Survival Of Antiquity Smith College Studies In History:

Smith College Studies in History ,1917 **The Survival of Antiquity** ,1980 Consists of six lectures given in the 1978 session of Alumnae College centred on an exhibition Antiquity in the Renaissance in Smith College Museum of Art held in honour of Phyllis Laurence Williams Lehmann **The Oxford Handbook of Hellenic Studies** George Boys-Stones,Barbara Graziosi,Phiroze Vasunia,2009-08-20 A collection of some seventy original articles which explore the ways in which ancient Greece has been is and might be studied The emphasis is on the breadth and potential of Hellenic Studies as a flourishing and exciting intellectual arena and also upon its relevance to the way we think about ourselves today *The Noblest Animate Motion* Jeffrey Wollock,1997-11-11 The body of theory on speech production and speech disorder developed prior to Descartes has been so neglected by historians that its very existence is practically unknown today Yet it provides a framework for understanding the speech process which is not only comprehensive and coherent but of great relevance to current debates on issues of language performance and applied linguistics Current theoretical difficulties stem largely from initial errors of Descartes whereas earlier theoretical formulations while outlining a bio mechanics of speech retain the central role of the human agent The discussions explicated in this book come mainly from the natural philosophic and medical literature of Greco Roman Antiquity the Middle Ages and the Renaissance and early 17th century This uncharted territory is mapped by tracing its textual history and diffusion as well as explaining the theory on its own terms but in clear and comprehensible language Interdisciplinary in perspective the book encompasses topics of interest not only to the language sciences but also to the biosciences medicine philosophy of human movement psychology and behavioral sciences neurosciences speech pathology experimental phonetics speech and rhetoric and the history of science in general

Ancient Herbs in the J. Paul Getty Museum Gardens Jeanne D'Andrea,1982-01-01 The Getty Museum building recreates an ancient Roman villa on the shores of the Pacific Ocean where guests can feel that they are visiting the Villa dei Papiri before it was buried by the eruption of Mount Vesuvius in AD 79 The climate of southern California has made it possible to plant the gardens with dozens of herbs flowers and fruit trees known to the Greeks and Romans In classical times they were practical as well as beautiful providing color perfume home medicines and flavorings for food and drink Martha Breen Bredemeyer a San Francisco Bay area artist was inspired to paint two dozen of the garden s herbs Her watercolor gouaches combine vibrant color with the fragile delicacy of these short lived plants while her pen and ink drawings share their wiry grace Jeanne D Andrea discusses twenty one of the herbs in detail after presenting their place in myth medicine and home in the introduction **Well Worth a Shindy** Sarah Brandes Madry,2004-03 Well Worth a Shindy tells the story of the Old Well beloved symbol of the University of North Carolina at Chapel Hill the United States first public university The Old Well is a Greco Roman garden temple built in 1897 over an old water well on the campus The facts concerning the Old Well s beginnings serve to introduce an historical study of the round temple from Mycenaean tholos tombs and treasuries to

eighteenth century English garden follies The reasons that the Old Well was built according to its commissioner Edwin Alderman the sixth president of the University of North Carolina are repetitious of those that directed such as Alexander the Great Augustus Caesar and Ferdinand and Isabella of Spain to build round temples to be symbols of their territorial and dynastic desires The mythological philosophical and artistic conventions that Alderman and the designer of the Old Well Eugene Lewis Harris used to construct the temple were not new but were ancient guides filtered through Medieval and Renaissance prisms A catalog of over 100 round structures in 14 countries is provided *Cicero and Modern Law* Richard O. Brooks, 2017-07-05 *Cicero and Modern Law* contains the best modern writings on Cicero's major law related works such as the Republic On Law On Oratory along with a comprehensive bibliography of writings on Cicero's legal works These works are organized to reveal the influence of Cicero's writings upon the history of legal thought including St Thomas the Renaissance Montesquieu and the U S Founding Fathers Finally the articles include discussions of Cicero's influence upon central themes in modern legal thought including legal skepticism republicanism mixed government private property natural law conservatism and rhetoric The editor offers an extensive introduction placing these articles in the context of an overall view of Cicero's contribution to modern legal thinking *The Genius of the Place* John Dixon Hunt, Peter Willis, 1988-09-09 A garden classic *The Genius of the Place* reveals that the history of landscape gardening is much more than a history of design and style it opens up a wide perspective of English cultural history showing how landscape gardening was gradually transformed over two centuries into an art that has been widely imitated throughout Europe and North America The English landscape garden is richly documented in this anthology Over 100 illustrations accompany writings that range from Francis Bacon to Jane Austin from the early 1600s when Englishmen began to determine their own concept and form of the garden through the first half of the eighteenth century when its distinctive feature emerged to the heyday of the landscape garden under Capability Brown and the reactions to his pure formalism under Repton and Loudon in the 1800s This edition contains a new introduction and bibliography covering the many developments in garden history during the last dozen years **The Survival of Antiquity**, 1980 **Garden and Grove** John Dixon Hunt, 1996 This is a major work and I think Hunt's best Once picked up the book cannot be put down for it is an exciting exegesis of the continuing Italian influence upon English garden art *Country Life* *Studies in History* Smith College, 1919 *Smith College Classical Studies*, 1927

Architecture, Men, Women and Money in America, 1600-1860 Roger G. Kennedy, 1985 A study of American domestic architecture before the Civil War as seen from the point of view of the wealthy patrons who commissioned the great houses presents an original economic and cultural history of the United States **Styles of Scientific Thinking in the European Tradition** Alistair Cameron Crombie, 1994 **Hellenistic and Roman Sparta** Paul Cartledge, 2004-03-01 In this new edition Paul Cartledge and Antony Spawforth have taken account of recent finds and scholarship to revise and update their authoritative overview of later Spartan history and of the social political economic and cultural changes in the Spartan

community This original and compelling account is especially significant in challenging the conventional misperception of Spartan decline after the loss of her status as a great power on the battlefield in 371 BC The book's focus on a frequently overlooked period makes it important not only for those interested specifically in Sparta but also for all those concerned with Hellenistic Greece and with the life of Greece and other Greek speaking provinces under non Roman rule **The Cumulative Book Index**, 1981 A world list of books in the English language Ferne und Nähe der Antike Walter Jens, Bernd Seidensticker, 2015-07-24 Das Klassische kann als ein konstitutiver Teil der Moderne gelten So ist die Auseinandersetzung mit dem antiken Denken immer auch eine Auseinandersetzung mit der eigenen Kultur In verständlich und anschaulich geschriebenen Texten stellen die Autoren dieses Bandes die Frage nach der Aktualität antiker Ideen und Konzepte in den Wissenschaften und den kreativen Künsten in der Politik und in der Alltagskultur Die Beiträge sind das Resultat der Veranstaltung Antike und Gegenwart eines Gemeinschaftsprojekts der Berlin Brandenburgischen Akademie der Wissenschaften und der Akademie der Künste Berlin Das Symposium hat gezeigt daß Interdisziplinarität nicht nur den aktiven Austausch akademischer Disziplinen untereinander sondern darüber hinaus auch das produktive Zusammenspiel der Wissenschaften und der Künste bedeuten kann Zu den Autoren gehören über ihre Fachgrenzen hinaus bekannte Historiker Politologen und Juristen Naturwissenschaftler und Wissenschaftshistoriker Klassische Philologen und Philosophen Kunsthistoriker Musikwissenschaftler und Schriftsteller W Burkert H Danuser M Diers V Gerhardt A Gierer D Grunhein H Hofmann W Jens E Knobloch Chr Meier J Mittelstraß H Münkler W Nippel B Seidensticker und Ph Ursprung From Slavery to the Sorbonne and Beyond Leona Christine Gabel, 1975 *Sparta and Lakonia & Hellenistic and Roman Sparta* A G Leventis Professor of Greek Culture Emeritus Paul Cartledge, Paul Cartledge, Antony Spawforth, Senior Lecturer in Ancient History and Greek Archaeology Antony Spawforth, 2002-04-12 This set includes the revised edition of Sparta and Lakonia by Paul Cartledge and the second edition of Hellenistic and Roman Sparta by Paul Cartledge and Antony Spawforth at the special price of 32.00 **Translation and Survival** Tessa Rajak, 2009-04-09 The translation of the Hebrew Bible into Greek was the first major translation in Western culture Its significance was far reaching Without a Greek Bible European history would have been entirely different no Western Jewish diaspora and no Christianity Translation and Survival is a literary and social study of the ancient creators and receivers of the translations and about their impact The Greek Bible served Jews who spoke Greek and made the survival of the first Jewish diaspora possible indeed the translators invented the term diaspora It was a tool for the preservation of group identity and for the expression of resistance It invented a new kind of language and many new terms The Greek Bible translations ended up as the Christian Septuagint taken over along with the entire heritage of Hellenistic Judaism during the process of the Church's long drawn out parting from the Synagogue Here a brilliant creation is restored to its original context and to its first owners
