McGruff's Surprise Party, 1989 **The Life of the Party** Jason J. Nelson, 2021-06-10 We all have friends who light up a room with their presence They transfer energy with a handshake or a

hug One smile and the world becomes a happier place They can t help themselves This is who they are naturally radiant and magnetic Wherever they are they become the life of the party Jesus is like this His presence is unmatched When it comes to lighting up a room Jesus is the brightest And as far as being the life of the party he s the best In *The Life of the Party* author Jason J Nelson uses a combination of personal testimony scripture references and Bible stories to illustrate the important role Jesus plays in the lives of all of his people Using the theme of being the life of the party he communicates Jesus presence in every event of our lives and throughout our faith journey The messages conveyed in *The Life of the Party* encourage you to grow in your relationship with Jesus and receive everything he offers *Greedy Business* Leonard Amattey,2015-12-04 The book *GREEDY BUSINESS* is a satire directed at human behaviour particularly in regards to human priorities to choose between acts of humanitarianism and greed The author notes that politics indeed is part and parcel of life but no where is it so vividly portrayed than in education and at the work place to satisfy human obsession with greed Then he admitted I cannot deny my role in that but that cannot justify it As individuals we allow Greed to Triumph Morality without humanitarian consideration for others in our efforts to improve quality of our life and that is inexcusable This book is therefore about that aspect of human thinking that can justify individuals doing things to others that they would not like others to do them I wonder how many of us find the necessity to take a step backward to explore the choices we have made to do the things we have done to others that we would not like to be done to us because if done to us they would likely destroy our quality of life Yet some how some of us can justify some of the things we do to others as the result of the choices we have made without humanitarian consideration for them in the name of improving quality of our lives at the expense of our victims Well I did take a step backward and my observations suggest that humans obsession with Greed confirms why we do the things to others that we would not like to be done to us Our tendency to want more and more at the expense of others without humanitarian consideration for the quality of life of others has blinded our moral responsibility to be fair The purpose of writing this book is therefore to share my observations and thoughts with others in the hope that they too may find the need to take a step backward and explore the choices made in the past to do certain things to others that they would not like others to do to them **The Smart Set** ,1907
