The Handbook of Historical Economics Alberto Bisin, Giovanni Federico, 2021-04-21 The Handbook of Historical Economics guides students and researchers through a quantitative economic history that uses fully up to date econometric methods The book's coverage of statistics applied to the social sciences makes it invaluable to a broad readership As new sources and applications of data in every economic field are enabling economists to ask and answer new fundamental questions this book presents an up to date reference on the topics at hand Provides an historical outline of the two cliometric revolutions highlighting the similarities and the differences between the two Surveys the issues and principal results of the second cliometric revolution Explores innovations in formulating hypotheses and statistical testing relating them to wider trends in data driven empirical economics

HIV in World Cultures Gustavo Subero, 2016-04-22 This book analyses the way that HIV AIDS is often narrativised and represented in contemporary world cultures as well as the different strategies of remembrance deployed by different sub cultural groups affected by the illness Through a close study of a variety of cultural texts including cinema literature theatre art and photography amongst others it demonstrates the trajectory that such narratives and representations have undergone since the advent of the discovery of the disease in the 1980s Acknowledging the central yet often overlooked role that cultural products have played in the construction of public opinion towards the condition itself and those who suffer it this ground breaking volume focuses on a variety of narratives as well as strategies of coping with HIV AIDS that have emerged across the globe Bringing together research on the UK North and South America Africa and China it provides rich textual analyses of the ways in which the HIV positive body has been portrayed in contemporary culture with attention to the differences between specific national contexts whilst keeping in view a space of commonality amongst the different experiences reflected in such texts As such it will be of interest to social scientists and scholars of cultural and media studies concerned with cultural production and representations of the body and sickness

The Study of Africa Volume 2: Global and Transnational Engagements Tiyaambe Zeleza, 2006-06-15 This is the

second of a two volume work taking stock of the study of Africa in the twenty first century its status research agenda and approaches and place It is divided into two parts the first entitled Globalisation Studies and African Studies and the second African Studies in Regional Contexts Topics addressed in part one include trans boundary formations and the study of Africa global economic liberalisation and development in Africa African diasporas academics and the struggle for a global epistemic presence and the problem of translation in African studies Part two considers African and area studies in France the US the UK Australia Germany and Sweden anti colonialism and Russian soviet African studies African studies in the Caribbean in historical perspective the teaching of African history and the history of Africa in Brazil African studies in India African studies and historiography in China in the twenty first century and African studies and contemporary scholarship in Japan

Exploiting Africa Donovan Chau,2014-04-15 Exploiting Africa examines China s role in Algeria Ghana and Tanzania from the 1950s to the 1970s The Chinese arrived in Africa with little fanfare yet they achieved an active presence that was more pragmatic than revolutionary Though often couched in ideological rhetoric Chinese goals in Africa were those of an aspiring world power China skillfully used its limited diplomatic intelligence and economic means to shape events and to exploit its relationships to gain lasting influence on the continent It is crucial to understand the nature and character of China s historical actions in Africa in order to properly grasp the nation s current and future policies Rather than merely looking forward one must look backward to comprehend the true nature of China in Africa *A Survey of World Cultures Africa Teachers Guide* ,2006

The Study of Africa Volume 2: Global and Transnational Engagements Paul Tiyambe Zeleza,2006 This is the second of a two volume work taking stock of the study of Africa in the twenty first century its status research agenda and approaches and place It is divided into two parts the first entitled Globalisation Studies and African Studies and the second African Studies in Regional Contexts Topics addressed in part one include trans boundary formations and the study of Africa global economic liberalisation and development in Africa African diasporas academics and the struggle for a global epistemic presence and the problem of translation in African studies Part two considers African and area studies in France the US the UK Australia Germany and Sweden anti colonialism and Russian soviet African studies African studies in the Caribbean in historical perspective the teaching of African history and the history of Africa in Brazil African studies in India African studies and historiography in China in the twenty first century and African studies and contemporary scholarship in Japan

New Frontiers in the Study of the Global African Diaspora Rita Kiki Edozie,Glenn A. Chambers,Tama Hamilton-Wray,2018-10-01 This anthology presents a new study of the worldwide African diaspora by bringing together diverse multidisciplinary scholarship to address the connectedness of Black subject identities experiences issues themes and topics applying them dynamically to diverse locations of the Blackworld Latin America the Caribbean Africa and the United States The book underscores three dimensions of African diaspora study First is a global approach to the African diaspora showing how globalism underscores the distinctive role that Africa plays in contributing to world history

Second is the extension of African diaspora study in a geographical scope to more robust inclusions of not only the African continent but also to uncharted paths and discoveries of lesser known diaspora experiences and identities in Latin America and the Caribbean Third is the illustration of universal unwritten cultural representations of humanities in the African diasporas that show the distinctive humanities disciplinary representations of Black diaspora imaginaries and subjectivities The contributing authors inductively apply these themes to focus the reader's attention on contemporary localized issues and historical arenas of the African diaspora They engage their findings to critically analyze the broader norms and dimensions that characterize a given set of interrelated criteria that have come to establish parameters that increasingly standardize African diaspora studies

W. E. B. Du Bois' Africa Taharka Ade, 2023-08-15 W E B Du Bois was one of the leading figures of Pan African thought and activism in the twentieth century As a sociologist Du Bois wrote much about the historical and social circumstances of African Americans while often acknowledging the African historical background of much of African American or Negro culture In 1946 Du Bois published *The World and Africa* which was a culmination of previous attempts at penning a narrative of African history beginning with his 1915 publication *The Negro* in which he included the social historical experience of African Americans within the continuity of African history This book delivers for the first time a comprehensive Afrocentric investigation and critique of Du Bois's writings on African history It argues that while Du Bois presented at the time a strong critique of the Eurocentric construction of African history many of Du Bois's descriptions and arguments about African people and history were likewise flawed with interpretations that projected the cultural subjectivities of Europe Further while Du Bois rightfully presents the historical relationship between African Americans and Africa as a justification for Pan African activism this book contends that Du Bois's failure to center African culture instead of race leads to superficial justifications for Pan African unity

Same Sex, Different Cultures Gilbert H Herdt, 2018-05-15 Because homoerotic relations can be found in so many cultures Gilbert Herdt argues that we should think of these relations as part of the human condition This new cross cultural study of gays lesbians and bisexuals around the world *Same Sex Different Cultures* provides a unique perspective on maturing and living within societies both historical and contemporary that not only acknowledge but also incorporate same gender desires and relations Examining what it means to organize sex in a society that lacks a category for sex or to love someone of the same gender when society does not have a homosexual or gay lesbian role Herdt provides provocative new insights in our understanding of gay and lesbians lives Accurate in both its scientific conceptions and wealth of cultural and historical material examples range from the ancient Greeks and feudal China and Japan to the developing countries of Africa India Mexico Brazil and Thailand from a New Guinea society to contemporary U S culture including Native Americans For all of these peoples homoerotic relations emerge as part of culture and not separate from history or society In many of these groups loving or engaging in sexual relations is found to be the very basis of the local cultural theory of human nature and the mythological basis for the cosmos and the creation of society

The mistake of modern Western culture Gilbert contends is to continue the legalization of prejudice against lesbians and gays In this light the book addresses the issue of universal versus particular practices and reveals positive role models that embrace all aspects of human sexuality Finally it offers knowledge of the existence of persons who have loved and have been intimate sexually and romantically with the same gender in other lands through divergent cultural practices and social roles The most important lesson to learn from this cross cultural and historical study of homosexuality is that there is room for many at the table of humankind **Low Country Gullah Culture, Special Resource Study**, 2003 **The Culture of**

Mental Illness and Psychiatric Practice in Africa Emmanuel Kwaku Akyeampong, Allan G. Hill, Arthur Kleinman, 2015-05-01 In many African countries mental health issues including the burden of serious mental illness and trauma have not been adequately addressed These essays shed light on the treatment of common and chronic mental disorders including mental illness and treatment in the current climate of economic and political instability access to health care access to medicines and the impact of HIV AIDS and other chronic illness on mental health While problems are rampant and carry real and devastating consequences this volume promotes an understanding of the African mental health landscape in service of reform *Excursions in World Music, Seventh Edition* Bruno Nettl, 2016-08-05 *Excursions in World Music* is a comprehensive introductory textbook to world music creating a panoramic experience for students by engaging the many cultures around the globe and highlighting the sheer diversity to be experienced in the world of music At the same time the text illustrates the often profound ways through which a deeper exploration of these many different communities can reveal overlaps shared horizons and common concerns in spite of and because of this very diversity The new seventh edition introduces five brand new chapters including chapters by three new contributors on the Middle East South Asia and Korea as well as a new chapter on Latin America along with a new introduction written by Timothy Rommen General updates have been made to other chapters replacing visuals and updating charts statistics *Excursions in World Music* remains a favorite among ethnomusicologists who want students to explore the in depth knowledge and scholarship that animates regional studies of world music A companion website is available at no additional charge For instructors there is a new test bank and instructor s manual Numerous student resources are posted including streamed audio tracks for most of the listening guides interactive quizzes flashcards and an interactive map with pinpoints of interest and activities An ancillary package of a 3 CD set of audio tracks is available for separate purchase PURCHASING OPTIONS Paperback 9781138101463 Hardback 9781138688568 eBook and mp3 file 9781315619378 Print Paperback Pack Book and CD set 9781138666443 Print Hardback Pack Book and CD set 9781138666436 Audio CD 9781138688032 See VitalSource for various eBook options mp3 audio compilation not available for separate sale **Middle East: Tricontinental Hub: A bibliographic survey** United States.
