Chora 2 Alberto Pérez-Gómez,Stephen Parcell,1996-09-19 Karsten Harries provides a new and long overdue reading of Martin Heidegger s well known essay Building Dwelling Thinking Donald Kunze and Stephen Parcell consider possibilities of meaningful architectural space for a visual culture continuing themes they addressed in Chora 1 Further reflections on the spaces of literature cinema and architecture include an interview with French writer and film maker Alain Robbe Grillet and articles by Dagmar Motycka Weston on the surrealist city Tracey Eve Winton on the museum as a paradigmatic modern building and Terrance Galvin on spiritual space in the works of Jean Cocteau Jean Pierre Chupin and Bram Ratner explore historical themes in their essays on French Renaissance architect Philibert de l Orme and the Jewish myth of the Golem Gregory Caicco addresses ethical questions in his essay on the Greek agora and the death of Socrates as does Lily Chi in her meditation on the critical issue of use in architectural works A concern with architectural representation and generative strategies for the making of architecture is present throughout especially in the essay by Joanna Merwood on the provocative House by British artist Rachel Whiteread *Agora, Academy, and the Conduct of Philosophy* Debra Nails,2012-12-06 *Agora Academy and the Conduct of Philosophy* offers extremely careful and detailed criticisms of some of the most important assumptions scholars have brought to bear in beginning the process of Platonic interpretation It goes on to offer a new way to group the dialogues based on important facts in the lives and philosophical practices of Socrates the main speaker in most of Plato s dialogues and of Plato himself Both sides of Debra Nails s arguments deserve close attention the negative side which exposes a great deal of diversity in a field that often claims to have achieved a consensus and the positive side which insists that we must attend to what we know of these philosophers lives and practices if we are to make a serious attempt to understand why Plato wrote the way he did and why his writings seem to depict different philosophies and even different approaches to philosophizing From the Preface by Nicholas D Smith **The Platonic Theages** Mark Joyal,2000 This is the first comprehensive study of the Theages a dialogue whose Platonic authorship was not questioned in antiquity but has been doubted by most modern scholars The book s introductory chapters confront such problems as the dialogue s purpose and meaning its authenticity and date of composition its depiction of Socrates divine sign and its relation to other Platonic and Socratic literature The commentary deals in detail with a wide range of philosophical philological and literary questions A new text is also offered here the first to be founded upon a complete knowledge of the manuscript tradition Joyal s commentary is the first work that has done justice to the Theages as a genuine document of Ancient Greek rather than as a

work to insult and denigrate because it does not reach the heights of the best Platonic dialogues Philologists and philosophers can gain immeasurably from Joyal's work *Gnomon* There can be no doubt that this edition will stand for many decades as the standard work *The Heythrop Journal* For anyone who does serious work on the language or text of Plato and anyone who wants to explore an early monument of Socrates' transition from hero to saint this ambitious study will yield years of profit *Classical World* this is certainly an important book and will be of enormous interest to students of Plato *Scripta Classica Israelica* the edition is a pleasure to use and an important tool of scholarship It made me think What more could one want Phoenix
