Rice, 2023-11-10 This major biography of Mao draws on never before seen documents to reveal surprising details about Mao's rise to power and leadership in China This title is part of UC Press's Voices Revived program which commemorates University of California Press's mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1972 *Chinese Policy Toward Indonesia, 1949-1967* David Mozingo, 2007 China's alliance with Indonesia in the mid sixties appeared to be a spectacular achievement of diplomatic strategy yet it became a major foreign policy disaster for China To explore this turn about Professor Mozingo offers a persuasive analysis of the competing forces that shaped Beijing's policy towards Jakarta and the factors that ultimately led to its downfall He explains how and why Chinese policy in Indonesia shifted dramatically from hostility to peaceful coexistence and back again to hostility Although considerations of global strategy predominantly influenced the design and execution of that policy he writes the decisive factor affecting the outcome of the Sino Indonesian relationship consistently proved to be the domestic political processes in Indonesia over which Beijing had little or no control In the end China was unable to resolve the contradiction between considerations of realpolitik and of its own revolutionary ethos He argues that this same contradiction is responsible for the highly ambivalent attitude that Beijing has displayed in its relations with other non communist Asian countries since 1949 Through this informed analysis of the Sino Indonesian relationship now brought back to life as a member of Equinox Publishing's Classic Indonesia series Professor Mozingo has clarified the larger pattern of China's evolving diplomatic strategy in the Third World before the Cultural Revolution DAVID MOZINGO is Professor of Government and Director International Relations of East Asia Project at Cornell University A graduate of the University of California Los Angeles he received his MA and PhD degrees there He was formerly a staff member of the Rand Corporation and Director China Japan Program at Cornell University **The China Factor** Gerald Segal, 2018-09-18 The purpose of this book first published in 1982 is to analyse certain crucial aspects of the great power triangle in order to establish a more complete picture of the role of China in the superpower balance These essays examine the key political economic and military issues involved in the complex relations between the three great powers **The Philosophy of Chinese Military Culture** W. this work explores the foundations for war in China's strategic culture Shih Li and Tao The work uses Shih theory to explain the anomalies that continue to perplex Euro American observers in modern China's uses of force *Macmillan, Khrushchev and the Berlin Crisis, 1958-1960* Kitty Newman, 2007-01-24 This new study casts fresh light on the roles of Harold Macmillan and Nikita Khrushchev and their efforts to achieve a compromise settlement on the pivotal Berlin Crisis Drawing on previously unseen documents and secret archive material Kitty Newman demonstrates how the British Prime Minister acted to prevent the crisis sliding into a disastrous nuclear conflict She shows how his visit to Moscow in 1959 was a success which convinced Khrushchev of a sincere effort to achieve a lasting settlement Despite the initial reluctance of the French and the Americans and the consistent opposition of the Germans Macmillan's subsequent efforts led to a softening of the Western line on Berlin and to the formulation of a set of proposals that might have achieved a peaceful resolution to the crisis if the Paris Conference of 1960 had not collapsed in acrimony This volume also assesses Khrushchev's role which despite his sometimes intemperate language was to secure a peaceful settlement which would stabilize the East German regime maintain the status quo in Europe and prevent the reunification of a resurgent nuclearized Germany thereby paving the way for disarmament This book will be of great interest to all students of post war diplomacy Soviet foreign policy the Cold War and of international relations and strategic studies in general Khrushchev: The Man and His Era William Taubman, 2004-04-17 Winner of the Pulitzer Prize Winner of the National Book Critics Circle Award The definitive biography of the mercurial Soviet leader who succeeded and denounced Stalin Nikita Khrushchev was one of the most complex and important political figures of the twentieth century Ruler of the Soviet Union during the first decade after Stalin's death Khrushchev left a contradictory stamp on his country and on the world His life and career mirror the Soviet experience revolution civil war famine collectivization industrialization terror world war cold war Stalinism post Stalinism Complicit in terrible Stalinist crimes Khrushchev nevertheless retained his humanity his daring attempt to reform communism prepared the ground for its eventual collapse and his awkward efforts to ease the cold war triggered its most dangerous crises This is the first comprehensive biography of Khrushchev and the first of any Soviet leader to reflect the full range of sources that have become available since the USSR collapsed Combining a page turning historical narrative with penetrating political and psychological analysis this book brims with the life and excitement of a man whose story personified his era **Japan and the Sino-Soviet Alliance, 1950-1964** C. Braddick, 2003-12-09 Japan and the Sino Soviet Alliance 1950 1964 reveals the divisive impact of the Sino Soviet Alliance on Japanese domestic politics and foreign relations during the turbulent years between 1950 and 1964 Drawing on extensive Japanese sources and unprecedented access to previously classified government documents C W Braddick exposes the myths shrouding this formative era in Japan's postwar development The United States and China John King Fairbank, 1983 Focusing on China during the last twenty five years the author illuminates the country's traditions customs political structure and economy *British Propaganda and Wars of Empire*

Xiaoping and China's Foreign Policy Ronald Keith, 2017-11-03 Deng Xiaoping is widely acknowledged as the principal architect of China's economic reforms but how far was he also responsible for shaping China's foreign policy which emphasized peace and development This book explores Deng's foreign policy and shows how he established basic principles for China to have a foreign policy which supported economic development which stressed harmony in the world rather than hegemony and which avoided conflict and nurtured a peaceful approach The book outlines how Deng worked to normalize relations with both the United States and the Soviet Union how he was disappointed by the lack of reciprocation by the United States where relations are still portrayed in terms of the China threat and how the principles established by Deng continue to be adhered to China-Malaysia Relations and Foreign Policy Razak Abdullah, 2015-08-11 When Malaysian Prime Minister Tun Abdul Razak Hussein paid an official visit to China in May 1974 it secured Malaysia a place in the annals of regional diplomatic history as the first ASEAN country to establish full diplomatic relations with the People's Republic of China This book analyses the process of the establishment of diplomatic relations between Malaysia and China and provides a detailed explanation and understanding of the decision making process in Malaysia Shedding light on the roles played by the various principal actors in the process of foreign policy formulation and the influences both internal and external that shaped Malaysia's behaviour the book highlights why Malaysia decided to pursue a policy of normalisation with China culminating in the visit in 1974 and in particular why it became the first ASEAN country to establish diplomatic relations with the Chinese After Malaysia's recognition of Beijing two other ASEAN states followed suit namely Thailand and the Philippines and the book discusses whether there was some degree of policy coordination amongst ASEAN countries in dealing with China or if both these countries gave way for Malaysia to be the first The book also looks at the policy debates within some ASEAN countries regarding relations with China either conducted officially or unofficially bilaterally or otherwise This book will be of interest to scholars of Asian Politics Asian History International Relations and Foreign Policy **Survey of the Sino-Soviet Dispute. Sino-Soviet Dialogue on the Problem of War

S. Yin, 2012-12-06 The author has spent upwards of ten years in working on this book His objective is to clarify the military aspect of the Moscow Peking dialogue which has not yet received its deserved treatment The apogee of that dialogue seems to have been passed toward the end of the rule of Khrushchev Yet the Vietnam war spawns fresh contention Our coverage will span the development from 1956 to the present The beginning of the dispute with regard to the origins of war in general is taken up in the first two chapters The next three chapters discuss the several types of war with the frame of reference set in what now appears to be a quondam era But the principle differences between the disputants are just as outstanding today as they were then The penultimate chapter is somewhat wide in scope in order to deal with the larger and more intensely bitter polemics evolving after Khrushchev left office There have been many new and startling views held by both sides since then views splitting them poles apart Obviously at issue now is the question of Sino Soviet peaceful coexistence Our work obviously cannot wait until that question is answered to be finished The final chapter concludes our study To write of subjects as dynamic as this one is a challenge because they are current affairs Due to the swift change of events no sooner is our typescript put to press than it needs a revision

Where Empires Collided Michael B. Share, 2007 Michael Share explores the historical relationship between Russia and the Chinese Eastern Periphery Hong Kong Taiwan and Macao Share's extensive research of archived materials shows that Russian and Soviet dealings with the Chinese Eastern Periphery were inextricably linked to broader international relationships with Great Britain Japan and the United States
