Surreal Lives Ruth Brandon,2000-08 A sharp analysis of the Surrealist movement and the group of writers painters and filmmakers who set out to change the perception of the world Photographs **Surreal Lives** Ruth Brandon,2000

Gertrude Stein's Surrealist Years Ery Shin,2020-06-23 Examineshow surrealism enriches our understanding of Stein s writing through its poetics of oppositions Gertrude Stein s Surrealist Years brings to life Stein s surrealist sensibilities and personal values borne from her WWII anxieties not least of which originated in a dread of anti Semitism Stein s earlier works such as Tender Buttons and Lucy Church Amiably tend to prioritize formal innovations over narrative building and overt political motifs However Ery Shin argues that Stein s later works engage more with storytelling and life writing in startling ways most emphatically and poignantly through the surrealist lens Beginning with The Autobiography of Alice B Toklas and continuing in later works Stein renders legible her war torn era s jarring dystopian energies through narratives filled with hallucinatory visions teleportation extreme coincidences action reversals doppelgangers dream sequences spanning both sleeping and waking states and great whiffs of the occult Such surrealist gestures are predicated on Stein s return to the independent clause and by extension to plot characterization and anecdotes By summoning the marvelous in a historically situated world Stein joins her surrealist contemporaries in their own ambivalent crusade on behalf of historiography Besides illuminating Stein s art and life the surrealist framework developed here brings readers deeper into those philosophical ideas invoked by war Topics of discussion emphasize how varied Jewish experiences were in Hitler s Europe how outliers like Stein can be included in the surrealist project surrealism s theoretical bind in the face of WWII and the age old question of artistic legacy

A Companion to Luis Buñuel Gwynne Edwards,2005 Luis Bu uel 1900 1983 was one of the truly great film makers of the twentieth century Shaped by a repressive Jesuit education and a bourgeois family background he reacted against both escaped to Paris and was soon embraced by Andr Breton s official surrealist group His early films are his most aggressive and shocking the slicing of the eyeball in Un Chien andalou 1929 one of the most memorable episodes in the history of cinema The Forgotten Ones 1950 and He 1952 made in Mexico were followed from 1960 in Spain and France by the films for which he is best known Viridiana 1961 Belle de jour 1966 Tristana 1970 The Discreet Charm of the Bourgeoisie 1972 and That Obscure Object of Desire 1977 Gwynne Edwards analyses the films in the context of Bu uel s personal obsessions sex bourgeois values and religion suggesting that the film maker experienced a degree of sexual inhibition surprising in a surrealist GWYNNE EDWARDS is Professor of Spanish at the University of Wales Aberystwyth **Art and Intention** Paisley Livingston,2005-02-17 Do the artist s intentions have anything to do with the making and appreciation of works of art In Art and Intention Paisley Livingston develops a broad and balanced perspective on perennial disputes between intentionalists and anti intentionalists in philosophical aesthetics and critical theory He surveys and assesses a wide range of rival assumptions about the nature of intentions and the status of intentionalist psychology With detailed reference

to examples from diverse media art forms and traditions he demonstrates that insights into the multiple functions of intentions have important implications for our understanding of artistic creation and authorship the ontology of art conceptions of texts works and versions basic issues pertaining to the nature of fiction and fictional truth and the theory of art interpretation and appreciation Livingston argues that neither the inspirationist nor rationalistic conceptions can capture the blending of deliberate and intentional spontaneous and unintentional processes in the creation of art Texts works and artistic structures and performances cannot be adequately individuated in the absence of a recognition of the relevant makers intentions The distinction between complete and incomplete works receives an action theoretic analysis that makes possible an elucidation of several different senses of fragment in critical discourse Livingston develops an account of authorship contending that the recognition of intentions is in fact crucial to our understanding of diverse forms of collective art making An artist s short term intentions and long term plans and policies interact in complex ways in the emergence of an artistic oeuvre and our uptake of such attitudes makes an important difference to our appreciation of the relations between items belonging to a single life work The intentionalism Livingston advocates is however a partial one and accomodates a number of important anti intentionalist contentions Intentions are fallible and works of art like other artefacts can be put to a bewildering diversity of uses Yet some important aspects of art s meaning and value are linked to the artist s aims and activities

Event-Space Dorita Hannah,2018-07-11 As the symbolists constructivists and surrealists of the historical avant garde began to abandon traditional theatre spaces and embrace the more contingent locations of the theatrical and political event the built environment of a performance became not only part of the event but an event in and of itself Event Space radically re evaluates the avant garde s championing of nonrepresentational spaces drawing on the specific fields of performance studies and architectural studies to establish a theory of performative architecture Event was of immense significance to modernism s revolutionary agenda resisting realism and naturalism and simultaneously the monumentality of architecture itself Event Space analyzes a number of spatiotemporal models central to that revolution both illuminating the history of avant garde performance and inspiring contemporary approaches to performance space

Surrealist sabotage and the war on work Abigail Susik,2021-10-12 In *Surrealist sabotage and the war on work* art historian Abigail Susik uncovers the expansive parameters of the international surrealist movement s ongoing engagement with an aesthetics of sabotage between the 1920s and the 1970s demonstrating how surrealists unceasingly sought to transform the work of art into a form of unmanageable anti work In four case studies devoted to surrealism s transatlantic war on work Susik analyses how artworks and texts by Man Ray Andr Breton Simone Breton Andr Thirion scar Dom nguez Konrad Klapheck and the Chicago surrealists among others were pivotally impacted by the intransigent surrealist concepts of principled work refusal permanent strike and autonomous pleasure Underscoring surrealism s profound relevance for readers engaged in ongoing debates about gendered labour and the wage gap endemic over work and exploitation and the vicissitudes of knowledge work

and the gig economy Surrealist sabotage and the war on work reveals that surrealism s creative work refusal retains immense relevance in our wired world *Sex, Violence, and the Avant-garde* Richard David Sonn,2010 Sex Violence and the Avant Garde examines the French anarchist movement between the wars from a socio cultural perspective considering the relationship between anarchism and the artistic avant garde and surrealism political violence and terrorism sexuality and sexual politics and gender roles **Post-Transitional Justice** Cath Collins,2010-01-01 Analyzes how activists legal strategies and judicial receptivity to human rights claims are constructing new accountability outcomes for human rights violations in Chile and El Salvador Provided by publisher **Imagining Marketing** Stephen Brown,Anthony Patterson,2001-02-01 Imagination is a word that is widely used by marketing practitioners but rarely examined by marketing academics This neglect is largely due to the imagination s artistic connotations which run counter to the scientific mindset that dominates marketing scholarship Of late however an artistic turn has taken place in marketing research and *Finding Nothing* Gregory Betts,2021-07-30 Experimental literature accelerated dramatically in Vancouver in the 1960s as the influence of New American poetics merged with the ideas of Marshall McLuhan Vancouver poets and artists began thinking about their creative works with new clarity and set about testing and redefining the boundaries of literature As new gardes in Vancouver explored the limits of text and language some writers began incorporating collage and concrete poetics into their work while others delved deeper into unsettling revolutionary and Surrealist imagery There was a presumption across the avant garde communities that radical openness could provoke widespread socio political change In other words the intermedia experimentation and the related destruction of the line between art and society pushed art to the frontlines of a broad socio political battle of the collective imagination of Vancouver Finding Nothing traces the rise of the radical avant garde in Vancouver from the initial salvos of the Tish group through Blewointment s spatial experiments to radical Surrealisms and new feminisms Incorporating images original texts and interviews Gregory Betts shows how the VanGardes signalled a remarkable consciousness of the globalized forces at play in the city impacting communities orientations races and nations **In Montparnasse** Sue Roe,2019 A noted art historian and biographer now tells the story of the Surrealists in Montparnasse beginning on the eve of World War I and ending with the 1936 unveiling of Dal s Lobster Telephone ne **Modernism** Christopher Butler,2010-07-29 Is a tower block your unmade bed your lavatory basin or the bicycle chained to the gate next door a work of art Why should a novel have a beginning a middle and an end or even a story Whether we recognise it or not virtually every aspect of our life today has been influenced in part by the aesthetic legacy of Modernism In this Very Short Introduction Christopher Butler examines how and why Modernism began explaining what it is and showing how it has gradually informed all aspects of 20th and 21st century life Butler considers several aspects of modernism including some modernist works movements and notions of the avant garde and the idea of progress in art Butler looks at modernist ideas of the self subjectivity irrationalism people and machines and political definitions of modernism as a whole

Nancy Cunard Lois G. Gordon,2007 Nancy Cunard 1896 1965 led a life that surpasses Hollywood fantasy She abandoned the world of a celebrated socialite and Jazz Age icon to pursue a lifelong battle against social injustice as a wartime journalist humanitarian aid worker and civil rights champion This biography tells the story of this woman **The Facts on File Companion to World Poetry** R. Victoria Arana,2008 The Facts On File Companion to World Poetry 1900 to the Present is a comprehensive introduction to 20th and 21st century world poets and their most famous most distinctive and most influential poems Spellbound by Marcel Ruth Brandon,2022-03-01 In 1913 Marcel Duchamp s Nude Descending a Staircase exploded through the American art world This is the story of how he followed the painting to New York two years later enchanted the Arensberg salon and almost incidentally changed art forever In 1915 a group of French artists fled war torn Europe for New York In the few months between their arrival and America s entry into the war in April 1917 they pushed back the boundaries of the possible in both life and art The vortex of this transformation was the apartment at 33 West 67th Street owned by Walter and Louise Arensberg where artists and poets met nightly to talk eat drink discuss each others work play chess plan balls organise magazines and exhibitions and fall in and out of love At the center of all this activity stood the mysterious figure of Marcel Duchamp always approachable always unreadable His exhibit of a urinal which he called Fountain briefly shocked the New York art world before falling like its perpetrator into obscurity Many people of both sexes were in love with Duchamp Henri Pierre Roch and Beatrice Wood were among them they were also briefly and for her life changingly in love with each other Both kept daily diaries which give an intimate picture of the events of those years Or rather two pictures for the views they offer including of their own love affair are stunningly divergent Spellbound by Marcel follows Duchamp Roch and Beatrice as they traverse the twentieth century Roch became the author of Jules and Jim made into a classic film by Fran ois Truffaut Beatrice became a celebrated ceramicist Duchamp fell into chess playing obscurity until decades later he became famous for a second time as Fountain was elected the twentieth century s most influential artwork François Truffaut and Friends Robert Stam,2006-02-15 One of Fran ois Truffaut s most poignantly memorable films Jules and Jim adapted a novel by the French writer and art collector Henri Pierre Roch The characters and events of the 1960s film were based on a real life romantic triangle begun in the summer of 1920 which involved Roch himself the German Jewish writer Franz Hessel and his wife the journalist Helen Grund Drawing on this film and others by Truffaut Robert Stam provides the first in depth examination of the multifaceted relationship between Truffaut and Roch In the process he provides a unique lens through which to understand how adaptation works from history to novel and ultimately to film and how each form of expression is inflected by the period in which it is created Truffaut s adaptation of

Roch's work Stam suggests demonstrates how reworkings can be much more than simply copies of their originals rather they can become an immensely creative enterprise a form of writing in itself The book also moves beyond Truffaut's film and the ménage trois involving Roch Hessel and Grund to explore the intertwined lives and work of other famous artists and intellectuals including Marcel Duchamp Walter Benjamin and Charlotte Wolff Tracing the tangled webs that linked these individuals lives Stam opens the door to an erotic writerly territory where the complex interplay of various artistic sensibilities all mulling over the same nucleus of feelings and events vividly comes alive Christina Stead and the Matter of America Fiona Morrison,2019-10-01 Although Christina Stead is best known for the mid century masterpiece set in Washington D C and Baltimore *The Man Who Loved Children* it was not her only work about the America Five of Christina Stead's mid career novels deal with the United States capturing and critiquing American life with characteristic sharpness and originality In this examination of Stead's American work Fiona Morrison explores Stead's profound engagement with American politics and culture and their influence on her restlessly experimental style Through the turbulent political and artistic debates of the 1930s the Second World War and the emergence of McCarthyism the matter of America provoked Stead to continue to create new ways of writing about politics gender and modernity This is the first critical study to focus on Stead's time in America and its influence on her writing Morrison argues compellingly that Stead's American novels reveal the work of the greatest political woman writer of the mid twentieth century and that Stead's account of American ideology and national identity remains extraordinarily prescient even today **Apples of Gold in Settings of Silver** Carolin C. Young,2002 An invitation to 12 historic dinner parties is offered by a dining historian who gracefully transverses ten centuries in Western history to answer the question What does it mean to dine of full color photos b w illustrations throughout **Resonant Recoveries** Jillian C. Rogers,2021 In *Resonant Recoveries* author Jillian C Rogers shows what a profound effect World War I had on French musical life as musicians and their audiences turned to music as a consolatory practice to help them mourn their losses and heal their wounds
