States of Exception in the Contemporary Novel Arne De Boever, 2012-03-08 In the aftermath of the September 11 terror attacks, the political situation in both the United States and abroad has often been described as a state of exception, an emergency situation in which the normal rule of law is suspended. In such a situation, the need for good decisions is felt ever more strongly. This book investigates the aesthetics, ethics, and politics of various decisions represented in novels published around 9/11: Martel's *Life of Pi*, Eugenides' *Middlesex*, Coetzee's *Disgrace*, and Sebald's *Austerlitz*. De Boever's readings of the novels revolve around what he calls the aesthetic decision: Which aesthetics do the characters and narrators in the novels adopt in a situation of crisis? How do these aesthetic decisions relate to the ethical and political decisions represented in the novels? What can they reveal about real-life ethical and political decisions? This book uncovers the politics of allegory, autobiography, focalization, and montage in today's planetary state of exception. *The Prepper's Complete Book of Disaster Readiness* Jim Cobb, 2013-09-17 Make sure your survival plan is complete from A to Z with this comprehensive disaster prep guide.
