholars As noted by the contributing authors preceding Jessica Pressman's idea of bookishness and coinciding with N Katherine Hayles' fundamental writings *liberature* appeared at the end of the 20th century as if to resume and systematize the intuitions and provocative statements of writers concerned with the future of the book It fits into a wider turn towards the recognition of the embodied nature of information in anthropology literary textual media and AI studies Yet its distinctness consists in the fact that it was suggested by a creative writer and that it proposes to see the authorially shaped materiality of writing in terms of a literary genre The essays collected here present the modernist roots and inspirations of *liberature* address the semantics of typography and the question of materiality of

literary writing and explore how the abstract body of the printed book is transformed into an experience of embodiment The volume is completed with a reprint of Fajfer's seminal essays with a view to making them more available to English speaking readers

**Polish Literature as World Literature** Piotr Florczyk, K. A. Wisniewski, 2022-12-15 This carefully curated collection consists of 16 chapters by leading Polish and world literature scholars from the United States Canada Italy and of course Poland An historical approach gives readers a panoramic view of Polish authors and their explicit or implicit contributions to world literature Indeed the volume shows how Polish authors from Jan Kochanowski in the 16th century to the 2018 Nobel laureate Olga Tokarczuk have engaged with their foreign counterparts and other traditions active participants in the global literary network and the conversations of their day The volume features views of Polish literature and culture within theories of world literature and literary systems with a particular attention paid to the resurgence of the idea of the physical book as a cultural artifact This perspective is especially important since so much of today's global literary output stems from Anglophone perceptions of what constitutes literary quality and tastes The collection also sheds light on specific issues pertaining to Poland such as the idea of Polishness and global phenomena including social and economic advancement as well as ecological degradation Some of the authors discussed like the Romantic poet Adam Mickiewicz or the 1980 Nobel laureate Czesław Miłosz were renowned far beyond the borders of their country while others like the contemporary travel writer and novelist Andrzej Stasiuk embrace regionalism seeing as they do in their immediate surroundings a synecdoche of the world at large Nevertheless the picture of Polish literature and Polish authors that emerges from these articles is that of a diverse cosmopolitan cohort engaged in a mutually rewarding relationship with what the late French critic Pascale Casanova has called the world republic of letters
