Survival And Sufficiency How To Facilitate Biblical Discussions On Life Issues:

Survival and Sufficiency Florence Poh Lian Tan, 1996 **From an Ethic of Sufficiency to its Policy and Practice in Late Capitalism** Manu V. Mathai, Sylvia Lorek, Wolfgang Sachs, 2023-12-13 That the notion of sufficiency is essential for a good life is an idea that enjoys support across many ethical philosophical religious and cultural persuasions This notion reasserted itself in the study of sustainability once modern society reluctantly took cognizance of the limited low entropy energy and matter available for human appropriation There is today therefore a general recognition of i e not necessarily wide agreement on the merits of or needs for notions of sufficiency as a species of environmentalism within secular communities In this context a critical question that invites our attention is how to effect sufficiency and in particular of dealing with the daunting challenge of injustice as well as questions of distribution within and between countries that it brings to attention Given sufficiency's original home as it were in tradition the modern world has tended to dismiss it or to plead to individual voluntary simplicity when faced with evidence asserting its necessity Sufficiency is also often written away as a spiritual problem The domain of ascetics and the religious How to habilitate sufficiency in a political economy for the secular modern facing its biggest existential challenge yet in the form of the environmental crisis Will Humanity Survive Religion? W. Royce Clark, 2020-06-22 When the human sciences in the West followed the physical sciences in the 18th and 19th centuries with new measurements methods and language the metaphysics of infinity lost its credibility The response of Western religions was to retrench in a stronger authoritarianism especially by the last half of the 19th century While the new human sciences were being extended even to study the history and philosophy of religions those religions themselves placed more emphasis on their understanding of the Absolute or Unquestionable That split became a burden both to those who were religious and to those who were not Here W Royce Clark argues that humanity's survival may depend on the development of a universal or inclusive ethic in which religions move beyond their Absolutes Clark poses the sharp challenge Are religious communities ready to abandon the foundations that until now they have insisted were the only adequate foundation for ethics **Exile and Suffering** Bob Becking, Dirk J. Human, 2009 At the fiftieth anniversary of the Old Testament Society of South Africa a conference was organized on the theme Exile and Suffering This volume contains a selection of the papers presented Focal questions are such themes as What do we really know about the Exile To what degree did suffering take place How did the Ancient Israelites cope with the disaster Where the ancient traditions sufficient to deal with the Exile Or did this period produce new forms of theology The significance of the Exile as a matrix for understanding suffering until this day is also dealt with **Apocalypse Survival** T. Gordon Larsen, 2016-01-28 This is a manual for Evangelical Christians who anticipate the second coming of Jesus Christ and understand that they may be called upon to endure some of the hardships of the End Times It takes the genre of survival literature up a notch by addressing the moral ethical and doctrinal questions that Christians should consider in planning for existential challenges in an uncertain future

The author doesn't reinvent the wheel on common survival issues but covers items of interest to Believers who want to develop a survival strategy that deals with the world as they find it yet is consistent with their faith. Among these are: Does charity really begin at home? Is it righteous to use lethal force in defense of yourself and others? Does subscribing to the Pre-Tribulation Rapture mean that Believers need not be concerned about coping with the End Times? *Light*, 1904. The Physical Nature of Christian Life Warren S. Brown, Brad D. Strawn, 2012-06-18. This book explores the implications of recent insights in modern neuroscience that attribute mental capacities often ascribed to a disembodied soul instead to the functions of the brain and body in collaboration with social experience. It explores how this insight changes the traditional care of souls, encouraging more attention to fostering spiritual growth through a social and communal focus. **Debunking Lawrence Krauss: A Christian Response** Samuel James, Samuel Inbaraja using ChatGPT, Title Debunking Lawrence Krauss A Christian Response. Are you fascinated by the cosmic mysteries that surround our existence? Have you ever pondered the clash between faith and science, particularly in the age of outspoken physicist Lawrence Krauss? If so, *Debunking Lawrence Krauss: A Christian Response* is the book you've been waiting for, offering the answers you've always wanted to know but perhaps never dared to ask. Are you curious about the foundations of atheistic cosmology as presented by Lawrence Krauss in his groundbreaking work *A Universe from Nothing*? Dr. Samuel James takes you on a compelling journey through the flaws in Krauss's arguments, providing a meticulous analysis that challenges assumptions and invites critical thinking. Have you ever wondered whether the Big Bang is a divine spark or a cosmic coincidence? *Debunking Lawrence Krauss* explores the heart of this cosmic clash, dissecting the implications of the Big Bang theory and its alignment with religious beliefs or scientific inquiry. Are you intrigued by the concept of fine-tuning in the universe? Dr. James delves into the symphony of design versus a random melody, unraveling the complexities that surround the precision and balance observed in the cosmos. Are you searching for answers regarding the Anthropic Principle and whether humanity is a product of purposeful design or a mere lucky accident? This book navigates through these profound questions, offering insights that challenge preconceived notions. Are you wrestling with the age-old problem of evil and its compatibility with faith and science? *Debunking Lawrence Krauss* confronts this dilemma head-on, exploring whether a harmonious coexistence between faith and science can provide solace in the face of human suffering. Are you intrigued by the moral implications of atheism and its ability to ground morality on stable foundations? Dr. James carefully examines the moral landscape, questioning whether atheism stands on solid ground or if its foundations are built on precarious sand. In *Debunking Lawrence Krauss*, Dr. Samuel James not only addresses these questions but also invites you into a harmonious dialogue between faith and science. This book is more than a debunking; it's an exploration of the profound intersections of belief and scientific inquiry. Available on Apple Books, it's your opportunity to unravel the mysteries of the universe and discover a deeper understanding of your place within it. *The Orthodox Christian World* Augustine Casiday, 2012-08-21. Over the last century, unprecedented numbers of Christians from traditionally Orthodox

societies migrated around the world Once seen as an oriental or eastern phenomenon Orthodox Christianity is now much more widely dispersed and in many parts of the modern world one need not go far to find an Orthodox community at worship This collection offers a compelling overview of the Orthodox world covering the main regional traditions of Orthodox Christianity and the ways in which they have become global The contributors are drawn from the Orthodox community worldwide and explore a rich selection of key figures and themes The book provides an innovative and illuminating approach to the subject ideal for students and scholars alike

Theological Hermeneutics and the Book of Numbers as Christian Scripture Richard S. Briggs, 2018-06-25 How should Christian readers of scripture hold appropriate and constructive tensions between exegetical critical hermeneutical and theological concerns This book seeks to develop the current lively discussion of theological hermeneutics by taking an extended test case the book of Numbers and seeing what it means in practice to hold all these concerns together In the process the book attempts to reconceive the genre of commentary by combining focused attention to the details of the text with particular engagement with theological and hermeneutical concerns arising in and through the interpretive work The book focuses on the main narrative elements of Numbers 11 25 although other passages are included Numbers 5 6 33 With its mix of genres and its challenging theological perspectives Numbers offers a range of difficult cases for traditional Christian hermeneutics Briggs argues that the Christian practice of reading scripture requires engagement with broad theological concerns and brings into his discussion Frei Auerbach Barth Ricoeur Volf and many other biblical scholars The book highlights several key formational theological questions to which Numbers provides illuminating answers What is the significance and nature of trust in God How does holiness mediated in Numbers through the priesthood challenge and redefine our sense of what is right or fair To what extent is it helpful to conceptualize life with God as a journey through a wilderness of whatever sort Finally short of whatever promised land we may be what is the context and role of blessing

Worldview Theory, Whiteness, and the Future of Evangelical Faith Jacob Alan Cook, 2021-09-28 The twenty first century has seen energy passing between religious and political worldviews kicking up dust around the identity and conviction based fault lines in American society While many evangelical Christians have developed and deployed a worldview theory to describe and locate themselves within the world s ideological strife Jacob Cook argues this approach has in effect compelled those listening to adopt the world s divisive modes of dealing with difference rather than living out a compelling alternative As a popular framework for theology in recent history world viewing has driven its white evangelical adherents to narrate human lives in this world including their own in ways that warp Christian identity as a personal social and theological reality Through close studies of key white evangelical leaders who utilized the worldview concept for political engagement and cultural transformation over the last century Cook reveals why worldview theory is inept for grasping real human

complexity and moreover how it forms a barrier to genuine life together as creatures in a world only the living God can really view In between these studies he draws from current conversations in psychology sociology critical race studies and other fields to deliver a vigorous critique of the worldview concept and its use as well as its underlying impulse and to unmask what world viewing shares with the history and spirit of whiteness This book is for those wrestling with the relationship between Christianity and whiteness in America how the dynamics of whiteness have become transparent and thus contentions and where to go from here if one is to follow Jesus *The Unitarian Register* ,1928 *Christian Register and Boston Observer* ,1929 *Key Topics of Study* Jessica Kuper,2022-01-26 First published in 1987 *Key Topics of Study* gives an updated overview of the various disciplines and areas of study which go to make up the social sciences today The essays deal expertly with the various branches of the social sciences from anthropology to Women s Studies and include a useful bibliography for each topic All the topics have been described succinctly and are comprehensible even to a casual reader The book highlights the interdisciplinary nature of the social sciences and outlines the foundational arguments of various disciplines This reference book can be read by everyone but will be particularly handy for students of the social sciences

Christian Theism Charles Adolphus Row,1890 **Making Wise the Simple** Johanna W. H. van Wijk-Bos,2005-09-14

Too long restricted to children s storybooks and cinematic extravaganzas the Torah comprising the first five books of the Bible is an underappreciated mother lode of divine instruction vitally important for Christians and the church Convinced that both those who take the Torah too literally and those who neglect it are guilty of a naive simplicity Johanna van Wijk Bos presents guidelines to help ordinary Christians recover this treasure in their faith and practice Having lived in the Netherlands during the Nazi occupation van Wijk Bos recognizes that after the attempted annihilation of the Jews from Christian Europe it cannot be business as usual for Christianity In light of the Holocaust Christians must commit themselves to the restoration of just relations between Christians and Jews This commitment to address all that fractures human relations undergirds van Wijk Bos s call for Christians to reengage the Torah *Making Wise the Simple* points out how God s care for and engagement with the whole world in the Torah set the tone for the entire biblical story The book pays special attention to how our treatment of strangers lies at the heart of the Torah s teaching Without attempting a purely Jewish reading of the Torah van Wijk Bos reclaims the Torah as a vibrant word for the Christian community in covenant with God Written in a personal style conversant with current scholarship but sprinkled with anecdotes this book is for everyone who has a hunger and enthusiasm for what the biblical text may convey the courage to ask disturbing questions of the text and an openness to old words that may bring forth new things perhaps even making one wise *On Moral Medicine* M. Therese Lysaught,Joseph Kotva,Stephen E. Lammers,2012-07-20 In print for more than two decades *On Moral Medicine* remains the definitive anthology for Christian theological reflection on medical ethics This third edition updates and expands the earlier awardwinning volumes providing classrooms and individuals alike with one of the finest available resources for ethics

engaged modern medicine *Congressional Record* United States. Congress,1992 The Congressional Record is the official record of the proceedings and debates of the United States Congress It is published daily when Congress is in session The Congressional Record began publication in 1873 Debates for sessions prior to 1873 are recorded in The Debates and Proceedings in the Congress of the United States 1789 1824 the Register of Debates in Congress 1824 1837 and the Congressional Globe 1833 1873 **Plundering Eden** G. P. Wagenfuhr,2020-05-22 Christian ecotheology runs the risk of making God himself a resource for human exploitation as a means to species survival The world of climate change soil depletion and mass species extinction reveals a frightening conclusion humans act as cosmic parasites The problem is not with the world talk of climate change blames the symptoms displayed by the victim but with human epistemology Humans are systematically incapable of rightly perceiving reality and so must socially construct reality The end of this epistemological problem is necessary ecological devastation by the development of civilization In Plundering Eden Wagenfuhr traces ecological problems to their root cause in the broken imagination and argues that reconciliation with God the Creator through Jesus Christ is the only means to ecological healing through a renewed kenotic imagination expressed in the creation of an alternate environment that reveals the kingdom of God the ekklesia
