asks What is it with these right wing Christians Faced with a choice between sex and death they choose death every time Pollitt is one of the most eloquent and persuasive voices in American political conversation of this or any other era and *Virginity or Death* Is a marvelous demonstration of her keen insight mordant humor and sense of justice Katha Pollitt has long and rightly been hailed for her brilliance wit and great insight into politics social issues and women s rights As with all of her work I am enormously grateful for *Virginity or Death* and also deeply jealous Anne Lamott author of *Traveling Mercies*

happened in baseball in 1980 After being stabbed with a penknife in Mexico during spring training the Indians Super Joe Charboneau captured Cleveland s heart and Rookie of the Year Nolan Ryan became baseball s first Million Dollar Man Reggie Jackson twice found himself looking down the wrong end of a gun and George Brett posted the highest single season batting average since 1941 The Phillies and Expos battled up to the season s final weekend while the Dodgers tilted against the Astros in a one game playoff for the division title In the American League Brett led Kansas City past the mighty Yankees and into the Series where slugger Mike Schmidt and the Phillies awaited This book covers it all **When the Cubs Won It All**

George R. Matthews,2009-09-12 In the fall of 1908 no one could have guessed that the Chicago Cubs a team that had dominated the National league three straight years would for a century be shut out in its efforts to reclaim the world championship Stars like Frank Chance Ed Reulbach and Three Finger Brown were still in their prime and the Cubs had just emerged the winner in the most remarkable pennant race in history In the decades since the achievement of the 1908 Cubs has been overshadowed first by the events of the season which included the Merkle Game and a playoff that pitted two all time great pitchers against each other and more recently by the calendar as the centennial anniversary of the last Cubs championship closed in This book rescues the 1908 team from its status as footnote to baseball history following one of the all time great clubs on a thrilling season long march toward the World Series *Always the Baker, Finally the Bride* Sandra D. Bricker,2013-04-01 In *Always the Baker Never the Bride* readers fell in love with Emma Rae and Jackson and they ve

gotten more acquainted with them in the two books that followed But now it's time for the diamond to meet the road as Jackson fields an offer to sell The Tanglewood a move that will uproot this high flying family act once and for all Get reacquainted with all of the lovable and quirky characters from the first three books as your favorite diabetic baker figures out if she'll achieve her greatest goal of all Will Emma at last become FINALLY the Bride *Bottom of the Ninth* Michael Shapiro, 2024-05-01 This account of the expansion of the major leagues is a fascinating look at an almost forgotten era One of the best baseball books of recent seasons Cleveland Plain Dealer In *Bottom of the Ninth* Michael Shapiro brings to life a watershed moment in baseball history when the sport was under siege in the late 1950s He reveals how the legendary executive Branch Rickey saw the game's salvation in two radical ideas the creation of a third major league the Continental League and the pooling of television revenues for the benefit of all And Shapiro captures the audacity of Casey Stengel the manager of the Yankees who believed that he could remake how baseball was played The story of their ingenious schemes and of the powerful men who tried to thwart them is interwoven with the on field drama of pennant races and clutch performances culminating in the stunning climax of the seventh game of the 1960 World Series as one swing of the bat heralds baseball's eclipse as America's number one sport And *Bottom of the Ninth* is also as Bill Madden put it in the New York Daily News a must for Mets fans who should know their roots An enjoyable ride The Wall Street Journal Mr Shapiro dramatically builds his tale to a walloping conclusion The New York Times An engaging look at a significant though often forgotten chapter in the game's history The Boston Globe

from the women who've done it. Laura Doyle's marriage was in trouble. After five years, her husband had become distant. He seemed checked out of their relationship, preferring watching TV to making love. There were frequent fights that ended with tense silences and even threats of divorce. Marriage counseling actually made their problems worse. Each session seemed to reinforce the feeling that she and her husband were just too far apart. Desperate to avoid divorcing the man she loved, Laura tried something different. Rather than consulting with experts or professionals, she simply started talking to women who'd been happily married for more than fifteen years. What she discovered shocked her. Everything she had heard in marriage counseling was wrong. Laura realized that there are some basic truths to relationships that can help women maintain loving intimate marriages such as: The happiness of your relationship is up to you. Women hold the keys to a happy relationship 95 percent of the time and will learn what to do the other 5 percent. What men want most of all is to be treated with respect. Treat your man with respect even if you aren't feeling it, and he will treat you with love and care. Your man wants to know he has your trust. Give it to him, and he'll realize you are special because you will be. After seeing her own marriage transform, Laura set out to help other women do the same. In this book, you'll learn Laura's Six Intimacy Skills, which have been used by over 50,000 women who have transformed their previously unhappy marriages into blissful unions. Stop reading articles about how important it is to schedule date night and learn how to transform your relationship into one bursting with energy, intimacy, and love.

First Kill: All the Marriage Counselors Will Put You on the Path to Having the Marriage You Want with the Man You Love **Rhizomes** Nathalie Ramière, Rachel Varshney, 2021-02-19 This volume *Rhizomes* is a challenging path into a very multidisciplinary set of papers. Papers range across cultural studies and film to applied linguistics to sociolinguistics and as gathered in this one volume, the result of postgraduate student research of a very high order, they force readers to think critically of disciplines, their assumed boundaries, and most importantly, the usefulness of assuming the enduring value of such boundaries. This is not to say that anything goes, but the diversity of areas under scrutiny means that sharper rethinking of one's own comfort zones is necessarily one key outcome when confronted with a volume like this. This is one advantage of the selected papers besides the obvious one of having at your finger tips a simple way of delving into a challenging diversity. Brian Ridge, Campion College, Sydney. This is a wonderful collection of papers which demonstrates the power and vitality of contemporary literary and cultural research. The scope of the papers, the diversity of the subject matter, and the willingness of their authors to work across disciplinary boundaries work together to create an exemplary collection of research for the twenty-first century: multidisciplinary, multigeneric, and multimodal like 21st-century texts and media. Greg Hainge's opening paper sets the stage for the diverse and engaging papers that follow. With his own examples of rhizomatics drawn from music, Greg immediately has the reader acknowledging the multidisciplinary and multimodality of contemporary texts and so the need for research that can address the richness and complexity of these texts. In Part 1 we have two papers that address the issue of the limitations of conventional research methodology in their own fields: language acquisition, film.

studies and propose alternative and more productive methodologies The exciting thing about this section is that these are fields normally considered very different and without much to say to one another and yet the combination works to create a dialogue that extends across these and many other fields of research Most importantly both challenge the dichotomising of research and analytical methods that has worked to impoverish their fields and the research on which it is based Part 2 presents papers on a range of marginalised social positionings and experiences and in the process demonstrates both the power of research to uncover what has been ignored or elided in contemporary histories how many westerners know of the long history of Chinese women in film Or of an Aboriginal Taiwanese literature as well as the power of new perspectives new ways of thinking the research subject to open up areas of study such as dating manuals and country music both conventionally dismissed as inherently trivial and or sexist In Part 3 the papers all play brilliantly with the notion of connectivity demonstrating for readers the inextricability of texts and meaning systems verbal visual and other with the cultural contexts in which they operate and so the diverse ways they may be deployed These papers banish forever any reliance on a formalist reading or methodology for the analysis of text and meaning And again the range of subject matter is breath taking and argues the need for cross disciplinary transdisciplinary and multidisciplinary research practice Part 4 takes the reader into the realm of transformations challenging the ways in which textual and systemic changes articulate profound cultural changes in the societies that produce them So we learn about grammatical interventions in the Chinese language as feminine and neuter pronouns are added to the gender free Chinese language and consider the major cultural change that both caused this change and is subsequently produced by it We consider the ways in which cinema has evolved as an art form under the influence of its material and verbal technologies And we consider the ways in which Chinese poetry has entered a range of cultural practices in the west and the east and again consider how its traditional meanings and significance are maintained and communicate to these new contexts and the nature of the transcultural experience this generates For the academic student or interested reader this collection offers a breath taking scope of subject matter and a vital and engaged approach to the material that makes this collection a research page turner Professor Anne Cranny Francis Department of Critical and Cultural Studies Macquarie University Sydney
