women and examines Middle Eastern customs involved in defining such relationships She argues that many of the problems faced by societies at war stem from the way male sexuality is viewed and imposed and from the oppression of women within cultural parameters For twelve years Professor Accad interviewed women throughout the Middle East about their sexuality and relationships with men On the basis of these interviews and a close study of six novels written by both men and women on the subject of the Lebanese war she explores the connection between sexuality and war and contrasts the reactions of male authors with those of their female counterparts Each author views war as having roots in sexuality Evelyne Accad concludes that there is a need for a new rapport between men and women women and women and men and men there is a need for relationships based on trust recognition of the other tenderness equal sharing and love devoid of jealousy and possession Since the personal is the political changes in relationships traditionally based on domination oppression and power games will inevitably rebound in other spheres of life

American Sheikhs Brian VanDeMark,2012-01-31 American Sheikhs is the story of a great institution the American University of Beirut AUB and the families who created and fostered it for almost 150 years Author Brian VanDeMark s vivid narrative includes not only the colorful history of AUB and many memorable episodes in a family saga but also larger and more important themes In the story of the efforts of these two families to build a great school with alternating audacity arrogance generosity paternalism and vision the author clearly sees an allegory for the larger history of the United States in the Middle East Before 1945 AUB s history is largely positive Despite American nationalism and presumptions of Manifest Destiny Middle Easterners generally viewed the school as an engine of constructive change and the United States as a benign force in the region But in the post World War II era with the rise of America as a world power AUB found itself buffeted by the strong winds of nationalist frustration Zionism and anti Zionism and eventually Islamic extremism Middle Easterners became more ambivalent about America s purposes and began to see the university not just as a cradle of learning but also as an agent of undesirable Western interests This story is full of meaning today By revealing how and why the Blisses and Dodges both succeeded and failed in their attempts to influence the Middle East VanDeMark shows how America s outreach to the Middle East can be improved and the vital importance of maintaining good relations between Americans and the Arab world in the new century

alliance with the Ottoman Empire in the sixteenth century and continues through the cities mid twentieth century fates Smyrna burned Alexandria Egyptianized Beirut lacerated by civil war Mansel looks back to discern what these remarkable Levantine cities were like how they differed from other cities why they shone forth as cultural beacons He also embarks on a quest to discover whether as often claimed these cities were truly cosmopolitan possessing the elixir of coexistence between Muslims Christians and Jews for which the world yearns Or below the glittering surface were they volcanoes waiting to erupt as the catastrophes of the twentieth century suggest In the pages of the past Mansel finds important messages for the fractured world of today
