*Introduction to the English Legal System* Martin Partington, 2021

Introduction to the English Legal System is the ideal foundation for those coming new to the study of law. Writing in a highly engaging and accessible style, Martin Partington introduces the purposes and functions of English law, the law-making process and the machinery of justice while also challenging assumptions and exploring current debates. Consolidating over 40 years' experience in the law, Martin Partington examines beliefs about the English legal system and encourages students to question how far it meets the growing demands placed on it. Incorporating all the latest developments, this concise introduction brings law and the legal system to life.

**Recognizing Justice for Citizens with Cognitive Disabilities** Kacey Brooke Warren, 2015-01-30

Although undeniably subject to the coercive political institutions of a liberal state, citizens with cognitive disabilities have frequently and without justification been denied political equality and political liberty. Rather than opposing this treatment, philosophers have tacitly condoned it, often by silence and other times by explicitly neglecting the concerns for justice that these citizens have.

In *Recognizing Justice for Citizens with Cognitive Disabilities*, Kacey Brooke Warren searches for a theory of justice that can adequately address these concerns. Students and scholars of philosophy, political theory and disability studies will benefit from Warren's discussion of four of the most influential contemporary theories of justice and her analysis of which of the four is most promising for extending political equality and political liberty to citizens with cognitive disabilities.
