Italian Irish Filmmakers Lee Lourdeaux,1990 This penetrating study examines how these filmmakers confronted their cultural heritage and used it as a counterpoint to their depiction of mainstream America American Cinematographer In this unique film history Lee Lourdeaux traces the

impact of Irish and Italian cultures on four major American directors and their work. Defining the core values and tensions within each culture and especially focusing on the influence of American Catholicism, he presents John Ford, Frank Capra, Francis Coppola, and Martin Scorsese as ethnic Americans and film artists. Lourdeaux shows each filmmaker on set with writers and actors learning to bypass stereotypes in order to develop a shrewd reciprocal assimilation between his ethnic background and Anglo America. Beginning with D.W. Griffith's depiction of Irish and Italian immigrants, the author discusses Hollywood's stereotypical portrayals of ethnic priests, cops, politicians, and gangsters, as well as their surface acculturation in the movies of the 1920s. By the decade's end, John Ford was using all-American stories to embody the basic myths and tensions of Irish-American life. In his later westerns and foreign films, he tried to understand both Irish political strife and the key figures of Irish liturgy. Frank Capra pitted Italian family values against the Anglo success ethic, turning out social comedies about oppressed little people. Several decades later, Martin Scorsese and Francis Coppola were highly critical of their religious ethnic heritage, though they gradually discovered that to outline its weaknesses like the blind pursuit of success was to fashion a critical mirror of mainstream America. Lourdeaux discusses a number of recent films by Coppola and by Scorsese that have not yet been analyzed in any book. And in the chapter on Scorsese, a personal interview with the director reveals how his ethnic childhood shaped his work in film. Examining the conflicts within American culture, Lourdeaux shows how the filmmakers themselves had to confront the self-destructive aspects of their ethnic background, not only to accommodate WASP audiences but to better understand their own heritage. He also observes that ethnicity is a strong draw at the box office, as in *The Godfather*, because it creates a sense of the Other who can both be admired and at the same time ridiculed. Illustrated with scenes of the movies discussed, this fascinating film history tells how four of America's most famous filmmakers assimilated their ethnic backgrounds on set and on screen. Mr. Lourdeaux walks a tricky path in analyzing the films of each director, avoiding the trap of excessively detailing their lives and many films while steering clear of ethnic stereotyping. Those interested in ethnic influences on outstanding persons or in the production of films by four of the best will find the book enjoyable. *The Baltimore Sun*. This is an invaluable book because it arouses critical awareness of the ethnicity underlying many Hollywood movies that might otherwise appear merely to represent American archetypes. *Journal of American Studies*. A valuable addition to the literature on ethnic identity in film. The insights Lourdeaux offers into major figures like Griffith, Ford, Capra, Coppola, and Scorsese contribute significantly to our understanding of their films. Virginia Wright Wexman, University of Illinois at Chicago. For a number of years now, church historians have been giving us an account of American Catholicism that is much richer and more varied than the older institutional accounts of the Catholic Church ever let on. In this comprehensive and insightful study, Lee Lourdeaux shows us how much the ethnic movies of directors like Ford and Capra, Coppola and Scorsese have to teach us as well about Irish and Italian Catholic mores and instincts. John B. Breslin, S.J., Director. A wonderfully sensitive, intelligent study of the complex issue of how the Catholic imagination works in

the creative personalities of those raised in the Catholic heritage Andrew M Greeley Bossman's Baby Scandal Catherine Mann,2010-01-01 Nothing had stopped Jason Reagert from making his own millions And now that he was securely ensconced at Maddox Communications he was determined to become an even bigger success Then startling news broke and Jason along with everyone else discovered he had gotten heiress Lauren Presley pregnant He couldn t afford even a whiff of scandal so he proposed to his lover of one night Surely she d agree to a lifetime of convenience if only for the baby s sake
