the single constant and the most profound influence in each other's life Daniel and Isabelle recognize they are among the blessed few who met at the exact moment they needed each other the most In a final collaboration the boundaries between teacher and student give way to a work that heals something in both of them Each truly sees the other as extraordinary as people do when they love and that belief makes all the difference Reports of Cases Argued and Determined in the Supreme Court of Alabama Alabama. Miller, Today in the era of the spoiler alert surprise in fiction is primarily associated with an unexpected plot twist but in earlier usage the word had darker and more complex meanings Originally denoting a military ambush or physical assault surprise went through a major semantic shift in the eighteenth century from violent attack to pleasurable experience and from external event to internal feeling In *Surprise* Christopher R Miller studies that change as it took shape in literature ranging from *Paradise Lost* through the novels of Jane Austen Miller argues that writers of the period exploited and arbitrated the dual nature of surprise in its sinister and benign forms Even as surprise came to be associated with pleasure it continued to be perceived as a problem a sign of ignorance or na vet an uncontrollable reflex a paralysis of rationality and an experience of mere novelty or diversion for its own sake In close readings of exemplary scenes particularly those involving astonished or petrified characters Miller shows how novelists sought to harness the energies of

surprise toward edifying or comic ends while registering its underpinnings in violence and mortal danger In the Roman poet Horace s famous axiom poetry should instruct and delight but in the early eighteenth century Joseph Addison signally amended that formula to suggest that the imaginative arts should surprise and delight Investigating the significance of that substitution Miller traces an intellectual history of surprise involving Aristotelian poetics Cartesian philosophy Enlightenment concepts of the passions eighteenth century literary criticism and aesthetics and modern emotion theory Miller goes on to offer a fresh reading of what it means to be surprised by sin in Paradise Lost showing how Milton s epic both harks back to the symbolic functions of violence in allegory and looks ahead to the moral contours of the novel Subsequent chapters study the Miltonic ramifications of surprise in the novels of Defoe Haywood Richardson Fielding and Sterne as well as in the poems of Wordsworth and Keats By focusing on surprise in its inflections as emotion cognition and event Miller s book illuminates connections between allegory and formal realism between aesthetic discourse and prose fiction and between novel and lyric and it offers new ways of thinking about the aesthetic and ethical dimensions of the novel as the genre emerged in the eighteenth century
